DOUBLE TREAD TIRES
 Your Junk Tires Made to Run
 2,000 to 3,000 Miles More
 Our method will save you 75
 per cent of your tire cost. We
 will give you a double strength
 casing, practically puncture, blow-
 out and weather proof. Send us
 two of your old junk tires and we
 will combine them into one thor-
 oughly serviceable casing.
 The cost is insignificant from
 point of mileage, especially in
 view of the fact that new tire
 prices are soaring. It figures a
 small fraction of a cent a mile,
 whereby you save the price of a
 new tire. If you have several we
 will be able to re-tire the four
 wheels of your car. If you have
 only one we will furnish the other.
 They have proven their value to
 our many customers. One trial
 will number you among them.

First View of Russian Soldiers in France

Here is the proof that Russian sol-
 diers reached France at least two
 weeks before the news of the arrival
 of some at Marseilles was permitted
 by the censor to be made public. This
 photograph was taken during the first
 part of April. It shows detachments
 of 10,000 Russians, who reached Tou-
 lon from Dalny and Vladivostok. They
 were taken to Paris, where they drill-
 ed for some time before they were
 sent to the front, about 100 miles east
 of Paris.
 The view shows the Russians drill-
 ing in Paris barracks while French
 marines look on. It is understood
 that on their arrival in Toulon the
 government said they were Serbian
 refugees. The Russians' uniforms
 were made for them in Paris, and
 uniforms for 300,000 more are believed
 to have been made.

**Riggs Bank Case Trial
 is Started in Capital**

United Press Service
 WASHINGTON, D. C., May 8.—With
 the leading legal lights of New York
 and Washington as advocates, and
 bankers throughout the country as
 audience, the famous Riggs bank case
 came to trial here today.
 Charles G. Glover, president; Wil-
 liam J. Flather, vice president, and
 Henry H. Flather, former cashier of
 the Riggs National Bank are answer-
 ing the charge of perjury in the dis-
 trict supreme court.
 The three men are charged with
 testifying falsely that the Riggs bank
 did not engage in stock transaction.
 Back of the case is the fight that
 has raged for a year, or since the
 Riggs bank officials charged Secretary
 of the Treasury McAdoo, Jehn Skel-
 ton Williams, comptroller of the cur-
 rency, and other treasury officials with
 conspiracy to wreck the bank.
 The bank officials plead that the
 stock transactions, alleged by the gov-
 ernment to have been with the de-
 funct Lewis, Johnson & company in
 the name of the bank, were those of
 the bank's customers.
 Samuel Untermeyer, chief counsel for
 the treasury officials in the conspir-
 acy suit, is expected to act in an ad-
 visory capacity to U. S. Attorney Las-
 key, prosecutor. For the bank officials
 the star corporation lawyers of Wash-
 ington are acting.
 The fight between Williams and the
 bank officials has been bitter. Charges
 of perjury, bad faith and general un-
 desirability have flown back and forth
 between them ever since the spring
 of 1915.
 Upon the acquittal of the officials
 or their resignation hangs the re-
 newal of the charter of the Riggs
 bank—one of the oldest and strong-
 est outside of New York. Williams
 has hinted that he will not renew the
 charter if the present officers remain
 in charge unless they are freed of
 the perjury charge against them.
 It is possible the trial will not be

The Weber Always Leads
 ABOUT 1845, when the first Weber was built, you
 could not buy a better wagon than a Weber.
 There were no better built. Weber made "the best" his
 standard.
 That was nearly seventy years ago, but the standard has been the
 same every year since. You know that, from the good work you have
 seen Weber wagons doing. You know they have been always popular.
 We can show you, if you come in, that "the best" is the Weber
 standard-to-day. We want to show the wagon to you in the up-to-date
 form, with every improvement, some of which you can't find on any
 other make of wagon.
 You can see, here in the store, the new fifth wheel, the folding end
 gate, the link and rods, the strong construction of gears, wheels, and
 boxes. Come in the first chance you have and see this wagon.

