Some time ago Mr. Virgil secured the agency of a car of eastern manufacture, and the first car arrived today, and is being uncrated and set up ready for demonstration. Although the Virgils refuse to divulge the name of the car or the makers, it is pronounced by those who have seen it as the finest ever brought to Klamath Falls.

Although Mr. Virgil maintains much secrecy in regards to his car, he admits that it is equipped with all the latest appliances, and is somewhat smaller than a Ford, and is a runabout. Arrangements are being made to have the car on display in their window on Saturday.—adv.

"SIN"  
"You cannot sin by two and two and settle one by one."  
Thus it is writ and so shall be  
Till the set of earth's last sun.

For sin is sweet, and vows are frail  
As the stars of a tortured night  
That lingering look on the sullen dawn  
'Ere they sicken and allak from sight.

Black sin has patted God on the head  
That women might call him brave,  
But the deep-bit brand on his crimsoned hand  
Not the seven seas shall lave.

And when husked lives are ranged in rows  
At the trump of the Judgment Day,  
They shall cry, "the soul that he got  
from God  
He has bartered for woman's clay."

And the winds that blow between the worlds  
And sound the deeps of space  
Shall mock the tears of the fool who died  
For a woman's lying face.
