DRAINAGE OF THE LOWER LAKE NOW A SETTLED FACT

AGREEMENT REACHED WITH VAN BRINMERS

Meeting of North Grounds and Districts of Van Brinmers ditch Water Rights was held yesterday, and arrangements Discussed were satisfactory in all respects. Will Be Held in Short.

It is a meeting of the directors of the Klamath Irrigation District to discuss the drainage of water rights under the Van Brinmers ditch. The agreement was reached regarding the drainage and other matters associated with the ditch located around Lower Klamath Lake.

The Van Brinmers ditch takes water from the lake and discharges it into the Lower Klamath River. The agreement has been reached to improve the drainage system for the benefit of all parties involved.

DITCH HURD YESTERDAY

The agreement has been reached to improve the drainage system for the benefit of all parties involved.