**HAVE ROSY CHEEKS
 AND FEEL FRESH AS
 A DAISY—TRY THIS!**

Boys glass of hot water with
 phosphate before breakfast
 washes out poisons.
 To see the tinge of healthy bloom
 in your face, to see your skin get
 clearer and clearer, to wake up with-
 out a headache, backache, coated
 tongue or a nasty breath, in fact, to
 feel your best, day in and day out,
 just try inside bathing every morning
 for one week.
 Before breakfast each day, drink a
 glass of real hot water with a tea-
 spoonful of limestone phosphate in it
 as a harmless means of washing from
 the stomach, liver, kidneys and bowels
 the previous day's indigestible waste,
 sour bile and toxins; thus cleansing,
 sweetening and purifying the entire
 alimentary canal before putting more
 food into the stomach. The action of
 hot water and limestone phosphate on
 an empty stomach is wonderfully in-
 vigorating. It cleans out all the sour
 fermentations, gases and acidity and
 gives one a splendid appetite for
 breakfast.
 A quarter pound of limestone phos-
 phate will cost very little at the drug
 store but is sufficient to demonstrate
 that just as soap and hot water
 cleanses, sweetens and freshens the
 skin, so hot water and limestone phos-
 phate act on the blood and internal or-
 gans. Those who are subject to con-
 stipation, bilious attacks, acid stomach
 rheumatic twinges, also those whose
 skin is sallow and complexion pallid,
 are assured that one week of inside
 bathing will have them both looking
 and feeling better in every way.—Ad.

**W. S. SLOUGH
 For Assessor**

To the Voters of Klamath County:
 If I am placed in the office of assess-
 or by your votes I pledge myself to the
 following standards and ideals:
 1—I shall give all my time and the
 best of my ability to the work of the
 office.
 2—I shall do my best to place upon
 the tax roll every piece of taxable
 property in Klamath county, and will
 assess each piece equitably.
 3—The "timber baron" and "small
 taxpayer" will look alike to me. I
 stand for a square deal for all.
 4—I will not use the office to re-
 ward friends or punish enemies.
 5—I will not use the opportunities
 afforded by the office to promulgate
 any "ideas" or "isms." There is work
 enough in the office to consume all the
 time and energy of the most active
 man.
 6—The peace and prosperity of the
 county depend upon a just and intelli-
 gent administration of public business.
 7—Your support in the Primary and
 in the Election is solicited upon the
 above declaration of principles.
 Respectfully,
W. S. SLOUGH

**DRINK HOT WATER AND RID
 JOINTS OF RHEUMATIC RUST**

Why rheumatism and lumbago sufferers should drink phosphated
 hot water each morning before breakfast

Just as coal, when it burns, leaves
 behind a certain amount of incombust-
 ible material in the form of ash, so
 the food and drink taken day after
 day leaves in the alimentary canal a
 certain amount of indigestible ma-
 terial, which if not completely elimi-
 nated each day, becomes food for the
 millions of bacteria which infect the
 bowels. From this mass of left-over
 waste material, toxins and ptomaine-
 like poisons, called uric acid, is form-
 ed and then sucked into the blood,
 where it continues to circulate, col-
 lecting grain by grain in the joints of
 the body much like rust collects on
 the hinge shown above.
 Men and women who suffer from
 lumbago, rheumatism or sore, stiff,
 aching joints should begin drinking
 phosphated hot water, not as a means
 to magic relief from pain, but to pre-
 vent more uric acid forming in the
 system. Before eating breakfast each
 morning, drink a glass of real hot
 water with a teaspoonful of limestone
 phosphate in it. This will first neu-
 tralize and then wash out of the stom-
 ach, liver, kidneys and bowels the
 previous day's accumulation of toxins;
 thus, cleansing, sweetening and fresh-
 ening the entire alimentary canal,
 each morning, before putting more
 food into the stomach.
 A quarter pound of limestone phos-
 phate costs very little at the drug
 store but is sufficient to make any
 rheumatic or lumbago sufferer an en-
 thusiast on the morning inside bath.
 Millions of people keep their joints
 free from these rheumatic acids by
 practicing this daily internal clean-
 sation. A glass of hot water with a
 teaspoonful of limestone phosphate,
 drank before breakfast, is wonder-
 fully invigorating; besides, it is an
 excellent health measure because it
 cleanses the alimentary organs of all
 the waste, gases and sour fermenta-
 tions, making one look and feel clean,
 sweet and fresh all day.
 Those who try this for one week
 may find themselves free from all
 headaches, constipation, bilious at-
 tacks, nervousness, sour stomach and
 stomach acidity.—Adv.
