

GREECE TO JOIN ALLIES RESULT CABINET BREAK

MUCH IN BELIEF OF MILITARY EXPERTS

Constantine Won't Oppose War Party. Peace Cabinet of Greece Resigns at Suggestion of Venizelos—Armeds Will Aid Allies Against Bulgarians Believed Certain—Power of Zaimis Is Broken.

United Press Service ATHENS, Nov. 4.—Parliament passed a vote of lack of confidence in the new cabinet, with the result that the cabinet immediately resigned. Zaimis, the resigned premier, was strong for continued neutrality. It is presumed his resignation fore-shadowed that Greece will join the allies.

Ex-Premier Venizelos suggested the vote. It has long been known that Venizelos could overthrow Zaimis whenever he was dissatisfied with his policies. Zaimis denies that the Serbian treaty requires Greece's aid of Serbia against the Bulgarians.

United Press Service PARIS, Nov. 4.—Greece's entrance into the war against Bulgaria is regarded almost certain as the result of the resignation of the cabinet which stood for neutrality. It is believed that Venizelos will again be premier, and he will force Greece into the war quickly. That King Constantine will resist the war party is unlikely, in view of late developments.

BABY SHOW AT PORTLAND TODAY

EUGENICS FORGOTTEN IN OLD-FASHIONED COMPETITION FOR PRETTIEST, BRIGHTEST AND LIVELIEST INFANT

PORTLAND, Nov. 4.—Eugenics were forgotten at the Manufacturers and Land Products show today. An old-fashioned baby show was being held. No inquisitive doctors with prying fingers or scientists with the latest methods of estimating the weight of baby's brain were allowed to hang around. The only things that were counted were beauty, brightness and activity. A couple of hundred babies, all befriended by fond mothers, were on exhibition.

WINONA PUT ON AUCTION BLOCK

CHAUTAQUA ASSEMBLY AND INSTITUTION OF FAMOUS RESORT AUCTIONED OFF UNDER DIRECTION OF WM. J. BRYAN

United Press Service WARSAW, Ind., Nov. 4.—Winona Assembly, the big Presbyterian Chautauqua and religious assembly institution, of which W. J. Bryan will soon become president, was placed on the auction block again today. This was one of the last steps necessary to the establishment of the "sound financial basis" demanded by Bryan. Only creditors or their representatives could buy. The property has been appraised at \$750,000. The sale will continue daily until completed. After the property has been distributed, the reorganization will be completed.

CLUB CAMPAIGN IN FULL SWING

COMMITTEE STARTS OFFENSIVE MOVEMENT THIS AFTERNOON AGAINST BUSINESS HOUSES—MUCH WORK TO BE DONE

At 1:30 today a committee of commercial club directors started forth on the first big offensive movement in the campaign for new members. They stormed places of business all along the street, and already the commercial club is considerably bigger. The campaign will go on through next week, at the end of which time the club officials hope to have a large proportion of the business men of the city enrolled. There are those who have seen the club swell from year to year until from thirty to fifty turn out for meetings, from the time when three was a quorum. And a time is coming, say the optimistic ones, when members will be so numerous meetings will have to be held in the opera house. There are several new projects on that require the help of every public spirited man in town, and to bring about these projects is why the campaign is being instituted now. Work of greater magnitude and great importance to Klamath county is required now—for factories, for railroads—and a strong, close-knit Commercial Club is the organ by which the work can be done.

COUSINS MEET ON WAR FIELD

"HELLO, WILLIE." CRIES WOUNDED GERMAN TO ENGLISHMAN ON BATTLE FIELD—TALK OF DAYS OF PEACE

United Press Service LONDON, Nov. 4.—A strange coincidence of the war is told by a British soldier in a London hospital: "I had picked my way amongst heaps of German corpses on the western front when I was arrested by a rather familiar voice. Looking to my right, I observed one of our Red Cross doctors dressing the wounds of a German officer. 'Bad case, doctor,' I remarked, and immediately the patient shouted, 'Hello, Willie!' To my intense astonishment I found he was a German cousin of mine. 'We had a little chat about the days when we were friends, and there was no war. My relative did not conceal his emotion, and I, too, was much affected.'

LEE SICK; TAKES CHARGE SHORTLY

AT HOSPITAL IN SAN FRANCISCO, BUT WILL ACT AS KLAMATH INSTRUCTOR BY NEXT WEEK. CABBAGE TALK SILENCED

A wire received this morning at the Commercial Club from Phil Sinnott, Klamath representative at the fair, congratulating the club on their choice of his successor, Will Lee. Lee, however, cannot take charge for a week, as he is sick in a hospital at San Francisco. He will be up, ready to hand his booster talk to booth visitors next week. Sinnott will return home Sunday, in all probability. Visitors continue at the booth, and the supply of Klamath literature is almost gone, so a shipment is being made today. The vegetables, grains, etc., are still holding up well. According to visitors, the Eastern Oregon delegations aren't saying so much about their 25-pound cabbage since Klamath's 25-pound table beet arrived at the Oregon building.

VILLA, DEFEATED, TO SPREAD DEATH IN NORTH MEXICO

WILL SEND OUT SMALL PARTIES FOR TERROR REIGN

Colonel Martinez, Villista General, Says Commander Will Split Army Into Small Bands, Which Will Be Sent Out to Terrorize and Kill Mexicans Under Carranza Regime. Others Look for Another Attack. United Press Service DOUGLAS, Ariz., Nov. 4.—Colonel Martinez, a Villista who surrendered to the American troops, declares that Villa will split his force into small scouting parties at Naco, Sonora, and send them on raiding expeditions, designed to spread death and terror through Northern Mexico.

United Press Service WASHINGTON, D. C., Nov. 4.—Funston officially reported that the whereabouts of Villa and his main force are unknown since their defeat of yesterday. There are persistent rumors that he has fled to Cavullena, eighteen miles south of here, where there is ample water, and where he can recuperate his men, in order to return and attack again.

United Press Service BROWNSVILLE, Nov. 4.—A detachment of American soldiers stationed at Fresno pumping plant, has asked for aid. Twenty Mexican bandits were seen in the vicinity. Soldiers and a posse have gone to the station.

DIDN'T WANT TO LEAVE JAIL HOME

CHARLES KUCERA, BOHEMIAN, JAILED FOR NON-SUPPORT OF FAMILY, HATED TO GO WHEN LONG SENTENCE EXPIRED

Charles Kucera, a Bohemian, jailed for non-support of his wife, is just getting adapted to being out of jail again. He has been a regular resident of the county bastille for nine months. Along last winter Kucera was charged with the crime of letting his wife and children go hungry. He was tried, and sentenced to nine months. The jail officials treated him like other prisoners for the first three or four months—then Kucera became a trusty. Deputy Low tells how he was sent out, day after day, to work on the streets, and often would get so far away that he couldn't get back before Low wanted to go home, and the deputy would have to wait an hour or so for his trusty to come trooping in. He never ran away—in fact, he would not run away if given the chance. The nine months slowly passed, and the date of Kucera's liberation drew near. At last it came, and the doors were opened to the Bohemian. He sighed a few times, and walked out. And the best part of it was that when he was good and outside he didn't want to go. He hung around outside the jail gates all day, like a lost bird, wanting to get back to his cold-walled home. Deputy Low says that if anyone had opened the door he would have gone back in, and patiently waited to be shut up again. But he has been out several days now, and is undoubtedly getting adapted. To Spend the Winter in South. Mr. and Mrs. Fred Melhase, accompanied by Mrs. Claud Daggett, departed on this morning's local for San Francisco, where several months will be spent visiting.

Millionaire's Nephew Held for German Plot

Max Breitung

Max Breitung, the nephew of E. N. Breitung, the Marquette, Mich., and New York mining and steamboat man, was the fifth arrested in connection with the German plot to blow up ships carrying munitions to the allies, of which Robert Fay, who says he is a lieutenant in the German army, told the New York police. Fay was caught with bombs and explosives nearly ready to attach to outgoing vessels. Breitung was held in \$25,000 bail.

