Robbing His Own Home

Last winter during the holiday rush, a prominent Grafonola dealer of San Francisco was obliged to rob his own as well as his brother's home of their Grafonolas to sell on the retail floor. There was such a shortage of Grafonolas on the market that this dealer lost thousands of dollars in trade.

As there is every indication of the same shortage this year, we have ordered ahead, and now have several thousand dollars' worth stored. It would really pay you to call in and see our exhibit while our stock is so complete. A year's time on any model from \$15 up.
