COMB SAGE TEA INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant.

White gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness.

Wascos county cherry stems are being shipped to Europe to make the poisonous gas that is used by opposing armies in France.

KLAMATH FALLS, OREGON WEDNESDAY, JULY 19, 1916

A SECOND COLUMBUS

CAPTAIN KOENIG is a second Columbus. The study of the first Columbus was how to reach a port in his little ships. That was the study of Captain Koenig. When Columbus returned to Spain, he was received with all the honors that an enthusiastic sovereign and people could bestow.

Still Captain Koenig's feat gives a landsman a creepy feeling. To go to sea in a craft that when a storm is awakened that calls up all the anger of the great deep, or when a hostile ship appears, can settle down into the calm of the lower deep until the danger passes and then rise from the deep and resume its voyage, is a wonder, and when the voyage is lengthened into thousands of miles with storms and enemies everywhere, and finally to bring a rich cargo safe to port, the wonder is increased.

It all goes back to the unmeasured power of man when inspired to perform some great work and to the promise, that the earth and all that is therein shall be under his dominion, when he shall become great enough to subdue, to mount and ride the mighty forces which God uses when He creates and sets in motion His world.

W. WOOLEY, director of the United States Mint in New York, has been selected as publicity manager of the Wilson campaign. He announces that for a while he will divide his time between his official and his political duties and later resign his official office.

She Dived From Emaciation to Venus Perfection

Josephine Bartlett, holder of the metropolitan fancy diving championship for women, and prospective national champion, owes her good health and Venus-like like figure to diving and swimming.

Albert E. Downs of the New York A. C., the American high diving champion, who has been coaching her, ranks her among the country's foremost candidates for supreme honors off the ten-foot springboard.

thoroughly competent judge, he has seen in action the leaders of virtually all A.A.U. districts. Miss Bartlett is an enthusiastic advocate of fancy diving for women. She claims that there is no pleasanter or more beneficial sport for the sex, maintaining that it develops every part of the body symmetrically, besides improving the health generally and making for grace of deportment and self reliance.

Assessor Lee Calls Bluff of Merrill Record Editor

To the Voters and Taxpayers of Klamath County: Since announcing my candidacy as an "Independent" for the office of assessor of Klamath county, my dear friend Catherine Prehme of the Merrill Record has found it her "duty" to open up again with another lot of falsehoods, misrepresentations and pernicious stories appertaining to my personal character, official methods, unequal assessments and favoritism to "Timber Barons," to such a degree that I find it impossible to allow the matter to go any further without forcing her to prove some of her assertions, and also to let the people of the county know the exact and unmitigated TRUTH.

It seems too bad that one who sets herself up as a "square deal" political exponent, never deems it necessary to come to my office to ascertain FACTS, but prefers to take the word of any and everybody, and attempts to accomplish her purpose on "hearsay evidence" entirely. She makes the assertion that I have wronged the taxpayers of this county and have favored the millionaire timbermen, and states, "we make this statement as a direct fact, and have proof at our command that will satisfy the most loyal friend of the assessor if he wishes to challenge it." I take this means of challenging every bit of it, in piece or parcel, and absolutely defy Miss Prehme or any one else to bring to the light any such facts.

The impression has gone out that the timber in this county is not assessed at all in some cases, and at a ridiculously low figure in others. This, of course, was to create the idea among the ranchers and land holders that they were standing the greater part of the tax, which would naturally cause a political aversion. I wish to say in this respect that the timber in this county is assessed at a higher rate than in any county in the state, and I invite Miss Prehme or any other individual to show evidence to the contrary. Citing one case in particular, I will say that the Weyerhaeuser Land company alone paid last year \$52,000 in taxes to the county of Klamath, or practically one-tenth of the entire tax; and there are twenty other companies holding timber in this county who pay in proportion. The timber is assessed from 75c per 1,000 in the remotest districts, up to \$2.50 per 1,000 in the district around the Upper Klamath Lake, the prices rising as they come closer to the market. Individual and timber baron receive exactly the same rate, and I defy anyone to prove anything to the contrary.

As to what actuated my coming out as an independent, I will say that in addition to my desire to tell the people the whole TRUTH, I was also actuated

by the appeals of hundreds of my friends who knew the actual conditions. I cordially invite the voters and taxpayers to come into my office for any information they might desire, or write to me on any subject about which they are confused, and I shall be only too glad to give them the exact data as contained in the books and records of my office. BLACK DOG WILL GET MEDAL SOON

DOG WHO WARNED THE BRITISH OF TURK ATTACK IN THE NIGHT IN REAL HOSPITAL WITH THE BEST OF CARE

United Press Service LONDON, June 25.—(By mail)—There's a black, woolly dog somewhere out in Egypt today who's going to get a real war medal soon. Bruno, pet of the Royal Scots fusiliers regiment, saved more lives in five minutes than, probably, any other hero of the war.

An official communique from Cairo tells how the Royal Scots beat off a surprise attack by 500 Turks at Deudar, with heavy loss to the sultan's soldiers.

Taking advantage of a heavy fog, the Turks were able to advance stealthily to within a few hundred yards of the British camp. Bruno, barking furiously, dashed back and forth in front of the camp until every man was on the alert. The Turks advanced out of the mist and opened fire. Warned in time by the canine "trooper," the Royal Scots answered the enemy bullet for bullet, and the latter retired, leaving many dead and wounded.

Bruno was in the thick of the fight. He was quite badly wounded, and is only now slowly beginning to recover. You may depend upon it, he is in a real hospital and has the best of care.

The Utah-Idaho Sugar company has raised the price of sugar beets at Grants Pass. Auto tourists spent \$7,400 at Baker in five weeks.

PINE GROVE PICKUPS

Last Sunday the young people in Pine Grove organized a Young People's Society to meet the second, fourth and fifth Sundays of each month at 8 p. m. The purpose of the organization is to learn more about the Bible and to help out with the music at church. The officers elected were: President, Allan McComb; vice president, Helen Elliott; secretary treasurer, Nora Miller; organist, Nora Miller. Miss Donna Mack and Albert Miller were appointed as chairmen of two committees to take turns in furnishing the work for each meeting.

Mr. and Mrs. Sam Miller are the proud parents of a 9 1/2-pound baby girl, named Helen Louise Miller.

There will be church at Pine Grove next Sunday afternoon at 2 p. m. by Dr. Morgan.

Emmett Shields has purchased a new buggy.

The McKenzie brothers have finished stacking a large field of rye hay.

Ivan Icenbice is putting up alfalfa hay on his farm. He reports that the rain damaged it some.

Howard Icenbice and Emmett Shields are working at the sawmill. Forest Cunningham has been working at the same place.

E. Arant is moving his sheep to Cherry Creek for the summer.

Mrs. Sidney McKenzie and Mrs. Cunningham were visitors of Mrs. H. M. Miller last Monday.

freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Adv

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons. If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow, and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels, and cleanse, sweeten and purify the entire alimentary tract.

Each proposal to purchase must be accompanied by a check, certified by some responsible banking institution, to the amount of 5 per cent of the proposal, made payable to the Recorder of Merrill. Proposals must be sealed and endorsed "Proposal to Purchase Refunding Bonds" or "Proposal to purchase Water Bonds."

UPPER LAKE TRAFFIC We are agents for Calista & Hamilton's mail, passenger and freight boats on the Upper Klamath Lake. Buses leave this office every morning except Sunday, at 7:30. Western Transfer Co. MAIN STREET, NEAR FIFTH
