FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre, and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Adv.

KLAMATH FALLS, OREGON FRIDAY, AUGUST 18, 1916

OUR MOVE NEXT

THE people of Klamath county have been crying for better railroad facilities for many years. As a last resort they appealed to the business interests of Central Oregon, and as a result Mr. Strahorn consented to make an investigation of this project.

Mr. Strahorn has completed his investigation and surveys, made his report and submitted his proposition to the people of Klamath Falls and Klamath county. It is now up to the people to say whether they now want the railroad or not. In this day and age the community that desires growth and development is compelled to do its share toward securing that development. If we sit down and wait for Eastern capital to come to Klamath county and build up our country by constructing railroads we are liable to wait a long time.

Possibly by waiting another twenty or thirty years we may secure another railroad without any effort on our part, but the question to be considered at this time is whether we want construction to begin at once and at this end of the road, and thus secure immediate results by the early establishment of more mills, factories and the investment of outside capital in the development of our great resources. Klamath Falls is now at that stage where we must either go ahead or else remain stagnant for years to come. This is our great opportunity, and our future depends on our action at this time.

We cannot expect foreign capital to invest in such a project which we, who are the people directly to be benefited, say by our actions we haven't sufficient confidence in to justify us in expending a small portion of the cost to secure. We all realize that Klamath county has reached its maximum of development without additional railroad facilities. We have the resources, and our great need is railroads. The great Creator has supplied the first, and it is up to us to provide the latter.

We firmly believe that the vast majority of the people want this railroad and favor the proposition offered by Mr. Strahorn, but the mere wanting a thing does not always secure it. To realize our wishes it will be necessary to do a lot of hard work. It won't do to sit down and deceive ourselves with the idea that a few men can carry this project through. Every man and woman in Klamath Falls will necessarily have to do their share. There is a tremendous amount of work to be done, and no time to be lost in getting busy if construction work is to be under way this fall. It would be a wonderful accomplishment if we had this railroad completed and ready for operation to Dairy by the first of the year. We could hold one of the great New Year celebrations ever known in the history of the coast. It would be an accomplishment that would electrify the country, and attract more favorable attention to Klamath county than would ten times the amount of the cost spent in advertising. We would have no difficulty in inducing capital to invest in such a community.

Famous American-English Widow Weds Again

Mrs. Joseph Chamberlain, widow of Joseph Chamberlain, the spectacular statesman of British politics, who was a daughter of the late William E. Endicott, secretary of war in the cabinet in the first administration of Grover Cleveland, married the Rev. William Hartley Carnegie, rector of St. Margaret's and canon of Westminster. Mrs. Chamberlain was one of the few American women who married high in British life without having to take a fortune to her husband. Her father was not a wealthy man, not nearly so wealthy as her husband, the manufacturer of Birmingham.

QUIT MEAT WHEN KIDNEYS BOTHER

BACK HURTS OR BLADDER TAKE A GLASS OF SALTS IF YOUR TROUBLES YOU

No man or woman who eats meat regular can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become over worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.
