

# Reports Indicate Dardanelles Attack Is Abandoned

## German Aviator Drops Bombs on Two Swiss Towns

### THREE WOUNDED IN TEUTON RAID ON SWITZERLAND

#### OFFICIAL CIRCLES EXCITED OVER ATTACKS

Heavy Damage Results—Seventy-One Reported Dead When Austrian Submarine French ship in Mediterranean—Italian Cabinet Splits Over Balkan Matters—Greece Likely to Join War on Side of Allies.

Called Press Service  
NEUCHÂTEL, Switzerland, Oct. 18.—Crossing the frontier after a fight over France, a German aviator dropped three bombs on Lachaux De-fonds and two at Renan, both of which are Swiss towns. Three were wounded and heavy damage resulted. What the result of the aerial raid will be is the center of discussion in official circles.

United Press Service  
LONDON, Oct. 18.—Seventy-one are reported to have perished when the Austrians submarine the French steamship Admiral Hamelin, in the Mediterranean, without warning. Later, a Marseilles message said that thirty-three of the crew had landed there, as no casualties were mentioned, it is uncertain whether thirty-three included all aboard.

United Press Service  
LONDON, Oct. 18.—It is understood that the Italian cabinet has split regarding the question of joining Balkan activities, notwithstanding earlier reports that they would join. The chances that Greece will join the allies is deemed better. Roumania is silent as to her course.

### KLAMATH PEOPLE FLOCK TO FAIR

MANY LEAVE THIS MORNING AND TWENTY-FIVE LEFT SATURDAY—TWENTY MORE GO MONDAY—KLAMATH DAY GORS

Over forty Klamath county people left this morning for the San Francisco exposition. Twenty left Saturday, and a party of between twenty-five and fifty leave next Wednesday. Every one of these Klamath people intend to stay at the fair until October 29th, the date on which Klamath Day probably will be observed. This means that around 150 Klamath enthusiasts are going to be on hand to take charge and insure the success of Klamath Day.

Phil Sinnott, Klamath's representative, and business men here have their heads together thinking of novel features for the day. A definite program has not been arranged as yet, but officials have given out that it is going to be unusual. Any party of fifteen can obtain a fare and a third rate to the exposition any time, according to Southern Pacific officials.

### LAST WEEK IN OCTOBER TO BE DRESS-UP WEEK

#### MERCHANTS TO DISPLAY GOODS IN ATTRACTIVE MANNER

Time to Dress Up and Be Cheerful in Prospect of the Good Times Coming for Everybody—Prosperity is Only a Matter of Confidence—Individuals, Stores, Homes and City to Dress Up.

With the stores decorated and their windows displaying fashions from logging boots to the latest creations of the great milliners and tailors of the world, Dress-Up Week will be introduced in Klamath Falls Monday, October 25.

This event is being observed this year in all the principal cities of the United States, and the idea and lesson are so good that the business men of Klamath Falls have decided to join the other progressive and live cities.

While one of the great objects of the week is to see that everybody in Klamath Falls gets into new and seasonable garments, it is contended that the influence of the move will be much greater.

The Business Men's Association will attempt to prepare Old Man Pessimism for a crepe decoration, and to instill cheer into hearts that are now smothered in gloom. It will be an effort to replace grouchy looks with smiles and to make happiness reign.

It is a time to dress up and get cheerful.

It is time to dress up our city, our stores and ourselves.

A clean, good looking town makes a hit with the visitor, and when he also sees the people looking natty and up to date it is driven home in the mind of the stranger that this is a good town to stay in.

### CATHOLIC JINKS DRAWS HUNDREDS

BAZAAR HELD BY WOMEN OF SACRED HEART CHURCH IS WIDELY ATTENDED—DANCING AND FEATURES ENTERTAIN

Both Friday and Saturday nights the opera house was the scene of high jinks held by the women of Sacred Heart church. The celebration was held to raise money for the church.

Friday night dinner was served, followed by a dance. It proved such a success that a dance was staged for Saturday night. It proved an equal drawing attraction, and hundreds of couples participated.

To the last strains of "Home Sweet Home," everyone present was happy. During the last dance thousands of streamers were thrown until the dancers were enshrouded with colored bands. Fish ponds, where the guests could angle out all sorts of surprises for so much a throw, auctions of pillows, candy, etc., and attractive booths were all factors in the success of the bazaar.