LIMIT OFFSPRING LESSON OF PLAY

FOR FIRST TIME LIMITATION OF UNDESIRABLE BABIES OCCUPY THOUGHT OF EUGENISTS, SAYS ROCKEFELLER

United Press Service NEW YORK, Nov. 4.—Concerning the new Eugenic play, "The Unborn," produced in New York today by physicians and philanthropists, John D. Rockefeller Jr., said: "For the first time in dramatic history the perplexing problem of the limitation of undesirable offspring which has been engaging the attention of thoughtful eugenicists and sociologists the world over is dealt with on the stage in the play that we are to produce. The right of the child to be well born and the right of the wife to decide about it are problems the solution of which society can no longer ignore."

DEMOCRATS LOSE THROUGHOUT EAST

ARE DEFEATED EXCEPT IN SELECTION OF GOVERNORS FOR MARYLAND AND KENTUCKY. G. O. P. GAINS CONGRESSMAN

United Press Service WASHINGTON, D. C., Nov. 4.—The emotions of the administration following the elections are mixed. Democratic officials are disappointed by defeats elsewhere, but soled by the election of democratic governors in Maryland and Kentucky. It is expected that the White House will issue a statement regarding the administration's views on the election. The republicans gained one congressman, W. S. Bennett of New York.

KLAMATH SCHOOL SYSTEM TRIUMPHS

ALL THREE HIGH SCHOOLS OF THIS COUNTY IN LIST OF STANDARD SCHOOLS—AMONG BEST OF THE STATE

Klamath County, Bonanza and Merrill high schools are included in the list of standard high schools for the state of Oregon, recently compiled by Superintendent of Public Instruction Churchill. According to school men, this is a triumph for the school system of Klamath county, as these three are the only high schools in the county, as the schools at Fort Klamath, Bly, Henley and Keno are known as secondary schools. According to Churchill the Klamath high school is second to none outside of the city of Portland, counting excellency, faculty, equipment, etc. There were 165 schools in the list of standard high schools. To be a standard school certain requirements are necessary, including fifteen credits for graduation, a faculty of over three members, all of whom are graduates of some standard university or who hold life certificates, a student body of over sixteen members, and a certain course of study.

DRUG FAMINE IS RESULT OF WAR

QUININE LEAPS FROM 30 CENTS TO \$2.35 PER OUNCE—DRUG SUPPLIES OUT OFF—INVALIDS GETTING WELL

United Press Service NEW YORK, Nov. 4.—This winter is going to be a very fine time for everybody to keep well, because the drug famine precipitated by the European war has greatly increased the high cost of being ill. "Some of our best professional invalids have experienced sudden recovery recently, and we have reason to believe the experience was superinduced by the prices of prescriptions," remarked a New York physician. The big drug firms, in spite of increasing prices on some drugs of more than 300 per cent, cannot supply the demand, because there is no supply. Quinine has jumped from 30 cents to \$2.35 an ounce; glycerine, from 20 to 58 cents a pound; cod liver oil, from \$40 to \$80 a barrel; sage, from 5 cents to 35 cents a pound. Sweet herbs, bromides, potassium permanganate, olive oil, sarsaparilla, and many other drugs have gone "way up. Some drugs cannot be obtained for love, money nor influence.

SEAMAN'S LAW IN EFFECT TODAY

LA FOLLETTE BILL WILL DRIVE AMERICAN SHIPPING FROM THE SEA IS CLAIM—WILL TRY TO REPEAL MEASURE

United Press Service WASHINGTON, D. C., Nov. 4.—The La Follette seamen's law, which shipping interests have complained will drive American shipping from the seas because of the alleged unreasonable equipment and life saving apparatus required by it for all American registered ships, goes into effect today. There has been much discussion and several opinions by government officials concerning various phases of the law. An effort to have the law repealed by congress this winter will be opposed by the legislators who drafted the bill.

GERMANS SHOOT NINE MORE SPIES

THIRTEEN OTHERS SENT TO PRISON ON SAME CHARGE. RUMOR WHITLOCK RETURNS BECAUSE OF CAVELL CASE

United Press Service WASHINGTON, D. C., Nov. 4.—The official explanation for the return of Minister Whitlock from Belgium for a two months' leave that the minister was in ill-health was generally believed. Rumors persisted, however, that a request for his vacation was the result of popular disfavor of his acts in connection with the Cavell execution. United Press Service AMSTERDAM, Nov. 4.—According to dispatches, the Germans executed nine more persons charged with espionage in Brussels. Thirteen others were sent to prison.

