One of the most enjoyable affairs in local Elksdom's history was the Leap Year party given Thursday night. At this, the bills were the guests of honor, the wives and ladies paying the costs of the affair, and reversing the order by asking the men to dance with them. In this way, some of the fair sex had an opportunity to realize just how impossible it is for a man to dance with everybody he wishes to at an ordinary dance. The crowd was

larger than usually attends the popular "ladies' night" affairs, about sixty-five couples being in attendance. Much credit for the success of the evening is due to Mrs. Louis G. Van Bellen, chairman, and the other members of the committee in charge. Mesdames S. Edward Martin, Oscar E. Peyton, C. E. Wheeler, Carey M. Ramsby, Clarence H. Underwood, Carl A. Plath, Earl Whitlock and John J. Parker.

For the benefit of their free reading room, maintained at Second and Main streets, local socialists will give a mask ball at Mills Addition hall Friday evening, which promises to be largely attended. Masks will be for sale at the hall that evening, and a supper will be served after the dance.

Local amateur actors and musicians are looking forward to Friday night, when Mrs. Robert E. Wattenburg, president of the Women's Library Club, assisted by the heads of departments, will entertain the musicians who presented a concert in November, and the cast presenting "The Follies" just before Christmas, both of these affairs being club benefits. The affair will be held at the Baldwin hotel, and invitations will be issued early next week.

One hundred invitations have been issued by the Moose dance committee for the dancing party to be given at the Moose hall Tuesday evening. This is a strictly invitational affair. It promises to be a pleasant hop, and the best of music has been engaged to play the latest dance airs.

URGENCY DEFICIENCY BILL PASSES LOWER HOUSE

WASHINGTON, D. C., Jan. 22.—The \$12,000,000 urgency deficiency bill passed the house of representatives today.

PREPAREDNESS

According to Automobile Topics, a trade authority, recent figures submitted to Wall street interests with regards to the volume of business done by motor car companies during the first nine months of 1915, put Dodge Brothers in fourth place.

No announcement has been made by them on production plans for next year, but it is known that several new buildings are being rushed to completion, and that the total floor space will total more than sixty acres when these new buildings are occupied.

And "Dad" Shive, their dealer for this territory, will have another carload of their cars here by the 10th of next month, and another to follow in March, and will be able to fill orders by the time the roads are in condition for motoring. We believe in "preparedness." 1t
