

TODAY'S ODEST STORY

United Press Service
DES MOINES, Iowa, Jan. 15.
The state of Iowa, now 69 years of age, has begun to plan the celebration of its Diamond Jubilee December 28, 1921. Citizens here and elsewhere are preparing petitions to the legislature to recognize the movement and fix the date for the jubilation over the 75th anniversary of Miss Hawkeye's marriage to U. S. A.

Moving Pictures

"Captain Courtesy," the Bosworth feature which was presented at the Star theater last night, proved to be one of the best attractions ever released on the Bosworth program.

Dustin Farnum is seen in the title role, and it is undoubtedly the best the famous Dustin has ever attempted in pictures. "Captain Courtesy" is a thrilling drama of the early California Mission days. The picture is replete with many big scenes, which are deserving of credit. There are many feats of daring enacted through out the entire five reels. The picture is constructed in such a manner that it will grip any audience from beginning to end. Farnum, as the courteous highwayman, assumes a role that was made for a Farnum, his grace and poise, his feats of horsemanship and his display of coolness in trying moments all tend to bring forth much praise. The cast throughout is exceptionally good, the story is well constructed, in fact, it is a good offering from every standpoint.

"Captain Courtesy" will be seen at the Star theater tonight for the last time. The Paramount Travel Series will be an added attraction on tonight's program.

Blanche Sweet will be presented on Saturday night, in the Lasky production, "The Captive."

Music in the Air

The past few days have been unusual in musical lines for so soon after the holidays, as Shepherd Piano Dealer has just placed a \$700.00 Player Piano in the home of a young Klamath Falls business man; also sold an Estey organ to a school district.

The long winter evenings will be shortened for a number of families to whom we delivered Talking Machines, Thursday's sales including a \$200.00, a \$100.00 and a \$50.00 Phonograph, besides a very satisfactory run on our Record stock. In addition to the above a number of other sales have been made, centering largely upon the \$15.00 hornless gramophone, which is unusual value at the price, and is sold on easy terms. 1

An Appreciation

Dodge Brothers of Detroit, Mich., desire through their dealers to express their "appreciation" to the owners of Dodge Brothers Motor Cars for the part they have taken in making the first year of motor car manufacturing a success.

Also to assure the buying public that the same high efficiency will be kept up and improvements added as developments are made.

They are represented by "Dad" Shive, who has cars on exhibition at the corner of Second and Main streets, Klamath Falls, Oregon. 15-1t

another large addition was made to the department's fund. As a result, sixteen families have been helped with donations of clothing, quite a number of shoes, suits and sweaters have been purchased for school children, toys were furnished homes that would have been passed up by Kris Kingle on Christmas, and several families have been furnished with wood. This department welcomes all donations of clothing, etc., and seeks to assist every worthy family.

The success of any organization depends, to a large extent, upon the calibre of the leaders, and the same is largely true of the Woman's Library Club. Much credit for its efforts being due its able corps of officers, head by the president, Mrs. Robert E. Wattenburg, a woman of splendid executive ability, fruitful ideas, and tireless energy for the promotion of causes for the betterment of the club or the city. All the officers have handled their duties with commendable ability, and the club is exceedingly fortunate in having the following other officials: First vice president, Mrs. Luella Stearns; second vice president, Mrs. C. V. Fisher; secretary, Mrs. Aionzo Bainter; treasurer, Mrs. Chas. Graves.

In the neighborhood of thirty young people are looking forward to this evening, when they will pack themselves in a big bobbed, and go carolling blithely to Pine Grove for a big barn dance. Gray's hall has been secured, music has been arranged for, and the girls of the party are today keeping the wires hot, consulting about the best combination of viands for a lunch, so a great time is expected, both at the dance, and on the sleigh rides to and from Pine Grove.

Members of the local lodge of the Knights of Pythias, visiting members and the women of the Pythian Club spent a highly enjoyable evening in the west hall of I. O. O. F. building Thursday night, the occasion being the installation of new officers by the Knights. Officers installed were:

Chancellor Commander—H. L. Voohees.

Vice Commander—C. B. Crisler.

Prelate—M. R. Doty.

Master of Work—R. R. Brewbaker.

Keeper of R. & S.—C. C. Hogue.

Master of Finance—Chas. C. Low.

Master of Exchequer—Glenn Johnson.

Master at Arms—Jasper Bennett.

Inner Guard—H. E. Momyer.

Outer Guard—E. W. Gowen.

Following the installation ceremonies, the assemblage partook of a bounteous banquet, served by the Knights. After this, the evening was

These are two exercises in swimming tanks for stout women. Once on a time Ida Schnall, a champion woman athlete known all over the country, was stout. She determined to get thin, and she learned in the course of her experiments that swimming would reduce her. So she began to swim. She gradually learned how to dive, till now she can dive from a height of fifty feet without fear or danger. But she particularly recommends for stout

women the crab plunge from a spring board, as shown in the photograph of her. She throws herself forward, lifting her whole weight by her stomach muscles, and plunges feet first into the water. That great strain on the abdominal muscles tears out the fat about the middle of the body. However, it is not an exercise that any except a woman who has trained so long her muscles are strong, should undertake.
