W. S. SLOUGH For Assessor

To the Republican Voters of Klamath County:

Friday of this week is PRIMARY ELECTION DAY. The peace and prosperity of Klamath county for the next four years will be greatly affected by the sort of service the county receives at the hands of its assessor.

If nominated and elected I shall use my utmost endeavor to make an EQUITABLE ASSESSMENT OF ALL THE TAXABLE PROPERTY in Klamath county. Such an assessment as I propose should lower our tax rates, and make our county a more inviting place for home seekers and investors.

I pledge to the people: ALL OF MY TIME; THE BEST OF MY ABILITY, and a SQUARE DEAL FOR ALL.

Respectfully,
W. S. SLOUGH.

Notice of Hearing of Final Account in the County Court of the State of Oregon in and for Klamath County, in the Matter of the Estate of Albert C. Hopkins, Deceased.

Notice is hereby given that Thomas Drake, administrator with the will annexed, of the estate of Albert C. Hopkins, deceased, having rendered, filed and presented for settlement his final account of the administration of the estate of said deceased, together with the petition of said administrator for the distribution of the residue of the said estate to the persons entitled thereto; and that Saturday, the 10th day of June, A. D. 1916, at 10 o'clock in the forenoon of said day, and in the court room of the county court of the state of Oregon, in and for Klamath county, situated in the city of Klamath Falls, county and state aforesaid, is the time when and the place where the hearing of the application of said administrator for the settlement of said final account and the hearing of such petition for final disposition and such other matters pertaining thereto as may be considered by the court in the premises, will be held and considered by the court; and all persons interested in said estate are notified then and there to appear and show cause, if any they have, why said final account should not be approved, allowed and settled, and said petition for final distribution and other matters and things stated therein granted as prayed for.

Dated at Klamath Falls, Oregon, the 3d day of May, A. D. 1916.

THOMAS DRAKE, Administrator with the will annexed, of the Estate of Albert C. Hopkins, Deceased. 2-10-17-24-31

Moreover, the automobile is destined to exert a great influence on modes of life, for it will be wholly practicable for the city's business men to make their homes far in the country and still visit their families at week ends and even at other times, without interfering with their commercial affairs. As traffic of this kind increases pride in the appearance of country lawns and highway roadsides is sure to be developed, until American highways may attain a beauty rivaling those of much older countries.

Now is the time to begin to beautify country roadsides, to plant trees and to clean up and clear away all disfigurements, in order that summer traffic may find everything spick and span in harmony with Nature's adornments. Why any land owner should limit his efforts at beautifying to the small patch of ground in front of his house, and neglect that all along the roadside before his farm, it is difficult to understand; for if he gets the credit for the beautifying in one place, he cannot avoid the responsibility for the neglect in the other. It is ventured that cleaning up the roadside along his entire farm will add as much to the value of the land proportionated to the labor and expense involved as will the improvement of his lawn.

County roads are community streets and the farmers living along them are at least morally answerable for their condition. To have beautiful lawns and ugly roadsides is to display a sort of half hearted sincerity that is not characteristic of the farmer in other affairs. When all the farmers unite in lawn and roadside improvement the entire community is beautified and inevitably must rise in the esteem of all who pass through it.

THOMAS DRAKE, Administrator with the will annexed, of the Estate of Albert C. Hopkins, Deceased. 2-10-17-24-31

ATTRACTING VISITORS

IT IS difficult to conceive the magnitude of the influence already exerted by the automobile upon modern life in all its phases; and yet that influence, great though it already is, is only in its beginning. The automobile and automobile traffic "grows with what they feed upon," for as they have been potent influences in securing good roads that influence will increase tremendously as roads are improved.

The distances traveled nowadays over ordinary country highways in a single holiday would be startling if they were not so common; yet with improved automobiles and improved highways those distances will be greatly lengthened, every highway and byway will be frequented.

Moreover, the automobile is destined to exert a great influence on modes of life, for it will be wholly practicable for the city's business men to make their homes far in the country and still visit their families at week ends and even at other times, without interfering with their commercial affairs. As traffic of this kind increases pride in the appearance of country lawns and highway roadsides is sure to be developed, until American highways may attain a beauty rivaling those of much older countries.

Scattered Shots

QUITE AN EPIDEMIC of insomnia is predicted for the candidates tonight and tomorrow night.