SHIP BUILDING IS INCREASING

MORE SHIPS THAN EVER BEFORE IN HISTORY UNDER CONSTRUCTION IN AMERICAN SHIPYARDS, SAYS REDFIELD

United Press Service WASHINGTON, D. C., Nov. 4.—Secretary of Commerce Redfield, discussing the seamen's act, that is causing so much discussion at shipping points, said that whatever the effects of the law may be, the fact is undeniable that during the last six months an increasing and unprecedented number of ships for foreign and domestic trade have been ordered by American builders. "More ships are being built in the American shipyards today than ever before in history," he said. Redfield stated that leniency will be shown the violators of the act until ship owners have time to meet the conditions. According to reports from San Francisco, many experienced sailors were unable to ship because of failure to qualify under the seaman's act. Many protests have been made against the measure.

STORMS NEARING, SAY OLD TIMERS

LONG BRIGHT DAYS OF FALL NEARLY OVER, ACCORDING TO WEATHER PROPHETS—HARD WINTER PREDICTED

According to the "old timers," who have watched Klamath weather since the days of the Modoc War, the fall days are just about over and snow is just in the offing. They have various ways of knowing—most of which are beyond the understanding of the "cheecvaco," but they are sure that the warm, sunlit days that have been so numerous recently are just about over. They say that the clouding up of mornings and the clearing off at noon with a bank of cloud again at evening, are infallible indications. They know it by the way the geese are flying—by a thousand other little things beyond the wit of everyone but an "old timer." According to the Indians, as well as other old residents, a hard winter can be expected. Snow deep enough for skating, and ice thick enough for skating, and much rainfall in the beginning, are some of the predictions.

FATE OF SERBIAN ARMIES DEPENDS ON FALL OF NISH

CITY ASSAULTED BY LARGE FORCES OF TEUTONS

United Press Service LONDON, Nov. 4.—An early fall of Nish is foreseen. It is believed that the Bulgarians occupy the city. The Austro-Germans and the Bulgarians are but a few miles away, and it is reported the outer fortifications have fallen. If Nish falls nothing is left the Serbs but retreat to the westward, if the way is open. Otherwise, it is predicted they will be crushed between the invaders. Whether the main army can escape at all depends on the strength of the Austrians on the northwestern frontiers and the Bulgarians on the southern frontiers. United Press Service PARIS, Nov. 4.—The Nish communique, dated Sunday, says that the Austro-Germans were attacking on the northern front, particularly on the right wing, where the battle is fierce. The Serbians at the Morava River positions were assaulted, but with no results. The Serbians took positions in South Kragujevac. In the Nisava Valley the allied left was forced to retire, but in the center we repulsed the Bulgars, who retreated toward Bela and Palanka. Thus on the fall of Nish depends the fate of Serbia. The Teutonic allies will without doubt make a desperate effort to take this stronghold, for it means that the Serbian army is practically trapped, with but one way, to the west, open, and a strong army to combat on this front. Apparently the Serbs are resisting fiercely, and although the outer fortifications have fallen, the city has still a good chance to withstand the assault. Whether it will prove invulnerable to the German siege guns is an issue that may decide the entire outcome of the war.

WILL CELEBRATE BALBOA STRIKE

PANAMA TO HAVE NATIONAL EXPOSITION TO OBSERVE ANNIVERSARY OF DISCOVERY OF THE PACIFIC

United Press Service WASHINGTON, D. C., Nov. 4.—Barring another postponement, the "National Exposition of Panama" will open in Panama City January 31, 1916. Spain will be the guest of honor. The United States will be represented, but the treasury comptroller has ruled that the treasury won't pay more than \$4 a day expenses for American commissioners. Aside from its avowed purpose of strengthening the ties between Panama and Spain, as well as promoting the interests of the Americas, the exposition will be a celebration of the discovery of the Pacific Ocean by Balboa. The exposition has nothing to do with the Panama canal. Twenty-Five in Night School. Over twenty-five are now enrolled in the Klamath night school. They are studying all sorts of commercial work, including bookkeeping, typewriting, commercial arithmetic, etc.
