"He is Not Dead"—Nay, Nay—"He Scrappeth"

It was in order to catch Francesca Villa after he had raided American border towns that the American troops under Pershing crossed the lines. The pursuit of Villa was halted by Carranza, Villa's rival, and a war almost resulted. Now that it is quiet again, Villa shows his appreciation by attacking the Carranza garrisons.

"PORKY" NICHOLSON IS GUARDING THE BORDER

Fred "Porky" Nicholson, who lived in Klamath Falls several years, has joined the national guard. Nicholson was seen in Ashland a few days ago by Glenn Garrett, when the former was on his way to Calexico on the border. The troops were exercising near the depot at Ashland. "Porky" belongs to Company G, Second regiment, Washington national guards.

A Norwegian scientist has advanced the theory that Saturn's rings are electrical phenomena, produced by the radiation of luminous particles from the planet, which constantly renews them.

DEAREST PUBLIC

This is to let you know that I am starving.

Pretty, tho, isn't it? Why don't you come in and get a set of those ice tea glasses. Sure, you can use them for beer on water—anything you like; and they are cheap. We also have the ice tea spoons, and they have the same disease—cheap.

Science has just revealed that most of the "peaches" hang round on their limbs. No, I mean twigs.

If you wish to have your Parisian Ivory engraved bring it in, as Mr. Davis is the champion at this work.

We will have a sample of the work in the window this coming week. If you are going fishing you should have a set of nested drinking cups, as they are useful and sanitary, and prevent pollywogs from going down the esophagus.

And, Dorothy, if you ever are going to crave love, it should take on you soon. We have a stock of diamond rings and a big bunch of "slavery" rings in the latest patterns.

We can reset your diamond while you wait, and you are foolish to let it go, for when you do lose it the pinch is not great that you are going to find it again.

If 'tis a watch you crave see our stock. Solid gold wrist watches for \$18.50.

You ought to have a Thermos bottle if you go to the uncut.

When is love the youngest? I shall be off you for life if you don't get a move on, and hurry to my aid, as I am starving right now.

Please come over and buy a diamond. MCHATTAN.

Moving Pictures

"The Sins of the Mother," at the Star tonight, is a story of gambling. The heroine is a beautiful girl. She loves cards, the races, roulette. She loves all games of chance, and loves them with a passion that is a mania. You know how the drug habit can grip a man, or the liquor habit. You know to what lengths it will lead him. This girl inherits a similar craving—a craving for gambling. Her mother before had the gambler's instinct. She secretly kept a gambling house. You see this girl returning from a convent where her mother sent her as a child. You see her about to enter society. She is loved by a strong man. Her future is before her. She is taught to play cards. You see her heritage assert itself. You see it grip and hold her in its meshes. She can't resist it. How

BRITISH START

A NEW BLOCKADE

NEW ORDER ISSUED BY KING PLACES THE BURDEN OF PROOF UPON THE SUSPECTED COMMERCIAL VESSEL

United Press Service

LONDON, July 5.—King George today issued a royal order in council withdrawing all previous orders under the declaration of London. The order sets forth the principles of the new German blockade.

The new order stipulates that hostile destination of any ship carrying contraband goods will be presumed, until it is disproven. It permits British ships to halt any suspected vessel and make the captain prove the cargo is not ultimately destined to enemy countries.

Any vessel will be liable to capture and condemnation if the cargo is over one-half contraband.

From \$100 to \$500 Saved

By insuring in the leading American company. Dividends payable every year will nearly equal half the premiums. Before insuring see what you can save in the Mutual Life.

LOST—Combination cane and measuring stick. Return to Herald office or Bob Hunsaker. Reward. \$40*

To prevent a ladder slipping a Cleveland man has invented pivoted hooks to be fastened to the bottom of the uprights which will engage in the surface upon which the ladder is standing.

A sergeant in the United States Marine corps is the inventor of a portable topographical map that enable aviators to make quick and accurate reports of their observations in flights.

Notice of Dissolution Notice is hereby given that the undersigned are no longer connected with or interested in the Superior Laundry, the same having been taken over on this date by Mrs. Cora B. Smith, who collects all bills and assumes all indebtedness of the company. Dated at Klamath Falls, Oregon, this 1st day of July, 1919.

MRS. NELLIE HALLEY, E. P. BITTINGER.

JOHNSON LEAVES IT UP TO MOOSE

ADDRESSING CALIFORNIA PROGRESSIVES, HE ASKS THEM TO ACT COLLECTIVELY IN BOTH OF THE BIG PARTIES

United Press Service

SAN FRANCISCO, July 5.—Governor Hiram Johnson addressed the progressive state conference today. In his talk he urged the progressive to act collectively in both the republican and democratic parties, continuing the fight until the old parties become imbued with the progressive spirit.

Johnson made no talk on the present campaign. He left the progressives to decide as individuals the question of which candidate they will support.

Dance at Pavilion tonight. It

The "sneezewood" tree of South by sawing the wood has that effect, is America, so called because dust made never touched by insects or worms.

Dance at Pavilion tonight. It

For drying women's hair there has been invented a metal comb with a hollow back, into which a heated candle can be inserted.

So that he can ride in any weather a Boston man has enclosed his motorcycle with a thin metal body until it resembles a submarine.

The extension of a branch of the Siberian railway for 500 miles has opened one of the world's greatest coal fields.
