FOREST INDIAN PUNISHED BY COURT

Herald Special Service

PORTLAND, June 21.—Elihu Costello, charged with setting fire, in September, 1915, on the Sitkayou national forest in Southwestern Oregon, was taken before Judge Ross of the United States district court recently, and upon entering a plea of "guilty," was sentenced to thirty days in the county jail.

In imposing the sentence, the court commented upon the seriousness of the offense, for which the penalty imposed by the statute is a fine of not more than \$5,000 or imprisonment for not more than two years, or both. Costello confessed that while employed by the forest service in fighting fires he had himself set fire to timber and undergrowth on the forest.

Mexican Minister Has Ticklish Job

Eliseo Arredondo

A decidedly busy man these days is Eliseo Arredondo, the Mexican minister to the United States. It is his duty to be the official representative of Carranza, and he must take the "cuttings" both ways when diplomatic notes are being exchanged.

CAME A-RUNNIN' AFTER STARTIN'

RAINBOW GARAGE MAN LOST BUT LITTLE TIME ON THE TRIP FROM SOUTHERN CALIFORNIA TO KLAMATH FALLS

Dr. J. J. Otey arrived in Klamath Falls last night from Pasadena, making the trip in a little less than three days. He says he saw no one coming this way except those he passed, and that even a rain storm failed to keep the pace set by the doctor. On Monday he drove 400 miles in a little over fourteen hours.

The doctor says that when the construction work now under way in the Sacramento canyon and a few other places is completed it will be an easy matter to drive to Los Angeles from Klamath Falls in two days.

Dr. Otey conducts the Otey infirmary in Southern California and the Malabow garage in Fort Klamath, and during the tourist season devotes his attention to the latter.

Dr. Otey was accompanied by his father, Geo. W. Otey. About two years ago G. W. Otey sold out his holdings in this section and went to Southern California, after a residence here of almost thirty years, and today he is enjoying himself meeting old time friends.

LOCAL COMPANY MAY BE FORMED FOR ARMY DUTY

MANY ARE READY TO ENLIST AT ONCE

Former Regulars, Volunteers and National Guardsmen are ready to join and drill the raw recruits—Adjutant General White is asked if there is need of another company

Klamath Falls may have a National Guard organization, providing the state officials authorize the formation of a company here. Since the president's mobilization of the national militia a few days ago, the question of organizing a company here for service has been a very live topic, and there appear to be already in sight a sufficient number of men to bring the company to necessary strength.

Owing to the interest shown here, a telegram was sent to Adjutant General White, commanding the Oregon National Guard, asking if there is any chance for the formation of a national guard organization here, and if so, an inquiry as to what branch of the service this should be for. It is useless, of course, to expect an answer today.

Among those interested in the company are former officers of the national guard, former regular soldiers, men who have seen service in the volunteer ranks in the Spanish-American war, and not a few who learned tactics in the national guard or in military schools. With these men as a nucleus for non-commissioned officers, the work of whipping the raw recruits into soldiers should be completed in a comparatively short time.

WASHINGTON, D. C., June 21.—President Wilson today interpreted the democratic platform plank regarding suffrage as being an approval of equal suffrage, but as recommending the movement should have its inception in the several states.

Democratic leaders claim Wilson will get thirty per cent of the progressive vote. They say the "Americanism welfare" plank in the democrat platform will pull the bullscoopers.

FOUR MILE LAKE ASTOUNDS THEM

PENDLETON MEN LEAVE KLAMATH GREATLY IMPRESSED WITH THE RESULTS OF FISH STOCKING ACTIVITIES

Klamath's rainbow trout sensation gained materially yesterday. Honorable Roy W. Whitner, Marshal Spell and Roy Buchanan, all of Pendleton, and Round-Up boosters, had received a tip on Four Mile Lake. They left Klamath Falls, with Henry Stout, yesterday morning and returned the same day with the limit of the finest trout that have ever been caught in a country where fine fish are the rule.

A number of camera men collected at the White Pelican this morning to get snap shots at the catch. It took three men to hold up the trout while the pictures were being taken. Every member of the party said he would gladly take a pack on his back and walk to Four Mile Lake from Klamath Falls for one hour's fishing.

Mr. Ritter was one of the prominent members of the game committee in the last session of the legislature and did effective work on behalf of the sportsmen of the state.