BUT EVEN IF

BUT EVEN IF some of them do get left at the post—which considering the number of candidates for sheriff and other offices, seems quite likely—they have all had an opportunity to get acquainted with the people all over the county.

ORINDALE NOTES

Ed Young of Langell Valley brought down a bunch of horses and mules he sold last Thursday, and he came out to C. G. Hunt's Friday, staying until Saturday morning.

Miss Cline came in from her school in Langell Valley Friday to meet her mother from California.

Mr. George of Plevna has charge of the road work between Plevna and Keno.

Sunday school was well attended at Plevna Sunday afternoon.

Mr. Bushong is installing a large pump in his reservoir for irrigating purposes.

Mr. Beldin hauled a load of hay from McCornack's ranch Monday.

T. A. Creagan has been repairing his rabbit fence around his place the last few days. He is lucky to have such a fence.

C. G. Hunt finished re-seeding about eighteen acres of his wheat Tuesday.

Mr. Ess of Plevna is planning on doing some irrigating in the near future from the looks of the work he is doing on the canal he is digging in from the river.

This coming Friday is a very interesting day for the candidates, especially the candidates for sheriff.

Not a Bite of Breakfast Until You Drink Water
Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out the thirty feet of bowels the previous day's accumulation of poisons and toxins, and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember, inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Adv.

Ed W. Gowen, present justice of the peace, Linkville district, candidate for sheriff in the republican primaries. His statement: When I was sheriff a few years ago, I stated I would make a complete and effective enforcement of the law, with no interest to serve but that of the public, and after I was elected and qualified, did rigidly endeavor to fulfill that promise, and my record as sheriff of Klamath county is an open book and bears me out. And if nominated and elected my former platform will be my guide in office.

My personal attitude is one averse to anything which might be termed a spectacular nature. I do not desire to arrest any individual without due cause, or for the sake of such notoriety to the office as might arise. On the other hand, necessity arising, absolutely no favoritism may be expected. I am for a strict enforcement of the law, but I am opposed to any absurd technicality which would permit harassment of any individual lacking influence and means of defense possessed by others. Prosecution for the sake of merely making a record for conviction has, to my mind, been one of the greatest fallacies in connection with the police power. I desire to guard against injustice as well as to serve justice, and to that end I shall continue to observe the strict spirit of the law, regardless of those whom it may affect. My platform is as follows:

If I am nominated and elected I will, during my term of office, construe my oath of office to mean a complete and efficient enforcement of the law.

I will have no interest to serve but the public interest.

I will give the protection of my office to all persons, and all classes alike.

I will personally conduct my office with strict regard to economy.

I will at all times serve all official papers with promptness.

I will give all prisoners in my custody humane treatment, wholesome food and clean quarters.

PINE GROVE PICKUPS

Mother's Day was observed in our community with church services at 11 o'clock in the forenoon, a basket dinner at 12, and church and Sunday school in the afternoon. The forenoon services were conducted by ministers of the Dunkard faith, while Dr. Morgan, pastor of the Pine Grove church, had charge of the services at the usual hour in the afternoon. The Sunday school substituted for its regular services a special program appropriate to the day.

Next Sunday afternoon Dr. Morgan will address the people of this community on the subject: "The Two Types of Mothers." This sermon is but a continuation of the subject of motherhood, which was so ably presented to us last Sunday by both ministers. Those who have had the pleasure of listening to Dr. Morgan's sermons, need not to be told that the subject will be discussed in an interesting and practical way.

Mrs. H. M. Miller, while driving to town last week, was thrown from the buggy, breaking and fracturing bones in the left shoulder. She is getting along nicely at this writing.

Rev. Mr. Teeters will preach to the people at this place next Sunday evening. Mr. Teeters has but lately come among us, and we should like to show our appreciation of the help he is giving us by having a large crowd present to listen to his address.

The Civic Club will meet with Mrs. G. Hilliard next Thursday afternoon. At the last meeting of the club officers were elected for the present year. Mrs. Elliott was chosen president, Mrs. H. M. Miller, vice president; Mrs. Syd McKenzie, secretary, and Mrs. Burt Hawkins, treasurer. Plans were made for extending the work of the club to include other lines of work not heretofore taken up, and much enthusiasm was manifested.

Our public school closed its 1915-16 term last Friday.
