KLAMATH FALLS, OREGON THURSDAY, DECEMBER 9, 1918

WHERE'S THE S. O. N. A.?

A COUPLE of years ago, delegates representing Josephine, Jackson and Klamath counties assembled in Klamath Falls and organized the Southern Oregon Natural Attractions League, the title then being shortened by using only the initial letters, to Sons League. The avowed purpose of this was to tell the world of the myriad of scenic wonders in this section, beginning with the Marble Hills at Grants Pass, and continuing southward and eastward so as to take in Crater Lake and all other attractions between Grants Pass and the Modoc Lava Beds. Aside from forming an organization, nothing was ever done. Now that the European war makes it impossible for Easterners to tour Europe they are seeing America, and those who saw this section last summer will tell others of its wonders. Would it not be a good idea to resurrect the Sons League, and with a minimum expense, give Southern Oregon's Natural Attractions a maximum of advertising in order to draw tourists, who are always possible investors, here?

PRESIDENT WILSON ON RED CROSS IDEALS

AS AN expression of his interest in the Red Cross seals and anti-tuberculosis campaign, President Wilson writes to the National Association for the Study and Prevention of Tuberculosis: "May I take this occasion to express to you my deep interest in the work of the National Anti-Tuberculosis Association and my hope that its work is growing in efficiency and extent from year to year? May I not particularly express my interest in the Red Cross Christmas seal, whose sale has been the means of raising funds for the work? It seems to me that this is a particularly interesting and sensible way of enabling the people of the country to give this great work their support."

Scattered Shots

WILSON PREDICTS democratic victories in 1916 because the party has carried out its pledges. It is largely on account of the effect of these "fulfilled pledges" that the majority of voters feel the country has had enough democracy for a while.

"GOOD MORNING," he said this morning. And he sure used the term readily.

ALL MEN AND WOMEN are supposedly equal in this Land of the Free, but on this ground it is hard to explain just why the name of that "prominent Newport society woman" mized in the pro-German investigations is withheld and the names of the ordinary citizens are so widely spread about.

PRESIDENT SEES PARTY'S SUCCESS

IN SHORT ADDRESS TO MEMBERS OF THE NATIONAL COMMITTEE, WILSON SAYS THE DEMOCRATS HAVE KEPT THEIR PROMISE

United Press Service WASHINGTON, D. C., Dec. 9.—Democratic success at the polls in 1916 was predicted by President Wilson in a short address at the banquet tendered the Democratic National committee last night. He said the party had fulfilled the promises made in 1912.

Chairman McCombs of the national committee announced a meeting of the convention committee here December 20. At that time, preliminary arrangements will be made for the national convention to be held in St. Louis June 14.

It is generally assumed that Chicago will get the republican national convention.

PAIN GONE! RUB SORE, RHEUMATIC ACHING JOINTS

RUB PAIN AWAY WITH A SMALL TRIAL BOTTLE OF OLD, PENETRATING "ST. JACOB'S OIL"

Stop "dosing" rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacob's Oil" is a harmless rheumatism liniment, which never disappears and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia. Limber up! Get a small trial bottle of old-time honest "St. Jacob's Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.—Adv.

SOCIETY WOMAN IS FAST IN NET

LETTERS INTERCEPTED INDICATE HER INTENTION TO ALLOW GERMAN OFFICIAL A CHANCE TO STUDY WARSHIPS

United Press Service NEW YORK, Dec. 9.—The name of the New York society leader whose actions are being investigated by federal officers was dragged into the Teutonic plot probes through her connection with alleged pro-German activities in this country of Franz von Rintelen. That party is held a prisoner in London.

Letters found on von Rintelen included some from the Gotham woman. These have been forwarded here. In her letters, the woman denounces the administration's attitude in the German-American situation. It is reported also that she had arranged to allow von Rintelen an opportunity to inspect the sections of United States warships that are usually denied aliens.

BABY INCUBATORS OF ZONE TO SELL

SUGGESTION HAS BEEN MADE THAT HIGHLY USEFUL AND AS WELL AS INTERESTING PLANT BE BOUGHT BY CITY

United Press Service SAN FRANCISCO, Dec. 9.—For sale—a baby farm. San Francisco can have it at its own price. It has saved scores of babies born into the world apparently without a chance to live.

This station is the incubator exhibit in the closed joy zone at the exposition. Dr. Couney has been saving frail mites of humanity with the dime paid for admission by the curious. He suggested that it be made a permanent institution. Children born into the world prematurely or apparently too small to exist, reared from one to four months in the incubators and today they are healthy, lusty infants.

FARMERS DECRY RED TAPE IN RESERVE BANK LOANS

United Press Service ST. PAUL, Minn., Dec. 9.—Are the farmers receiving any real benefits from the establishment of federal reserve banks in this section? The convention of 6,000 mid-west farmers was expected to go on record as saying no to that question when it is put up to them at the final session of the Equity Co-operation Exchange here today.

The farmers' complaint against the reserve bank methods of loaning money to farmers and to farm banks, is that there is too much red tape about it. Officers of the exchange, while admitting that the theory of the federal reserve bank is good, declared that in practice too many obstacles were put in the way of the farmer.

What the War Moves Mean

By J. W. T. MASON (Written for the United Press)

NEW YORK, Dec. 9.—The reported appointment of Marshal von der Goltz to command the Turks in Mesopotamia probably means that the Germans intend to try to drive the British through the ancient of the Garden of Eden to the Persian Gulf.

The British defeat around Bagdad, first indicated in dispatches from United Press Correspondent Ackerman at Berlin, came at a time when it seemed the city must fall into British hands. The Germans said the defeat was due to a revolt of the Arabs; the British as a result of overwhelming forces of the enemy. Probably both versions are to an extent true.

For the moment the British are safe in the strongly fortified town of Kut-el-Amara, 250 miles north of the Persian Gulf. Now the British are in position to ship supplies in large steamers to the Gulf, and thence in small boats up the Tigris to Kut-el-Amara, while the Turks must ship their supplies from Constantinople, 1,500 miles to Bagdad, via a railway which has a gap in it for a distance of 300 miles.

Franklin K. Lane, secretary of the interior, probably will be appointed to the United States Supreme Court bench if congress passes an act retiring Associate Justice Lamar because of ill health.

ALABAMA PLANS BILL FOR COMMISSION TO LOOK INTO LEGISLATION FOR BETTERMENT OF RAILWAYS

United Press Service WASHINGTON, Dec. 9.—Senator Oscar Underwood of Alabama today intimated that he would introduce a bill providing for the appointment of a commission of competent men to investigate railway affairs and ascertain what form of legislation, or modification of legislation is needed for the improvement and prosperity of railway affairs. This measure would be in accordance with one of the recommendations made by President Wilson in his message to congress Tuesday.