1917 CADETS MAY GRADUATE AT ONCE
WASHINGTON, D. C., June 21.—Embarrassed by a shortage of regular army officers at this time, members of the general staff today considered graduation next month of the class at West Point who ordinarily would graduate in June, 1917. In the event of war, some officials today told Secretary Baker such a step would be necessary.

The suggestion now considered is to give these men their commissions in July and send them as militia and recruit instructors. Should the number be insufficient, it was suggested these cadets be commissioned and assigned posts, while the class that would ordinarily graduate in 1918 be sent out as militia instructors.

SACRAMENTO, June 21.—Adjutant General Thomas declares that the California militia recruiting is proceeding very slowly. He says some reports are exaggerated.

KLAMATH PLAYS AT GRANTS PASS

MANY OF THE FANS ARE PLANNING ON JOURNEYING OVER THE HILLS TO ROOT FOR THE GOOD OLD HOME TEAM

Klamath plays its first game away from home Sunday, when the boys will play a return game with Grants Pass on the Grants Pass diamond. Considering the 4 to 3 ending of the game here, the contest Sunday is the cause of much speculation.

Many of the fans have arranged to accompany the team to Grants Pass to see the game, and to shout encouragement at sundry occasions. Other fans are now forming parties for chartering automobiles.

This will be the last game before the beginning of the three-game series with Duke & Hughson's All-Stars from Sacramento. This series starts July 2, and should be intensely exciting.

July 5th the team goes to Dorris to play the Willows Giants. Following that game, the Willows players will view Crater Lake and other Klamath scenic points, and will meet the locals again on Sunday, July 9th, at Medoc park.

United Press Service

The war department has wired Funston to recruit at once four infantry regiments and two cavalry regiments. These will be for regular army service.

It is officially announced that General Funston's scouts have failed to locate any Mexican troops which indicate of the communication lines. This materially reduces the anxiety regarding the expedition's safety. Several searchlights arrived today, and will be sent to Pershing's base for use in night patrol work.

WILSON LEAGUE IS FORMED HERE

DEMOCRATS EFFECT PERMANENT ORGANIZATION AT INITIAL MEETING, AND TEMPORARY OFFICERS CHOSEN

A Wilson and Marshall Club was formed by Klamath county democrats last night in a meeting held at the courthouse. The club plans to work for the interests of all democratic candidates.

J. E. Griffith was chosen temporary chairman and O. E. Willey temporary secretary. The club will meet next week to effect permanent organization.

Medford Bemoans Lack of Klamath Sportsmanship

You fans who were at the ball ground Sunday, when a visiting umpire, in an effort to save the money he had set on Medford, shaded his decisions in such a rank manner that protests were necessary, and when "Shorty" Miles gave an exhibition of rowdiness such as has never been tolerated here before, notes to this, from both of the Medford papers:

"In all my baseball experience, both amateur and professional," said Manager Irving of the Medford team on his return from Klamath Falls, where the local team met the nine of that city Sunday, "I have never seen a club with as poor a sense of sportsmanship as that of Klamath Falls. They played dirty baseball, started a fight at every opportunity and contested every decision our umpire made."

"The members of the team and six carloads of fans who witnessed the game, hold the same opinion of Klamath Falls' sportsmanship as does the manager and all hope to revenge their 5 to 3 defeat when Klamath Falls plays here July 3rd.

Medford's defeat was due to errors on the part of the outfielders, who were handicapped, they claim, by a very rough outfield, cut up with holes and slippery from the overflow of an irrigation ditch along the outer edge.

"The feature of the game was a double by Medford, Scholtz to Miles to Wilson, which prevented Klamath Falls from enlarging their end of the score two or three runs."

Campground for Autoists is Already in Real Use

As a result of the volunteers answering the call of Mayor C. E. Crier yesterday, Klamath Falls has an attractive free camp ground for the benefit of autoists and others passing through the city. City water is to be piped to the grounds, and a few other improvements will be made in a few days.

The workers yesterday neatly fenced the camp ground. They also cleared away underbrush and cleared up the site, while those handy with hammer and saw constructed tables and benches from lumber donated by the Big Basin Lumber company and J. F. Goshier & Son.

Already the camp ground is in use.
