SEE IMPROVEMENT IN NORTHERN CAL.

LOCAL MEN HAVE INTERESTING TRIP TO POINTS IN SISKIYOU COUNTY—TRIP FROM HERE WAS BY MACHINE

Dr. A. A. Soule and Gus, Richard and Al Melhas have returned from a trip into Northern California. They motored about 200 miles, and also hiked a good many miles, one of their tramps being a thirty mile walk to Cinnabar Springs. The party returned from Hornbrook via the Klamath river road, a distance of sixty-two miles, and they report the grade as excellent.

Shasta valley was visited by the party. They found this place, once a desert, now a vast field of alfalfa, since irrigation has been introduced. The party visited John Melhase, a Southern Pacific geologist, working on Humbug creek, and with him they visited several mines, panned out some gold and found a number of specimens.

The California highway right of way from the Shasta river to Hornbrook, according to the party, runs through a region of farms, barn yards and orchards. The grades and curves permissible make the route excellent.

Both Siskiyou and Humboldt counties are working on a road down the Klamath river to the ocean. They expect to secure state aid in making this a first class highway.

WAR WITH MEXICO IN '48

Outrages along the border and on the property of Americans who had concessions in Mexico stirred both countries. Mexico was full of military chiefs rivaling for national leadership. An American army was sent to the border. Clashes followed on American soil, and American soldiers were killed. The war was fought without a formal declaration of war by congress, President Polk simply declaring a state of war existing by reason of Mexico's acts.

CITIZENSHIP IS NATIONAL THEME

CHURCHES OF THE NATION WILL DWELL UPON THIS VITAL QUESTION SUNDAY—LOCAL PASTORS TO CO-OPERATE

Sunday, owing to its proximity to July 4th, has been designated as "Citizenship Sunday" by the bureau of naturalization of the department of labor, and a request has been sent over the nation to have sermons on citizenship, citizenship preparedness and kindred topics delivered in the churches Sunday morning. In view of the stands for "Americanism" by both of the great political parties, and the need for a thorough understanding of the duties of an American citizen during these days when sentimental affection for the land of one's nativity causes some to forget they disavowed that land and swore to be Americans, this is a splendid movement, and all should make it a point to attend one of the Sunday morning services.

Klamath Falls pastors will talk on this theme, in co-operation with the other workers for better citizenship conditions. Three sermons will be at the morning services and one in the evening. Visitors are welcome at all of the churches.

"The Essentials of National Endurance" will be the subject of the sermon to be delivered at Grace Methodist church by Rev. E. C. Richards. At Sacred Heart church, Father Hugh J. Marshall's subject will be "Citizenship and Klamath Falls." The question of "Whole Souled Citizenship" will receive attention in the sermon to be given at the Christian church by Rev. J. W. Jenkins.

At the Presbyterian church the citizenship sermon will be at the evening service, which begins at 8 o'clock. "What Our Flag Stands for" will be the subject of Rev. Charles T. Hurd's discourse.

Meeting of Catholics

A meeting of all of the adult members of Sacred Heart church will be held at the church assembly rooms Sunday immediately after the 9 o'clock mass. Matters of importance will be considered at that time, and the presence of every Catholic is desired.

JULY 4th

PATRIOTISM DAY ---that's a good name for the 4th of July; a day when all good citizens should re-affirm their allegiance to our country.

In the meanwhile, if you are preparing to make the day a holiday, and if your preparations include any of the things men wear, you'll want the co-operation we can give you in getting the right things. You may want

county of Klamath, state of Oregon, in twelve equal monthly installments.

Section 2—It shall be the duty of the county court, at the regular term thereof for the purpose of levying taxes, to make a levy of one-fourth of one mill, either as a general county tax, or as a special Commercial Club tax, to cover such payments; provided, however, that should the said county court fail, neglect or refuse to make such levy, the payments, provided for in this act shall be made from the general fund of the said county.

Section 3—The county court of the said county shall, on the first of each and every month after the taking effect of this act, issue to the treasurer of the board of directors of the Klamath Commercial Club of Klamath Falls, Oregon, a warrant on the county treasurer for the amount of the installment due for the preceding month, which warrant shall be paid in the same manner as other county warrants are paid.

Section 4—It is the duty of the duly elected county court of Klamath county, Oregon, to act in conjunction with and co-operate with the board of directors of the Klamath Commercial Club of Klamath Falls, Oregon, in the distribution of all funds derived in the manner heretofore described, in an effort to promote the agricultural, industrial and commercial development of Klamath county, Oregon.

Little Talks on Health and Hygiene

By SAMUEL G. DIXON, M. D., L.L.D., Pennsylvania Health Commissioner

A great essential has been neglected in the education of the tens of thousands of young men and women who are graduating from the high schools and colleges of the country. In the majority of instances they have had mental but not physical education.

Some few have devoted themselves to a greater or less degree to competitive sports. This number is but a small fraction of those who pass through our schools. Our curriculums are often so planned that they make physical development difficult or impossible. To lay the foundation of health there should

be proper physical training under the supervision of specially trained medical men, beginning in the elementary school and going through the college course. A few years of training in youth and early manhood and womanhood would serve to instill habits of personal hygiene which would aid inestimably to our future welfare, individually and as a nation.

Today Sweden is leading the world in systematic education with a resulting high average of citizens individually prepared to take their part in the defense of their homes.

POLICEMAN GETS PATENT ON CATTLE STANCHION

ASHLAND, Ore., June 30.—John B. Wimer, a member of the Ashland police force, has been granted a patent upon an improved cattle stanchion which is favorably mentioned by manufacturers of dairy equipment. The new stanchion is of steel and is operated by a novel unlocking device. The particular point which has attracted the most interest is a device by which any number of stanchions may be opened and the cattle released by the movement of a single lever. Mr. Wimer is considering offers from several Eastern concerns.

GEO. W. KIRCHWEY RETIRES AS DEAN OF COLUMBIA

NEW YORK, June 30.—Most important among the faculty changes effective at Columbia university today is the resignation of George W. Kirchwey as dean. Dr. Kirchwey has been a professor of law at Columbia for twenty-five years. He was dean of the law school for ten years, ending in 1910. Dr. Kirchwey was appointed warden of Sing Sing penitentiary at the time charges were made against Warden Thomas Mott Osborne.

David Snedden, now commissioner of education for Massachusetts, assumes the position of professor of education, having a seat in the faculty of education. Vocational and industrial training is his specialty. His class was Leland Stanford, '97.

Moving Pictures

"Mr. Grex of Monte Carlo" shown at the Star tonight, is a picturization of E. Phillips Oppenheim's widely read novel of love, international intrigue and adventure. In presenting this gripping story to photoplay audiences, the Jesse L. Lasky Feature Play company announces that Theodore Roberts, one of the most popular artists of the season, will be the star. There is a timeliness about "Mr. Grex of Monte Carlo" which lends additional interest to its story. Mr. Roberts, as Mr. Grex, will appear as the Grand Duke Augustus Peter of Russia. He and two other diplomats, unofficially representing France and Germany, plan to meet as if by chance in Monte Carlo for the purpose of arranging an international pact and drawing up a new map of the world. They meet at Monte Carlo. The melodramatic features of "Mr. Grex of Monte Carlo" revolve around the efforts of an English secret service operative to learn details of the meeting, a young American, Richard Lane, who falls in love with the Grand Duke's daughter, plays a part in the story. The action of the photoplay takes place on land and sea. Right ultimately triumphs and the duchess marries the young American.
