KLAMATH FALLS, OREGON FRIDAY, JANUARY 21, 1916

LET'S PASS PROSPERITY AROUND

KLAMATH FALLS has joined hands with thousands of other communities in the United States to increase the nation's prosperity, and at the same time distribute it so that all will be benefited.

We are all dependent upon each other. No one class can gain at the expense of all the others. The factories cannot run without market for their goods.

The employes cannot live without this market. The farmer can make no money if there is none to buy his surplus products. As the farmer prospers, all prosper.

If we can turn into the channels of business the millions of dollars we all owe each other, so that we can again use these dollars to buy more things we need—every man who is supplying a need will prosper.

That is the object of National Pay-Up Week, February 21 to 26.

You can help and you can be helped if you will pay up during this week. The business men of Klamath Falls have pledged themselves to pay their bills at this time.

COMMUNITY STOCK RAISING

THE following from the Pacific Livestock Reporter is an article well worth careful consideration:

At a recent gathering of farmers the point was made that no two of their number ever had their livestock ready to go to market at the same time, therefore, they could not combine their shipments sufficient to make a carload.

The shipping master in charge of a community shipment recently smiled very broadly when he remarked that the market had advanced 25 cents since he had begun to assemble his present shipment.

The various granges and farmers' institutes over the country are now making a special study of community shipping, and it is not an unusual thing for a lot of hogs to come to the stock yards at the present time with from fifteen to thirty different ownerships, and the results so far have been entirely satisfactory indeed.

Every farmer who has an affiliation with a grange or farmers' union should immediately take this matter of community shipping and breeding up with his officers, to the end that better information may be had regarding this subject.

Life insurance makes you worth today what you hope to be worth some future day. See Chilcote.

handling is exactly the same as that of the carlot shipper. As the present movement grows it will only be a question of a short time until every town of a size will have a community shipping organization, and when this comes to pass there will be none of the worry and vexation in connection with country killing.

Scattered Shots

DESPITE ALL Garrison can say or do, congress just doesn't seem to care a continental.

OF COURSE, nobody will kick if you pay up before Pay-Up Week.

FEED THE BIRDS. You enjoy their songs in the spring and summer, and you enjoy hunting quail in the fall.

WRITTEN THOSE letters yet? The week is fast slipping away. Other sections of the state are busy, so let's send out some good tidings about Klamath.

THIS STUMPING TOUR of the president's might be called preparedness campaign for preparedness.

GIRLS, GIRLS, this is Leap Year, you know.

IT IS TO BE hoped that the plumbing ordinance drafted about a year ago will be brought before the council at an early meeting. This seems the psychological moment.

A Merciless Judge

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Medford resident has withstood this sternest of all tests.

Mrs. William Charley, 305 N. Grape street, Medford, Ore., says: "I had pain in the small of my back and sometimes I could hardly bend or straighten. At night the trouble bothered me, too, and often I couldn't sleep. I tried plasters and liniments, but nothing helped me. Four boxes of Doan's Kidney Pills made me well."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Charley has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

GLASS OF SALTS CLEANS KIDNEYS

IF YOUR BACK HURTS OR BLADDER BOTHERS YOU, DRINK LOTS OF WATER

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine.

Accurate information about city property and farm lands. See Chilcote.

FEED THE BIRDS, NEW STATE CRY

AUDUBON SOCIETY'S SECRETARY ASKS ALL PARTS OF STATE TO ASSIST IN PRESERVING OUR SONGSTERS AND GAME

The following appeal has been sent to all parts of the state by Dr. Emma J. Welty, corresponding secretary of the Audubon Society. It is an appeal well worth the attention of every resident of the state.

"The cold wave and snow are so general throughout this section that unless feeding is systematically done, many birds will suffer and perish. If the people will only put their waste cabbage, apples, apple skins and cores, or whatever they have from the kitchen through a meat chopper, it will form a food that will greatly aid the birds.

"One of the most efficient ways of feeding the birds is to put what is known as 'chick feed' from the grocers. This can be obtained for small sums, and will go a long way.

"One of the most important things to remember is to put out water for the birds."

PINE GROVE PICKUPS

The sleighs are in evidence in this neighborhood. Every one is enjoying the snow.

O. Brown has just returned from a ten days' trip in California. He visited San Francisco and other points while gone.

Rev. Morgan from Mt. Laki spent one day last week calling on the residents of Pine Grove.

The Young Boys' Social Club met last week with Charlie and Dewie Putton, at the home of their aunt, Mrs. Clarence Harris. The next meeting will be with Ed and Earl Miller.

The Civic Club met at the home of Mrs. Henry Grimes, January 13th, with a good attendance.

The young people of Pine Grove and a party of the school children took a jolly sleigh ride last Saturday. They took lunch and spent an enjoyable day. Those comprising the party were Hazel Arant, Ethel Mack, Jennie Isenbice, Jessie Patterson, Coss Gray, Grace Cunningham, Allison McKenney, Nora Miller, Willie and Raymond Gray, Oran Reader, Cal Isenbice, Earl and Charles Mack, Willie and Linton Cunningham, Ed and Earl Miller, Albert Patterson and Farrel Hilyard.

Mr. and Mrs. Sam Miller were supper guests of Mr. and Mrs. Calkins last Sunday evening.

Rev. Morgan has gone to visit his family in the Rogue River Valley for a couple of weeks.

The work on the road still continues regardless of the snow.

The lumber haulers are busy hauling lumber, but they have changed from wagons to bobbeds.

A dance will be given tonight at Gray's hall. A big attendance is expected.

KENO KEYNOTES

Rev. E. W. Cutting and N. Mackey are holding a protracted meeting at the Keno school house, with a fair attendance.

A Leap Year masquerade ball will be held February 4th at Padgett's hall, to be conducted by the women. The ladies will select floor managers, "pay the fiddler," and furnish a lunch at midnight. All are invited. Avery and Tarbell will furnish music.

Charles Snowgoose and George Trefern are cutting sawlogs for H. Snowgoose.

Tarbell & Avery are hauling logs to the Snowgoose landing for the Ackley Bros. mill at Klamath Falls.

Fountain Is Back. P. L. Fountain has returned from a visit of a couple of weeks to outside points.

New February Records arrived today at Shepherd Piano Depot, next door to postoffice.

Mexican Characters in Murder Case

Eliseo Arredondo

Eliseo Arredondo is the Carranza minister to the United States who has been working hard since nineteen Americans were shot in Mexico, to preserve peace. He received from General Carranza a promise to hunt down the bandits and bring them to punishment.

The photograph on the right is another picture of General Jose Rodriguez, whose troops are credited with having shot the American mining men. He was captured near the ranch of William R. Hearst three days after the murders, and it was believed he would be shot.

General Jose Rodriguez

Baldwin to Convention. George T. Baldwin left for Portland this morning to attend the tenth annual meeting of the Oregon Retail Hardware and Implement Dealers Association, of which organization he is president.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untried research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.

ViHista Victim Known Here. C. R. Watson, one of the sixteen American miners brutally murdered by a band of Mexican outlaws near San Ysabel last week, was well known to many local people who formerly resided in Eureka, Kans. Watson was raised there, and was a classmate of Will H. Mason, both in public school and in the academy at Eureka.
