Constipation is a very simple, natural trouble, but unless properly treated, it may develop into a most serious and complicated disease. We advise that Carl's Little Liver Lifter be kept in every home. We cannot recommend these pills too highly. We caution our patrons against the free and indiscriminate use of laxatives and purgatives. 25c. Star Drug Co.

Must We Pay to Have Our Checks Cashed at Banks?

United Press Service
WASHINGTON, D. C., April 12.—Attorney General Gregory will say today whether Mr. American Citizen must pay to have his federal reserve bank checks cashed at federal reserve banks. Maybe Mr. Gregory will say the banks must cash them without charge—at present they pay.

That's one of the questions the federal reserve bank governors met here today to discuss. They came from all parts of the United States. They hope to make plans today for a standardized clearing house system for all the member banks.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath what a gratifying change would take place. Instead of the thousands of sickly, anaemic looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists, we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drugstore, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.

GERMAN WOMEN EXCEL AT SALES

WAR HAS DEVELOPED A NEW LINE OF ENDEAVOR FOR WOMEN, IN WHICH THEY ARE A GREAT SUCCESS

United Press Service
LEIPZIG, April 12.—Dr. Wendtland, chief counsel to the Leipzig Chamber of Commerce, the most important commercial body in Germany, today said:

"Women have taken the places of men in every line. Most of our employees in the Chamber of Commerce are women, and it is amazing how well they take hold. Every store and every office has its women assistants today who do the work the men in the field used to do."

"But what are the firms doing for expert salesmen?" was asked.

"Women are now the sales experts," he said. "This is the day of the woman. Expert saleswomen are the product of this war."

"But what are you going to do after the war, when the men return from the front?"

"There will not be much competition then," he replied. "Our losses have been such that many of the women who work today will be needed in their same positions after this war is over."

When Every Move Hurts

Lame every morning, aching and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use.

W. H. Bell, Eberlain avenue, Klamath Falls, says: "I used to have attacks of lumbago so bad that I would fall to the ground. I was unable to make a move, as the pain was so severe. It felt as though my back was broken. My kidneys, during these times, were irregular in action. After I began taking Don's Kidney Pills, I had very little trouble with my kidneys and back."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the same that Mr. Bell had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

FEARING FLOOD, MAN PUTS FAMILY IN ARK

United Press Service
DRAYTON, N. D., April 12.—John Rule has elected to become the modern Noah. Believing that Red River floods presage a deluge equal to that described in Genesis, Rule today moved his family into a home-made ark provisioned for forty days. He took his family with him, and is now busy herding in the animals two by two.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which, if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation, should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results. (Advertisement)

TODAY'S ODDEST STORY

United Press Service
PORTLAND, April 12.—Thousands of gorgeously plumed Chinese pheasants infesting the highways and byways of this city today are making life a burden for Portland housewives and property owners. Apparently they belong to no one in particular. Game laws and anti-fire-arm city ordinances prevent their slaughter. So the birds continue to rip out gardens, fly through windows into the bosoms of families, and to play hob generally. Mayor Albee has refused S. J. Claridge and other citizens permission to shoot the pheasants, but has instructed the police force to "shoo" the critters away as much as possible.

TEACHERS OF NATION

TO DISCUSS PAY AT CONFERENCE TODAY

United Press Service
PHILADELPHIA, April 12.—The meagre pay of school teachers will be discussed by educators from different parts of the country at the opening of the University of Pennsylvania's "Schoolman's Week" here today.

The meeting may take official action, pointing out the importance of having high grade teachers for the nation's embryo citizens.

Particular attention will be given plans for the development of the "continuous classes" system in grade country and high schools.

The "continuation classes" such as are now established in the schools here, are like college post graduate courses. They permit grade students to start their life work while continuing certain studies on part time. Dr. Lotus P. Coffman of Minnesota is to be one of the speakers.

W. S. Slough for Assessor

I am being asked how I would assess various kinds of property. It would be too long a story to tell in detail but I would be actuated in all cases by the principles of the square deal.

I would act on my best judgment. If in doubt, I would do as I do in the loan business. I would seek the advice of honest, fair minded men, and then act on my best judgment as aided by the advice obtained.

Italian Students Attend College Between Battles

United Press Service
UDINE, Italy, April 12.—American university students who complete their academic courses by delivering papers, waiting table, etc., are gone one better by the medical students of the Italian universities at the front here today.

Although mobilized and actually fighting at the front, the medical students of the fifth and sixth years have installed at general headquarters here a medical school where they complete their studies between battles and graduate on schedule time.

The school is called the Castromo University.

This novel undertaking is possible because in all Italian schools and universities the curriculum is uniform. The government sent the material and professors. The building is equipped with lecture rooms, clinics, operating rooms, laboratories, hospital and every detail of the modern medical school.

The students prepare their lessons in the trenches or wherever they happen to be, and attend lectures and clinics as often as their military duties will permit. All who may not be killed in the meantime expect to graduate on schedule time.

If not, are you, the parent, to blame?

It is easy to say, "yes, next year I will get you a piano and you may begin your music," but the old adage says "never put off until tomorrow that which you can do today."

The prices and terms on this shipment of factory sample pianos are so low that by making small sacrifice you may have music in your home.

**-this is what Studebaker COMFORT means!**

Just look at that illustration a second time. Look at the roominess of this new Studebaker SERIES 17 FOUR—the individualized COMFORT that's built into the car for every one of the SEVEN passengers it carries.

Not a detail has been overlooked that will make the car easier-riding. The front seats, for example, are divided—and they are also adjustable—that is, they can be moved fore or aft to fit the passenger's wishes.

In the tonneau, roominess is especially evident—lots of room for five full-grown people. The rear seat is wide and deep and luxuriously upholstered with the finest straight-grain semi-glazed leather. And everywhere roominess, convenience and a host of COMFORTS have been built into the car.

This new Studebaker is the most powerful 4-cylinder car on the market within hundreds of dollars of its price—the biggest car that any such price as \$875 ever bought—but on COMFORT alone it stands as the GREAT value of the year. Come in and see for yourself what Studebaker COMFORT means.
