

Points the Way

This Statement of a Yreka Resident Will Interest Our Readers

Our neighboring town Yreka points the way in the words of one of its most respected readers. James Lovelace, Fourth street Yreka, Calif., says: "Time after time I have had lumbago and backache so badly that I could scarcely do anything. I used many remedies, but none seemed to do me any good. Before I had finished one box of Doan's Kidney Pills, the backache and other troubles had left."

Latest Swimming Star

Herbert Vollmer

Herbert Vollmer of the New York Athletic Club, the 18-year-old lad who swam 100 yards on December 4th in world's record time, is the latest star in the field of natation. The time credited to him, 54 4-5 seconds, is the fastest made under the conditions, and eclipsed the performances of Daniels, Heber, Rathel and McGillivray, the speediest American 100 yarders, in the same pool.

Vollmer's achievement was the more remarkable in that he is not essentially a sprinter, but a middle distance swimmer. Last winter, when he seldom touched 58 seconds for the century, and his rivals were doing about three seconds better, he swam a practical dead heat in the 220 yard national championship with McGillivray, the winner, within one second of the world's record. His wonderful improvement, therefore, has convinced experts that he will this season smash the international standards at least at the furlong and quarter mile.

Vollmer is ideally built for a swimmer. He is tall and rangy and free of movement. He stands a trifle over six feet, and weighs 170 pounds.

Can't Take Dogs to or From Modoc or Lassen

The following from the California State Board of Health officials in charge of the rabies campaign in Modoc and Lassen counties, to Postmaster W. A. Deitzel, will be of interest to sheepmen, especially of this section: "The existence of the disease of rabies having been definitely determined in Modoc and Lassen counties, the California State Board of Health has declared a quarantine on dogs in these two counties. One of the rules of this quarantine reads as follows: "Rule 7—When an area has been declared by the State Board of Health to be under quarantine, or regulations substituted for quarantine, on account of rabies, no dog shall be taken or allowed to go into or out of such area."

"This rule is absolutely essential to a successful campaign to stamp out the disease, as possible carriers must be kept out of the area in which organized work is being done. "Appointed deputies of the California State Board of Health will be stationed at all roads leading from Oregon and Nevada into Modoc or Lassen counties, with strict instructions to prevent the entrance of any dogs. Dogs brought into the quarantined area in violation of this rule will be shot. "In order that the citizens of adjoining counties in Oregon and Nevada may be fully informed and put to the least possible inconvenience, it would be appreciated if you would give this matter all possible publicity and post a copy of this letter in a conspicuous place."

Munich Consul Is Back

Thomas St. John Gaffney

Thomas St. John Gaffney, United States consul at Munich, whose methods did not suit the state department at Washington, and who therefore gave up his place, has just returned. This photograph shows him on the deck of the liner that brought him.

Dearest Public:— A fruitless expedition is when one goes after a PEACH and returns with a BUN. I found another silver thread among the gold in me whiskers, and you are some to blame. I have tried to get you to hurry, and have told you about the Egyptian mummy, how they have been trying to get his soul and body back together so they'd work, but it can't be did. I want you to buy diamonds, watches, silverware, cut glass, hand painted china, Parisian ivory, umbrellas, clocks, and the awfulest mess of jewelry you could ever imagine. The tomb is a punk place to wear a wrist watch. Yes, dear, they wear them on the arm. Once a girl didn't, and she kicked a guy right in the eye. They had a poor time. She lay and dreamed of a diamond— She wore it on her mitt. She rolled and tossed and murmured, But nobody cared a bit. She awoke; 'twas a lovely morning. With a smile her face was lit. "I'll meet some guy in Klamath, And I'll chase him quite a bit." All sizes of slavery rings. The texture of our umbrella covers is woven so close that you can fish on Sunday, and they can't tell you in heaven. I should like to have you come over tomorrow, as I am anxious to see you. 511 Main Street. SAD McHATTAN.

What the War Moves Mean

By J. W. T. MARON (Written for the United Press)

NEW YORK, Dec. 17.—Reports that the allies have decided that the war shall not end until Germany agrees to pay a heavy indemnity are probably untrue. In discussing possible peace terms, it is significant that the allies have been careful not to refer to indemnities, except an indemnity to pay for Belgium's losses. Helfferich, the director of Germany's finances, alone demanded a general indemnity, when he said that the Germans would not be taxed, because Germany's enemies, instead, would bear the cost of the war. But recently Helfferich has indicated that war taxes will be necessary, after all, thus indicating that Germany is not now so certain that she can force the foe to meet her war bills.

An indemnity is a final humiliation. Nothing will compel nations to fight more desperately than the prospect that they must pay for it. As a financial proposition, however, it is bad business to continue the war in the hope of collecting an indemnity, if other terms are satisfactory. Every member of the Klamath Falls Athletic Club should attend the routing meeting tomorrow night at 7:30. Don't fail to attend. 16-21

MEAT INJURIOUS TO THE KIDNEYS

TAKE A TABLESPOONFUL OF SALTS IF BACK HURTS OR BLADDER TROUBLES

We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog, and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning, and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer an irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Upon the complaint of a cook in a Bisbee (Ariz.) restaurant, the United States supreme court annulled as unconstitutional the Arizona anti-alien labor law, enacted about a year ago by the vote of the people under the initiative process of legislation. The statute required employers of more than five persons to employ not less than 80 per cent qualified electors or citizens.

Practically double federal appropriations for state militia and opening of the proposed continental army to any organization or individual of the National Guard desiring to enter and free to do so, are contemplated in the army side of the administration's national defense program.
