## Uncle Sam's Soldier Bathing on the Mexican Desert

Tarantulas, rattlers and gila mon-  
sters are more plentiful on the Mexi-  
can desert than is water, and when  
one of Uncle Sam's Villa hunters has  
to take a bath he must be mighty  
careful with the water. This member  
of one of General Pershing's regiments  
has a single pail for his own use.

Nor are there bath houses in the  
army equipment, nor brush nor trees  
behind which soldiers may hide. In  
fact, there is nothing but the sage  
brush through most of the country the  
army has traveled, and a sage brush  
on a dry desert is a stunted plant,  
much too small to hide a husky soldier.

It is estimated that automobiles car-  
ried to the Grand Canyon National  
Monument last year 20,000 persons,  
while the number of persons to reach  
the canyon by railroad was 92,000, or  
five times as many as in 1914.

New York leads all the other states  
of the Union in lumber consumption,  
with a total annual bill for timber of  
all kinds of over \$100,000,000.

Pennsylvania has a woman car  
wheel maker.

## USE OF SLAVS IN WEST EXPLAINED

**WAR EXPERT SAYS THIS IS  
NECESSARY OWING TO BRITISH  
ERS' SLOWNESS IN COMING TO  
THE COLORS**

By J. W. T. MASON  
(Written for the United Press)

NEW YORK, April 26.—The landing  
of Russian troops in France to partici-  
pate in the fighting along the west-  
ern front is probably an effort to sup-  
port the out and out conscriptionists  
in England.

Russia cannot spare a sufficient  
force from her own battle fronts to  
cause any material change in the mili-  
tary situation in France. But even a  
small body of Slavs contributed to  
France must exert a powerful moral  
influence on Great Britain at a time  
when the British ministry is threat-  
ening to break up over the question  
of impressing more men for the French  
front.

Since the beginning of the Verdun  
offensive the British have assisted the  
French by taking over the western  
front from Arras to the Somme. This  
has released probably 100,000 French  
troops for operations at Verdun. But  
there has been no active aid extended  
to the French by the British, so far as  
is known. The reason for this prob-  
ably is that the present number of  
trained British soldiers under arms  
does not permit an extension of the  
British front. To contribute still fur-  
ther to the allies military strength in  
the western area, Great Britain must  
have more men. The appearance of  
the Russians in France emphasizes the  
difficulties the British government is  
experiencing in keeping up its re-  
serve.

## OREGON'S OUTPUT OF GOLD AVERAGES \$50,600 A COUNTY

UNIVERSITY OF OREGON, Eu-  
gene, April 26.—Although twenty-five  
of the thirty-five counties of Oregon  
contain deposits of gold, the total gold  
output of Oregon in 1915 was only  
\$1,771,618.

This figure shows an increase of  
\$182,218 over the output for 1914, how-  
ever, although in the last two years  
the number of producing mines has  
fallen off fully one-third.

Of the 175 producing properties in  
the state last year, 125 were placer.  
Most of the properties are small, al-  
though there are seventy-three mining  
districts, few operations are exten-  
sive.

Baker county produced about 84 per  
cent of the gold taken out in 1915. The  
most important placer enterprise in  
the state is in Baker county, on Pow-  
der River, the output of one big com-  
pany, which operates two dredges, be-  
ing greater than the combined remain-  
ing placer output.

## DOUBLE TREAD TIRES

Your Junk Tires Made to Run  
2,000 to 5,000 Miles More

Our method will save you 75  
per cent of your tire cost. We  
will give you a double strength  
casing, practically puncture, blow-  
out and weather proof. Send us  
two of your old junk tires and we  
will combine them into one thor-  
oughly serviceable casing.

The cost is insignificant from  
point of mileage, especially in  
view of the fact that new tire  
prices are soaring. It figures a  
small fraction of a cent a mile,  
whereby you save the price of a  
new tire. If you have several we  
will be able to re-tire the four  
wheels of your car. If you have  
only one we will furnish the other.  
They have proven their value to  
our many customers. One trial  
will number you among them.
