CARRANZA ISSUES A STATEMENT IN REPLY

United Press Service
MEXICO CITY, June 30.—The foreign office today issued a statement replying to the last American note. This strenuously denies many of the charges made by the United States and makes some counter charges.

The reply makes no repetition of the demand for the withdrawal of the American forces.
In reply to the charge that bandits murdered Americans in Mexico, the statement says the bandits also murdered Mexicans, and that it is unreasonable to expect foreigners to be immune. It is also asserted that many Mexicans have been murdered on American soil, and the murderers have gone unpunished.

The statement declares the constitutional government has made every effort to punish the bandits. It says Mexican officials warned the San Venabel victims that bandits infested the country, and that they warned American officials along the border that Villa was approaching Columbus.
The government in this note resents the charge that the Carranzistas failed to co-operate with Americans in the hunt for Villa. It repeats the statement that Carranza never gave permission for the American expedition to enter Mexico.

United Press Service
WASHINGTON, D. C., June 30.—The administration early today asked the Mexican ambassador to hurry the receipt of Carranza's reply, if possible. Lansing frankly told the Mexican official that the patience of the administration is almost exhausted.

The state department also sent a telegram to Consul Rodgers at Mexico City saying all Americans should leave there immediately.
It was officially announced that although the release of the American prisoners made the possibility of a break with Mexico less acute, other matters between the two governments

must be settled before all immediate danger is passed, including the Carranza reply and General Trevino's orders restricting the operations of the American troops.

United Press Service
NEW YORK, June 30.—Mexican consul general Burns today said that the American troops must leave Mexico or war cannot be avoided.

United Press Service
SAN ANTONIO, June 30.—Colonel Joseph A. Gaston, commanding the Sixth Cavalry, today sent a radio message to General Funston denying the report that the Carranza garrison at Ojinaga attacked the American forces at Presidio.

Funston also denied the press reports in the morning papers to the effect that Carranzistas had cut off Pershing's communications with Columbus.
As a result, Funston has imposed a censorship upon the reports of all militia movements.

CRESCENT CASE ON TRIAL TODAY

JURY IS COMPLETED AND ARGUMENTS MADE BY OPPOSING COUNSEL IN CASE AGAINST C. C. RANDOLPH

At 3:30 this afternoon, the taking of evidence in the trial of C. C. Randolph on the charge of larceny of a steer began in the circuit court. A good sized crowd, including many people from the vicinity of Crescent, was in attendance this afternoon.
Randolph was indicted on charge of stealing a steer belonging to George Mayfield. The defense contends that the charge of larceny cannot be proven and hints that the steer in the case may have belonged to E. S. Grigsby of this city, the brands being the same.

Move for County Aid in Booster Work is Started

With a view to securing county aid for the maintenance of the Klamath Commercial Club, the directors of that organization have drawn up initiative petitions asking that the question of levying a quarter mill tax for publicity purposes be placed on the ballot in the fall. The petitions are now being circulated.
This method of county aid is being worked successfully in many parts of California, Oregon and Washington, and the plan is found more satisfactory, as it makes the cost very small to everyone, at the same time removing the big burden of the shoulders of a willing few who have always dug up for commercial club maintenance.
The preamble and petition being circulated are as follows:
"An act to authorize, empower and direct the county court of Klamath county, Oregon, to provide for the payment of all the necessary running or current expenses of the Klamath Commercial Club of Klamath Falls, Oregon, not to exceed a sum annually equal to one-fortieth of 1 per cent of the total valuation of all taxable property of Klamath county, Oregon; to levy a special tax for the payment of said expenses; and to direct the payment of same from the general fund of the county if said levy be not made.
Be It Enacted by the People of the County of Klamath, State of Oregon:
Section 1.—That the county court of Klamath county, Oregon, be, and it hereby is authorized, empowered and directed to order paid to the regularly elected, qualified and acting treasurer of the board of directors of the Klamath Commercial Club, Klamath Falls, Oregon, from the general fund of said county, or from a special fund created for that purpose by the said county court, a sum of money equal to one-fortieth of 1 per cent of the total valuation of all the taxable property of the

FIXING GROUNDS FOR THE SERIES

The fans will notice a number of improvements at Modoc park when the umpire yells, "Play ball!" Sunday for the first game of the series between Klamath Falls and Duke & Hughson's Sacramento All Stars. The diamond has been worked to smooth down spots, and thus make the playing a little speedier.
The netting in front of the grandstand has been inspected, and all weak places are being repaired, to prevent any foul balls from breaking through to imperil the fans. A large scoreboard is being built, and this will be placed where all the fans can see it.

MANY HORSES ARE BEING SENT AWAY

THREE HUNDRED HEAD LEAVE MIDLAND TODAY FOR CALIFORNIA—MANY BUYERS ARE SCOURING THE COUNTY

There is much activity in the local horse market, following the call of the United States for more animals for military service, and the recent placing of orders for more horses and mules by the French government. The E. Clemens Horst company of Sacramento, operating many large ranches in California, has a call for a big bunch of horses for military purposes, and their buyers are also visiting this section.
This morning 300 head of horses purchased by the Horsts in Lake county were shipped from Midland. These go to Chandler, Sutter county, California.
A number of other shipments, including some for Denver firms, have gone out recently, and still more are to follow.
It is understood here that J. Frank Adams, who recently purchased 1,000 head of horses from the "Horseshoe Bar" ranch at Wagonfire Mountain, has sold these horses to the Horsts.

Organization of Fourth Oregon is Next in Line

CAMP WITHYCOMBE, Clackamas, Ore., June 30.—Oregon's entire military forces are at the border or en route to the Mexican border today. The last contingent boarded a train at Clackamas station at 11 o'clock Wednesday morning for Fort Rosecrans, San Diego.
There were more than 400 men in the force leaving yesterday. They comprised the First battalion, the regimental band, supply and machine gun companies of the Third regiment.
But there may be more troops to go from Oregon. Cities throughout the state, including Astoria, The Dalles, Pendleton, La Grande, Baker, Marshfield and others where no militia companies heretofore have been stationed, report the organization of new companies already has begun. Captain Kenneth P. Williams, U. S. A., muster-ing officer for Oregon, has received instructions from the war department to muster in and send to the border any further troops which the state will mobilize in response to President Wilson's call. This means a new regiment—the Fourth Oregon.
The probability of coast artillery companies stationed at Albany, Eugene, Roseburg, Medford and Portland being called to men the coast defenses, relieving regular troops for duty as infantry is declared to be not remote. However, no such order is anticipated immediately, because Oregon's coast defenses have been stripped of troops for some time without the calling out of the guardsmen.
Camp Withycombe is practically deserted, little more than a week before the first state troops arrived. Only a few men rejected by the federal companies and a few more who are waiting for acceptance from the recruiting officers remain at Camp Withycombe.
The governor has named Major W. W. Wilson acting adjutant general, to take the place of Adjutant General George A. White, who left Wednesday night as captain of Troop A.
