

This Is the Time of Year When You Need Good Warm Underwear, Hosiery, Gloves, Etc.

Also a time when most stores are unable to supply you with just what you want. The so-called "Special Sale" doesn't appeal to you, for usually it is something the merchant is anxious to get rid of—the original price, or the article, one, has not been RIGHT—hence the occasion for a special sale. This store sells the RIGHT kind of merchandise at the RIGHT kind of a price every day in the year. You will be surprised to find so complete a stock of good, warm winter apparel as you'll find here at the present time, and you may also be surprised to find our regular prices even below so-called sale prices. Don't fail to visit this store when shopping at this particular time of year. You'll find splendid assortments and at modest prices, too. We're sure you will be better satisfied with your purchases and actually save money.

OREGON BREWERY HAS NEW DRINK

RATHER THAN CLOSE ESTABLISHMENT, WEINHARD RE-TAIN FORCE, AND PUT OUT A FINE TEMPERANCE BEVERAGE

Rather than close down their great plant at Portland, the Weinhard company have retained their men and are manufacturing a new temperance drink in strict conformance with the Oregon prohibition law.

"Golden and Amber Nectar" is made of Oregon hops and barley, and contains vital strength giving qualities, which will make a favorite throughout the state. It took many months of experimenting and research to bring this new product up to its present state of perfection. Mr. Henry Weinhard of the Weinhard plant took a great pride in creating them. His identity with business interests in Oregon for so many years prompted the desire to keep the Weinhard plant in operation after January 1st, and to give employment to many employees who have been connected with this concern for years.

Mr. Weinhard is determined in his efforts to prevent any violation of the law in the sale of Golden and Amber Nectar. He requires a cash bond of \$250, which is subject to forfeit if any dealer is guilty of selling intoxicating liquors under the guise of this new temperance drink.

Made in the A.R.

The past few days have been unusual in musical times for soon after the holidays, as Shepherd Piano Depot has just placed a \$700.00 Player Piano in the home of a young Klamath Falls business man; also sold an Kelsey organ to a school district.

The long winter evenings will be shortened for a number of families to whom we delivered Talking Machines. Thursday's sales including a \$200.00, a \$100.00 and a \$50.00 Phonograph, besides a number of other sales have been made, centering largely upon the \$15.00 hornless (Gramola), which is unusual value at the price, and is sold on easy terms. 1
