Fighting Hot Near Verdun.

United Press Service
LONDON, July 3.—General Sir Douglas Haig has announced the capture of additional defenses in the British offensive launched Saturday. His report says:

"Heavy fighting at LaBoiselle and east of Albert is proceeding satisfactorily for us. The remnants of the German garrison at the latter place have surrendered.

"In other parts of the battle front we have made progress. The fighting around Ovillers continues with varying success.

"Six German aeroplanes were destroyed and five damaged. Seven British aeroplanes are missing."

Haig says a British attack this morning gained a portion of the German defenses, and 400 prisoners.

For a while this morning German reinforcements chased the British offensive north of the Somme.

The French continue to smash forward south of the Somme. They are rapidly driving the Germans eastward, and threaten Peronne, a railroad center.

Headquarters reports indicate the British are subjecting the Thiepval region to a most terrific cannonading. This is supposed to be the blasting of the way for another advance.

East of Albert the British have advanced and seized higher positions beyond Fricourt, taking 4,000 prisoners. North of the Ancre Valley there is but little change, but field officers say the situation is "most promising."

The most violent fighting is around LaBoiselle. German artillery is shelling Montauban.

First Jury of Women to Convict of Felony

Top row, left to right—Emma A. Davis, Louisa A. Harrison, Nannie C. Everly, Daisy S. Clark, Minnie I. Praul and Bertha J. Butler.
Bottom row, left to right—Nellie D. Richards, Marc C. Bliffuss, Lucy C. Waggoner, Amelia Bell, Katherine Wildt, Dr. Rosemond Daily, forewoman.

This is believed to be the first jury composed wholly of women to bring in a verdict of guilty in a felony case. These women of San Diego heard the testimony in the case of four Mexicans charged with highway robbery and found them guilty. Women have served on many juries in California, but this is one of the few composed wholly of women.

They say the French captured the German second line of trenches on the south bank of the Somme along a three mile front between Mirecourt Woods and Azevilleres. They also seized the village of Herdecourt.

The Germans temporarily occupied the fortified works at Damloup, northeast of Verdun yesterday. They were finally routed.

The German troops were driven from Lodges woods yesterday. As a result they were badly disorganized, about thirty-one battalions being routed.

French anti-aircraft guns yesterday smashed thirteen German observation balloons.

BERLIN, July 3.—It is announced that allied attacks east of the Somme last night were repulsed with bloody losses. South of the Somme the Germans abandoned their second line of trenches under the heavy French assault.

The Russian attacks southeast of the fortress of Lutsk have been repulsed, according to Vienna advices.

Klamath is Represented at Ashland's Celebration

If Klamath is not well represented at the Ashland celebration, it will not be due to lack of attendance from here. Ever since the rain let us, and it began to look like decent weather, there has been a steady exodus of automobile parties, invariably headed for the town where lythia water grows, and where there will be a three-day celebration.

There are many Klamath Falls people in Ashland now, and there are hundreds from Bly, Merrill, Fort Klamath and other parts of the county. Cars decorated with Klamath Falls pennants were to be seen on every hand this morning, and the exodus still continues.

Many people left for Ashland on the train this morning. Others will leave tomorrow morning, and many local

business men will leave after the stores close tonight, or early tomorrow morning.

The Round-Up at Ashland will draw many people, as there are a number of Klamath riders and ropers entered. Love Chandler, the Picket brothers, Spike Speckman and many others have gone over. J. Frank Adams is to be one of the judges of events. He left this morning with a big bunch of cowboys, who will make the Pendleton crowd sit up and take notice.

There will be a good many Klamath Falls people at Swan Lake tomorrow, at the big picnic and the dedication of Snyder's red barn. There will be a basket picnic, patriotic exercises, athletic contests and an all-night dance in the big barn, just finished. Captain O. C. Applegate will deliver the Fourth of July address.

NEW PITCHER IS NOT FORTHCOMING

FOLLOWING OFFER FROM HERE,
ADAMS ACCEPTS, BUT HE FAILS
TO CALL FOR TICKET—NELSON
IN SOX TODAY

The local baseball club officials are mystified over the non-appearance of "Babe" Adams, a fast San Francisco twirler, who was scheduled to arrive last night and pitch today's game against the All-Stars, and also be on hand for the Woodland game at Dorris. He accepted the club's offer Saturday, and a ticket was wired him, with the understanding that he would leave on that night, arriving here last night.

Adams failed to show up, and inquiry shows that the ticket wired him was unclaimed. Nelson and Peterson will therefore pitch for Klamath Falls in today's game, and Johnson will do the slab work for the visiting team.

MILITIA BEING PLACED ALONG BORDER; NEW CENSORSHIP IS IN EFFECT

WASHINGTON, D. C., July 3.—The state department today announced that the administration will not press Carranza for an immediate reply to the American note, now that the tension has been relieved by the surrender of the Carrizal prisoners.

Lansing declared there is no change in the policy of maintaining the American forces in Mexico. The war department explained that Pershing is shortening his lines for strategic reasons, as it is difficult to maintain the troops in the arid region, owing to lack of water.

The war department announces that the southern department has been divided into three sections, under Generals Funston, Pershing and Bell.

United Press Service

COLUMBUS, N. M., July 3.—Officers intimate that Mexican spies are observing the militia border movements. As a result, a censorship has been inaugurated to prevent Carranza agents this side of the line from obtaining any information.

Long troop trains passed through here last night. These trains are distributing guardmen all along the border.

The regulars on patrol duty loudly cheer the arriving militiamen. American agents are closely watching Mexicans suspected of being spies.

United Press Service

EL PASO, July 3.—Militiamen are swarming all along the border. Regular army officers say the guardmen are in excellent condition, well trained and well equipped.

Citizenship Needs Told From Pulpit Over Nation

Herald Special Service

WASHINGTON, D. C., July 3.—Throughout the country, from the pulpits of churches of all denominations, the doctrine of citizenship preparedness was proclaimed yesterday. The clergy of the United States, with remarkable unanimity, adopted the appeal of the bureau of naturalization of the United States department of labor that a citizenship sermon be delivered on the morning of July 4 of this year, a date selected because of its close proximity to Independence Day, which means so much to all American citizens. The gospel of good citizenship was enunciated in cities and hamlets, to large and prosperous congregations and small, struggling bands of worshippers alike—a universal proclamation from the pulpit of the necessity of instilling American ideals and patriotism in the minds of foreign residents. It is the desire of the bureau of naturalization that one Sunday in each year be set aside as Citizenship Sunday, on which will be preached at the morning service in every church in the country a sermon on citizenship. This proposition has been placed before the churches of all denominations, and the response to this feature of the bureau's activities have been highly gratifying and indicative of the establishment of such a day as a permanent institution. It was with a realization that the churches could aid materially in forwarding the good citizenship movement and inspire to immediate and aggressive action communities which have not already joined the great educational movement of the bureau of naturalization, that the proposal was announced.

In approximately 800 cities and towns across the country, the following are some of the places where citizenship sermons were preached:
