

German Officials Positive Crisis is Now Over

SPECIAL ORDERS ARE ISSUED SUBMARINES, PENDING SETTLEMENT

By CARL ACKERMAN
(United Press Staff Correspondent)

BERLIN, April 27.—The United Press is able to state upon most authentic authority that the crisis in the American controversy has virtually passed. There will be no rupture predicated on developments to date.

Pending negotiations, all submarines will operate under explicit instructions. The nature of these instructions is not given out, but assurance is furnished that the acts complained of by America will not be repeated during the period of negotiations.

The crisis was passed Tuesday, when Foreign Minister von Jagow received information of America's attitude.

Opinions differ here as to whether the chief credit goes to American Ambassador Gerard here, or to German Ambassador von Bernstorff in Washington. Gerard goes to the kaiser's headquarters today for a conference.

Chancellor von Bethmann-Hollweg is expected back tomorrow. He will then prepare Germany's reply to Wilson's note, which it is expected will reach Washington by the end of the week.

Hollweg, Kaiser Wilhelm, General von Falkenhayn, chief of the army staff, and Admiral von Holtzendorff, chief of the navy staff, are in conference at the kaiser's field headquarters. It is understood that the German reply will not fully meet the American demands.

Today's Tageblatt declares that Ambassador Gerard is convinced that Germany is honestly striving to avoid a conflict.

Ambassador von Bernstorff has been ordered to seek a more definite statement of the American position.

WASHINGTON, D. C., April 27.—German Ambassador von Bernstorff is doing his utmost to prevent a break between America and Germany. One high official today stated that the work of the ambassador is greatly appreciated here.

As long as von Bernstorff is trying to meet Wilson's views, it is not believed likely that the president will demand any greater haste, or take any action whatever to embarrass him.

Shippington Road Rally Will Be City's Biggest

Considering the plans being made for the big affair, the Shippington road rally tomorrow night bids fair to be the greatest demonstration ever held in Klamath Falls. All of the supporters of the proposal to improve the road—and they are legion—will be out in force, so the parade and succeeding rally will be well worth seeing.

The big Kelly truck of the Western Transfer company has been donated for use as a band wagon, and this, with the musicians, will head the big procession. Local automobile men are lining up their machines for the parade, and some of the men who have machines for rent have placed these at the disposal of the committee, to be used in transporting the Shippington and Pelican City crowd to and from town.

The Klamath Motorcycle Club is composed of good roads enthusiasts, and this live organization will be much in evidence in the parade. There will

also be long lines of automobiles. Red fire and torches will furnish the illumination. The parade will form at the Central school house at 7:30, and from there the automobile and motorcycle sections will traverse the Mills and Hot Springs additions.

Upon the return of these sections to the school, the marchers will form in line, and the procession will march up Main street, to the music of the band. All wishing to participate in the parade should be in front of the Central school not later than 7:30.

After parading Main street, the procession will break ranks at the court house park. Here the rally speeches will be made.

E. B. Hall, chairman of the citizens' mass meetings which evolved the highway improvement plan, will preside at the Friday night meeting. School Superintendent R. H. Dunbar, Attorney Chas. F. Stone and others will also make short talks.

COMMITTEE BOWS TO THE JAPANESE

CHANGES ASKED IN BILL ARE REPORTED TO HAVE BEEN MET IN EVERY DETAIL BY THE COMMITTEE TODAY

WASHINGTON, D. C., April 27.—The requests of Japan for changes in the immigration bill are reported to have been completely met in an amendment to the bill, which was endorsed today by the majority of the senate immigration committee.

It is understood that the committee was told Japan would be seriously offended at any enactment designed to keep the Japanese out of America, and would feel the law as now framed a reflection upon Japan's honor.

IRELAND UNDER MARTIAL RULE

REBELLION SPREADING TO OTHER COUNTIES, ACCORDING TO ASQUITH—SEVERAL PLACES IN DUBLIN ARE STILL HELD

LONDON, April 27.—Premier Asquith announced today that all of Ireland is under martial law. The situation is still serious, and the rebellion continues to hold some of the important public buildings in Dublin.

The indications are that the disorder is spreading in Western Ireland. Street fighting in Dublin continues.

Asquith's statement came like a thunderbolt in the midst of reports indicating that the rebellion had collapsed. It is understood that the government is hurrying more troops, as the rebellion appears to be spreading in the counties of Limerick, Tipperary, Clare, in the province of Connaught, where the Sinn Fein organizers are active.