### How the Powder Keg Is Set in Balkans

This is the stage setting for the great war drama of the Balkans. One powder keg has been set off—and Bulgaria and Serbia have declared war. There are other tremendous movements impending—the great Russian have yet to send their armies.

### NEW LEGAL FIRM IS FORMED HERE

ATTORNEY FROM ILLINOIS ENTERS FIRM OF STONE & GALE. JUDGE GALE TO GO TO LOS ANGELES SOON

Stone, Gale & Cross is the name of the new firm of attorneys which has just been formed. Edward A. Cross, the new member of the firm, has been practicing at Hillsboro, Ills. He arrived here last week with his family.

Judge Herbert D. Gale will leave soon with his family for Los Angeles, where he will take an active part in the law firm of Stone, Gale & Cobb, which was formed several months ago. C. F. Stone will remain in Klamath Falls.

### MEDFORD WINS THRILLING GAME

DEFEATS KLAMATH BOYS 18 TO 6—ONLY SMALL CROWD PRESENT—GAME OF UNUSUAL INTEREST AND CALIBRE

The Medford High School and the Klamath High School football teams played a game Saturday that for thrills was the equal of big inter-collegiate games, and the two regrets of the small crowd that attended were, first, that the pluck of the Klamath boys didn't win them the victory, and second, that a larger crowd wasn't present to see an unusual inter-scholastic game.

When the time keeper called time, the score stood at 18 to 6 in favor of Medford. Others present say the visitors made four touchdowns, instead of three, but the official score keepers only tabulate three, and at 18 to 6 the score stands.

But the Klamath boys played a

plucky, relentless game. Up against a heavier, team, a more practiced team, not for a minute did the local boys "sluff off," as is so common in football when the opponents had the big end of the score. Until the last minute they struggled to score.

Motschenbacher was knocked out early in the game, and Klamath lost a good ground gainer by that misfortune. Widdoes and Melhase played a star game for Klamath—Melhase by his brilliant tackling and Widdoes by his consistent gains. A fifty yard run by Melhase, after intercepting a forward pass, brought the ball so near the goal that Piel was able to carry it over in a line buck, scoring the one touchdown that Klamath Falls made.

Staley was easily the Medford star.

New Bungalow at the Fort.  
Mr. Wenneck of the Wenneck Mercantile company of Fort Klamath is having constructed a modern bungalow. John Knott is the contractor engaged.

### WINNING APPLES SHOWN AT FAIR

MRS. BRANDENBURG'S PRIZE DISPLAY TO BE EXHIBITED AT KLAMATH BOOTH—OTHER PRODUCTS SENT TO PORTLAND

Mrs. Brandenburg's apples that took sweepstakes at the apple contest have been sent to San Francisco for exhibition in the Klamath booth. The exhibit consists of ten varieties of apples, all of which are of unusual size, quality and color. These are expected to show fair guests that Klamath can produce not only staple products, but fruits as well.

Other apples from the contest have been sent to the Portland Manufacturers and Land Products Show that convenes at Portland, October 25th. With them were sent grains, alfalfa and other products.

Klamath county took first at this fair last year with a general display, and officials of the Commercial Club hope to repeat the triumph this year.

### MUSICAL TREAT AT STAR THEATER

MRS. SATTERLEE AND MRS. SUMWALT TO APPEAR AT THE STAR THEATER NEXT THURSDAY EVENING.

Through numerous requests from patrons who were turned away from the opera house on account of taxed capacity during the exhibition of the Klamath moving pictures, Manager Houston has secured Mrs. Satterlee and Mrs. Don J. Sumwalt to appear at the Star theater, Thursday evening, October 21st.

Mrs. Satterlee is a violin soloist of extreme merit, a graduate of the Royal Conservatory of Music of Brussels, Belgium. She will be assisted by Mrs. Sumwalt, who needs no introduction to the music loving public of Klamath Falls.

### HURLS TO DEATH AS MOTORCYCLE AND CAR COLLIDE

#### STEWART FREEMAN DIES FROM FRACTURED SKULL

Was Thrown Against Pavement With Frightful Force—Did Not Regain Consciousness and Life Ebbed Away at 5:23 This Morning—Tragedy Occurs at Corner of Sixth and Klamath When Cycle and Car Meet

Stewart Freeman died at the hospital this morning as the result of injuries received when a motorcycle, on which he was riding, struck an automobile driven by Mrs. D. K. McDonald, at the corner of Sixth and Klamath at 5:30 Sunday afternoon. The unfortunate man sustained a fractured skull at the base of the brain, which resulted in his death at 5:23 this morning.

