

# Crater Lake Inn May Be Opened in Another Week

MEDFORD, June 21.—H. C. Tuller, who will manage the hotel at Crater Lake the coming season, arrived in Medford Monday with a trained crew of hotel helpers and will leave Tuesday for the lake. He will open the hotel at Anse Springs at once and expects to have the inn in operation by June 29th, the day the first party of tourists is scheduled to arrive from the east.

"The hotel will be able to offer first class accommodations the coming season, for the first time," says Mr. Tuller. "The building is now complete and well furnished. Heavy bookings for tourists have already been made, and we expect double the number of

guests that we had in 1915."

Word from the lake is to the effect that the snow is melting rapidly. Thursday there was but three feet depth at headquarters, and most of this has gone since.

Park Supervisor Will G. Steel and Court Hall left Monday with a crew of men to work on the roads, where the road men will begin clearing away the small trees and snowdrifts that obstruct the road from the government camp to the rim of the lake. As the cars can now reach a point within five miles of the rim, it is expected that regular service to the lake will be in operation by the 29th of this month.

## WORKING GIRLS' HOME NEW IDEA

NEW YORKERS PLAN TO IMPROVE CONDITION OF TOILERS BY PROVIDING GOOD SURROUNDINGS AT LOW COST

United Press Service  
NEW YORK, June 21.—Work was begun here today on a thirteen-story hotel for Gotham's hall-room girls. The structure, being put up by prominent New York women, will contain "beaux rooms" or "spooning parlors" on every floor and the girls may do as they please about the hours they keep. It is to be called the Hotel Irvin for Women, as the idea is Mrs. Richard Irvin's.

The first consideration is to provide an ideal and independent home for girls and women where charity will have no place. Each guest will be as independent as any guest of a hotel anywhere.

"The guests of the Hotel Irvin may go and return as they please at any hour of the night, and there will be no question of propriety as to the hour," was the announcement.

Mrs. Philip Chadborne said there were 70,000 working girls in boarding houses in Manhattan, most of whom have no place in which to receive company.

"We have never been able to learn how many hall-room girls there are in Manhattan," said Mrs. Chadborne. "But we have letters from girls complaining of their lot in such places, especially of the rule that prohibits them seeing their male friends at their homes. This leads to evils, such as frequenting cafes or walking the streets."

"The hotel will have a dance and assembly room, and, in addition to the house laundry, each girl may use a small laundry on each floor for washing handkerchiefs and waists," said Miss Virginia Potter. The thirteen floors will accommodate more than 400 women.

There are to be a number of these "beaux parlors," where each guest may have privacy. They are also to have a roof garden, a chaffin dish room for little parties, a big restaurant, a gymnasium, a hospital, sitting rooms, sewing