After Asquith had made his statement, Carson and Redmond strongly supported the government. Redmond denounced the Dublin rioters, and was wildly applauded.

Officer Reprimanded for Neglect of Duty

General George P. Scriven, chief of the signal corps of the United States army, has been reprimanded by Secretary of War Baker "for his failure personally to supervise the disciplinary features of the aviation corps administration." This action grows out of Secretary Robinson's expose of the incompetence and inefficiency of the aviation corps under Colonel Samuel Reber, chief of the aviation section.

ACCUSED LADS ARE OUT NOW

W. H. A. RENNER ASSUMES RESPONSIBILITY FOR THREE LADS, PENDING REST OF HEARING ON MONDAY

The three lads who have been accused of a series of thefts, and who have been under examination by the juvenile court, are now at their homes. Following their apprehension, they were turned over to Police Chief Baldwin by County Judge Hanks, and they have been detained in the corridor of the city jail.

At a meeting of a number of men held last night, the question of the boys being held was mentioned, and as a result, they started efforts to secure their release until the hearing is resumed Monday. An order for the release of the trio was made by Judge Hanks after W. H. A. Renner appeared before him in behalf of the boys, and agreed to have them on hand Monday morning.

In the meantime, the police and the sheriff's office force are investigating a series of thefts charged to the boys. Among these are the burglarizing of the office of R. S. Moore on Main street and the residences of J. H. Carnahan and Clyde Hoffman on Seventh street. The losses reported aggregate close to \$500, and even include a motorboat.

The question of whether or not there are some older people implicated with the youngsters is now receiving attention from the officers.

In Klamath Falls, and many devotees of handball. The lack of suitable public courts has long been felt here, and the new courts will undoubtedly prove popular from the start.

A baseball game of interest to many is to be played at Dorris Sunday afternoon, between the Dorris team and a team of "Yannigans" organized by Cale Oliver. Many of the fans are planning on accompanying the team, providing it makes the trip by train, thereby assuring a reduced fare.

Members of the local team are as follows: "Sharkey" Clark and Thresher, catchers; Earl Hilton, Boatwick, Foster and Brown, pitchers; Simmers, Montgomery Steiger, Arnold, Marvin Hilton and Petersteiner, with one of the extra battery men, for the infield and outfield.

Local Women Asked to Form a Relief Branch

Klamath Falls may soon have a branch of the French Relief committee, the organization which is working all over the United States for the preparation of bandages, etc., for the relief of the wounded treated in the hospitals of the entente allies in Europe. A meeting will be held at an early date to take this matter up.

The question of an organization in Klamath Falls was brought up by Mrs. Casserly, president of the San Francisco committee. As the larger towns around the bay are taking the work up with great success, Mrs. Casserly has written Mrs. W. Paul Johnson, asking about forming a branch here.

Mrs. Johnson will take the matter up with the heads of various women's organizations here, and will call a general meeting later, to form organiza-

DODD STILL ON TRIAL OF VILLA FORCE IN SOUTH

ANOTHER BATTLE IS EXPECTED HOURLY

Coming Conference Between Scott and Obregon is Awaited With Interest. Both Sides Thought to Have Two Entirely Different Views of the Matter—Meeting Opens Saturday, and Lasts Several Days.

EL PASO, Tex., April 27.—After a brief halt at Minaca for supplies and fresh horses, Colonel Dodd's cavalrymen have resumed the chase of the Villistas they engaged in battle Tuesday. News of another battle is expected hourly.

It is believed that Americans working from Providencia and San Antonio, Mexico, are hemming in the bandits.

It is officially stated that General Obregon will confer with General Scott at either El Paso or Juarez. The meeting will open Saturday, and will probably last for several days.

Indications are that the two sides are coming to the meeting with different viewpoints.

General Scott is seeking a final solution of the entire Villista border raid question, and the matter of safety for Americans in Mexico. Carranza, it is understood, may demand a withdrawal of American forces.

CHRISTIAN MISSIONARIES MUST NOT SCOFF AT HINDU RELIGION

WASHINGTON, D. C., April 27.—To do successful missionary work among the Hindus, Christians must recognize, for a time at least, the caste system. Sherwood Eddy, noted worker in Oriental fields, told the Men's National Missionary congress here today.

Hindus of one cast will not accept religious advice from another, he said. But if the Christian religion could have sufficient teachers who are members of the lower strata of society, 50,000,000 converts would be obtained in a short time, Eddy predicted.

He had found in China, he said, that the educated classes were the hardest to reach; but that in India it was the uneducated mass of lower caste Hindus that was hard to get at.
