Autoists Must Get New Licenses or Be Subject to Fine or Prison

It is high time the local automobile owners and motorcycleists were getting their license plates for 1916. Any auto or motorcycle after January 1st without a red license plate will be considered in violation of the law, and the owner or driver will be arrested.

The following has been sent to all police judges and town recorders, police officers, marshals and watchmen and sheriffs, deputy sheriffs and constables in the state by Secretary of State Ben W. Olcott:

In order that you may act advisedly in the performance of the duties imposed upon you by the provisions of the "Oregon Motor Vehicle Law" (Chapter 174, Laws 1911, Chapter 133, Laws 1913, and Chapter 350, Laws 1915), a copy of which find enclosed, your attention is respectfully directed to the following provisions:

Section 7, Chapter 174, Laws 1911, providing that all registrations of motor vehicles expire on December 31 of each year, and shall be renewed annually in the same manner and upon payment of the same fee as provided for original registrations, such renewal to take effect on January 1 of each year.

Section 9, Chapter 174, Laws 1911, providing that no person shall operate or drive a motor vehicle on the public highways of this state unless such vehicle shall have the number plates assigned to it by the secretary of state conspicuously displayed on the rear and front of such vehicle in plain view, so as to be easily read by the public.

Section 5, Chapter 350, Laws 1915,

providing that the number plates assigned to a motor vehicle shall be and remain with the motor vehicle for the period of registration mentioned in the application, that is, for the entire year.

Section 10, Chapter 174, Laws 1911, requiring that the number plates shall be of a distinctly different color or shade for each year, to be designated and selected by the secretary of state.

Pursuant to the duty imposed upon the secretary of state by the provisions of said Section 10, number plates have been designated and selected for the year 1916, with a red background and white letters and figures.

The plates for "pleasure and commercial cars" are numbered and issued consecutively from No. 1 up, with the letters "ORE" on the left end and the figures 1916 on the right end of the plates. The motorcycle plates are lettered and numbered, beginning with the letter "A" as a prefix and followed by the figures 1, 2 up to 99 inclusive, using the several letters of the alphabet in proper sequence, with the exception of the letters G, J, and Q, with the name numbering and with the letters "ORE" and the figures 1916 stamped therein in the same manner as on the plates for pleasure and commercial cars. The dealer's plates are as shown by the foregoing illustrations, and they are numbered and lettered consecutively, beginning with 101-A, 102-A, 103-A up.

The number plates for the year 1915 were in the same form with a yellow background and black letters and numerals. The driving of any motor vehicle in this state on and after January 1, 1915, with any other than the red

plates above described is in violation of the law.

For convenience of the motor vehicle owners and in order to allow them ample time to register their cars for the year 1916, this department will receive applications therefor from November 15, 1915, so that no one can lay the blame for failure to carry the proper license plates for the year 1916 to this office.

The foregoing is given for your information in connection with the enforcement of the law, as it is provided in section 27 thereof, that all police officers in the cities, marshals, deputy marshals and watchmen in incorporated villages, sheriffs and deputy sheriffs of the counties, and constables of the districts shall have full power and authority within the limits of their respective jurisdictions to arrest any person known personally to any such officers to have violated any of the provisions of the law and immediately bring the offenders before any magistrate having jurisdiction. All police judges or recorders of cities and towns and justices of the peace of the counties have jurisdiction of all violations of the act, except as provided in section 24, committed within their respective cities, towns and counties, as provided for violations of this act are contained in section 23.

Chaufeur registrations also expire on December 31 of each year, and must be renewed annually, to take effect January 1, following, as required in Section 14. The badges for the year 1916 are oval in form, with the figures 1916 and the number of the badge plainly impressed thereon, and may be

readily distinguished from badges for the year 1915, which were round in form, with the figures 1915 stamped thereon.

A chaufeur is defined as a person who drives a motor vehicle for hire; that is, the motor vehicle being for

hire, so that any person who drives a motor vehicle, which motor vehicle is for hire, must apply to the secretary of state for registration as a chaufeur and hold a chaufeur's license and badge duly issued to him by that official.

Five States Are Asked to Join in Rabies Campaign

SAN FRANCISCO, Dec. 23.—Telegrams to the governors of Nebraska, Utah, California, Oregon and Idaho, asking co-operation in a campaign to destroy coyotes and stray dogs in their states, in order to control "an epidemic of rabies," were sent last night by J.

S. Boggess of the United States public health service.

The situation in a dozen counties of the adjoining states of California, Nevada, Oregon and Idaho was described as acute at a conference of State and Federal health and forestry officials, which met here under the auspices of the California State Board of Health.

It was planned by an interstate committee, named by the conference and headed by Dr. Boggess, to begin immediately in the affected states, with the cooperation of forest rangers and inspectors, the work of extermination by poison, gun and trap. Subcommittees are to be appointed in each state by the boards of health, and the federal government is to be asked to handle the work on the border lines.

Cattle men who attended yesterday's meeting appointed committees to cooperate with the health authorities, as thousands of sheep and cattle, many of which have died already, are menaced. Cattle associations of the five affected states were telegraphed last night for immediate cooperation.

Thirty persons in northern Nevada, it was said, have been bitten by rabid coyotes and dogs, 25,000 sheep have been lost in the affected area, school districts have been closed, and ranchers and women forced to carry guns to shoot off the rabid animals. In the last ten days 176 coyotes and 89 dogs have been killed in Modoc county, California, where the work of destruction has been organized. Lassen county, California, also is in the affected area.