Stewart Freeman, an employe at the Ewauna Box factory, was riding tandem with M. Hervey on Hervey's motorcycle. They were coming down sixth, toward Main street. Mrs. McDonald, in a Ford, was driving up Klamath avenue. Neither were going particularly fast, and both were on the right side of the road. They struck at the turn, and although Mrs. McDonald threw on the emergency brake, the car skidded and hurled the motorcycle against telephone pole at the corner. Hervey was thrown from the machine across the sidewalk, sustaining many bruises and a wrenched leg. Freeman hung on to his seat and was thrown against the post. His head struck the pavement with frightful force, crushing the skull. One ear was torn almost from his head.

Many people witnessed the accident. The car was lifted, and the unconscious man drawn from under it. Neighbors summoned Dr. Hamilton and Wheeler, and both men were rushed to the hospital. Hervey soon regained consciousness, but Freeman's life ebbed steadily until this morning at 5:23, when he breathed his last breath without regaining consciousness. Horace Shidler, of the Motorcycle Club, which makes it a point to aid injured motorcyclists, and a nurse were present at his death.

Freeman was about 36 years of age and came originally from the Christman Lake region in Lake county. His family has been informed of his tragic death. Whether his body will be shipped to his own home has not been decided yet.

Mrs. McDonald is in a state of almost nervous collapse from the tragedy. Hervey will be under the doctors' care for several weeks.

In spite of the force with which they struck, the motorcycle was hardly damaged. One wheel was broken from the automobile when it struck against the pavement.

Bring Home the Bacon.

John Ansel, John Stewart and George Daly left early yesterday for the Topay grade country after some venison. Ansel was the lucky man, bagging a buck about noon. Johnny says the buck only weighed 150 pounds at the point where he killed it, but before they got it into camp it weighed that many tons.

### ALLIES LANDING AT ENOS BASIS FOR CONJECTURE

#### DISPATCHES SAY ALLIES CAPTURE DEDECHATCH ROAD

Germans Claim British Attacks on West Front—French Reported Also—Allies Unable to Recapture Single Foot at Schanzen—Austrians Drop Bombs on Belfort—Bulgars Penetrate Macedonia

United Press Service  
ROME, Oct. 18.—The allies landed at Enos, according to the Monogoro, and seized the neighboring Dede-chatch railroad.

That the allies have landed at Enos may mean that they have abandoned their attack on the Dardanelles. Enos is a town in European Turkey, twenty-eight miles northwest of Gallipoli, on the Aegean Sea, at the mouth of the Maritza River. The fact that it is so near to Gallipoli has caused a wide belief that Dardanelles operations have been abandoned.

United Press Service

BERLIN, Oct. 18.—The official announcement of war news is as follows:

"We repulsed the British in their efforts to capture our trenches northwest of Vermelles, as well as the French at Tapure and Laintrey. The enemy was unable to recapture a single foot at Schanzenfels.

"Our aviators dropped sixty bombs at Belfort."

The Austrian reports from Geneva state that the Bulgarians have penetrated Serbian Macedonia, and have cut the Salonika-Nish railroad, over which allied troops must be transported to aid the Serbians.

### MERRILL PLANS WATER SYSTEM

DANGER OF FIRE IN NEIGHBORING CITY LEADS TO A MASS MEETING TO DISCUSS PUMPING PLANT AT LOST RIVER

A mass meeting will be held at the city hall in Merrill tonight, following the council meeting, for the purpose of discussing a plan to bond the city for enough to pay off the city's present indebtedness, and install and operate a water works system.

Since the fire of the Richelieu hotel the need of a water system in Merrill was everywhere felt. The fire insurance rate is particularly high for a chemical engine, and a bucket brigade is all the fire fighting apparatus available. The council has had the power to incur the city's indebtedness for even such a necessary expenditure as this is, so the matter will be put before the people.

The most talked of plan is to issue a municipal bond, secured by a guarantee of the city's water property. The water from Lost River property valued at \$100,000, all of which is owned by the city, is pumped by the
