HOW SMALL IMPORTS DEMORALIZE OUR MARKETS

IT IS ONE of the misfortunes of the democratic party that its economic policies are framed chiefly by men who have had no practical experience in business...

Men who have had practical experience in business know better. A very small excess of supply will demoralize a market. To take a local and easily understood illustration, let us suppose that in a certain community there is in the strawberry season a market for 10,000 crates of strawberries...

That is exactly the situation presented under a free trade policy in this country. While it is true that the imports from foreign countries are small in proportion to the total consumption...

It is not a sufficient answer to this to say that strawberries, for example, are a perishable crop, while woolen goods are not. From an economic standpoint a stock of woolen goods is perishable...

Under a free trade policy not only the goods that have been manufactured, but those that can be manufactured on the other side of the ocean, constitute a standing surplus constantly menacing the market of the American producer...

CLOSING THE ANKENY CANAL

By HORTENSE HOGUE Klamath County High School Student THE people of Klamath Falls are again preparing a celebration in honor of the closing of the Ankeny canal. As often, in the past, we are being assured that that much desired event is not to be far in the future...

It is said that "the pleasures of anticipation are greater than those of realization." This is hard to believe in this instance, but if so, the question of closing the canal has afforded its full measure of pleasure to the people. Therefore, we are now ready to accept the realization.

Long live the mayor and council who will exterminate this menace to our health and happiness. Klamath Falls Steam Laundry uses bleach that prolongs the life of the material. Samuel J. Dickson, manager. 26-4*

Scattered Shots

NOW THAT THERE'S good weather, some people say it's too dry, and we ought to have rain.

IT WAS A YEAR ago Sunday that the Lusitania was torpedoed. Maybe, a year from then, the last note may be written.

THE MUNITION WORKERS evidently believe in striking while the orders are hot.

IT IS THIS strike breaking duty, not a lack of patriotism, that keeps men and youths from joining the National Guard.

A COUPLE of more days like this, and you'll find the school boys with the usual summertime burned back.

SHIPPINGTON SIDELIGHTS

The la grippe, influenza, epidemic or whatever it's called, together with worrying over the county school superintendent contest, has just about done for this scribe.

Miss Hendrickson is here to visit her brother, W. B. Hendrickson, who is freeman at R. A. Johnson's mill. The young lady is from Salem.

R. R. Yancey, who has had a protracted siege of asthma, we are now pleased to state, has almost fully recovered his usual health.

Mrs. Captain Wickstrom has been on the sick list with a severe attack of influenza.

C. B. Clendenning has planted several acres to sugar beets. Captain Parker is thinking of running the steamer Annie Laurie as an excursion boat this summer. It is to be hoped so, for it would be appreciated by many people in this neck of the woods.

Guy Wayland of Los Angeles, and Elfin Carol King, were awarded the prize for being the most elegant waiters at the dance at Saint Cloud last Friday night. This was a highly novel dance. Miss King, be it known, is none other than the high soprano of the far famed Saint Cloud Mechanical choir, and violinist of the Suffragist orchestra.

There is probably no more industrious man on earth than John Linnman. Sing's handed and alone, he is boating dirt and making a fill the size of a city lot on his marsh land property near Winema landing. John works like a beaver—and like a beaver, he knows what he is working for.

T. A. Barton, the pedagogue, has constructed a fence around his property on Buena Vista Heights. He says the "stock" ordinance is all right, but he will take no chances in having his garden chewed up.

B. V. Finell is preparing to build a water tank for a water system for his house. The water will be supplied by his 140 foot well, his windmill and pump.

Women in Massachusetts have an eight hour day in a few trades only—typographical, telephone, bindery, compositors and cigar strippers.

Candidate Life Just One Social After Another

By A RAMBLER

It was pie at Lorella. Saturday night marked the end of a busy week for the candidates, as most of them made an eighty mile jump from Fort Klamath to Lorella and back to Klamath Falls. In spite of its being such a long and tiresome round of meetings, the most of the candidates were at Lorella, and a large gathering of Langell Valley people were present.

Fred Fleet, who has been out in that section of the country before, and who calls most everyone by their first name, acted as chairman, and after a well rendered recitation by Mrs. Gartell, introduced the speakers. Someone had to be a Pie-in-ear as soon as the bill of fare was exhibited, but no one thought of being pi-ous.

Miss Wells gave a reading, and George A. Haydon gave a vocal solo. Pie and coffee were served, the proceeds of the sales going to the Langell Valley Sunday school.

A meeting has been scheduled for May 5th by John Irwin and C. M. Onell, at which time the people of the valley will be informed just what is the matter with law enforcement in Klamath county.

It is regrettable that this meeting is to be held on the same night as the Spring Lake meeting, as many who would otherwise be present will not be able to be there. However, as a few challenges were offered, it is expected that many people from here will go.

Over 300 people were in attendance at the candidates' meeting and ball at Fort Klamath on April 29th. The meet-

ing was held in Melhase hall, and the S.I.O. sign was out long before the candidates started speaking.

Dr. A. A. Soule, who is regarded as a home product by Wood River people presided, and limited the speakers to one and a half minutes for recommending their respective qualifications. Few were able to tell even how satisfactory they regarded themselves in such a short time, but none overlooked the opportunity to solicit the aid of the voters in the primaries.

Thirty-one candidates were present and after the voters heard from all the floor was cleared and dancing commenced. At midnight a supper was served at the Jackson hotel, where 175 people partook of the fine chicken supper.

Dancing continued till after 3 o'clock in the morning. The Fort people turned out very strong. They saw the candidates, and now have decided to hold a meeting on May 17th for the purpose of discussing the aspirants for offices.

This meeting is for the voters, and not the candidates, and no candidates will be admitted under penalty of losing all the votes of Wood River precinct.

Many Klamath Falls people, in addition to the candidates, will attend the meeting at Bly Friday. The other candidates meetings scheduled are as follows:

Saturday night, Upper Poe Valley school house.

May 12, Merrill.

May 13, Malin.

One at Hildebrand, date to be set later.

Case After Case

Plenty More Like This in Klamath Falls

Scores of Klamath Falls people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such an endorsement? M. G. Wilkins, 638 Grant street, Klamath Falls, says: "I am subject to backache at times, and then my kidneys are more or less irregular in action. After taking Doan's Kidney Pills a few days, my kidneys act perfectly regular and my back feels as strong as ever. I advise anyone who is suffering from backache and kidney disorders to give Doan's Kidney Pills a good trial, for I know they are very reliable."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wilkins had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

DRINK WATER TO AVOID SICKNESS, SAYS AUTHORITY

GLASS OF HOT WATER BEFORE BREAKFAST DAILY KEEP THE DOCTOR AWAY

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.
