

Boys of '61 Meet Today for Annual Encampment

United Press Service
 KANSAS CITY, Mo., Aug. 25.—The annual encampment of Civil War veterans here today is the 50th anniversary of the national encampment of the Grand Army of the Republic, and the boys of '61 did not seem to think it would, perhaps, be their last encampment, as many of the veterans thought.

The boys of '61 did not seem to think it would, perhaps, be their last encampment, as many of the veterans thought.

These seemed to be much speculation today as to the number of veterans that would march in the great

parade Wednesday. Every old soldier already here insists he will be in line when the bugle starts the procession, no matter how high the mercury climbs.

BLAMES WAR FOR HIGH FOOD COST

PROMINENT MEMBER OF ARGENTINE RADICAL PARTY SAYS WAR HAS INCREASED TWO POUND LOAF TO 15 CENTS

United Press Service
 BUENOS AYRES, Aug. 25.—Dr. Jose Marcos Pagliere today denied the report that the radical party soon to put its hand to the administrative machinery in Argentina has no program. The statement has been made by a number of their political opponents and by many radicals themselves.

Dr. Pagliere, a prominent radical, who probably will have a place in President-elect Irigoyen's cabinet, says they are mistaken.

"We radicals," he declared today, "are men of action, with deeds, not words, for our daily motto. Personally I look forward to a new constitutional life in Argentina which will make our nationality as immovable as the rock. There will be more security for the people and for the stranger."

Dr. Pagliere said the radicals will reduce food prices.

"The war," he said today, "has unnecessarily increased the cost of bread in Argentina to 15 cents for two pounds and two ounces. We have studied this matter, and at the end of three months of experiment have disposed of much bread at 8.8 cents for two pounds and two ounces. This was done without the loss of a single cent. We will do the same with meat and milk very soon."

Allies Seek to Bring Rumania Into the War

United Press Service
 BERLIN, Aug. 25.—Beautiful women and huge sums of money are being used by the allies in the great diplomatic battle being waged at Bucharest, the allies seeking to bring Rumania into the war.

A distinguished German diplomat, whose name was not revealed, made this charge through the semi-official German news agency today. But despite the allies' efforts, Rumania is yet undecided, he said, adding:

"Rumania has been the sphinx and is still now shrouded with a mysterious veil behind which the political passion and agitations, not only of the Rumanians, but of the allied representatives, are at the highest pitch."

"The allies agitation reached its heights at the beginning of the last Russian offensive," said the diplomat. "At the same time the allies started

a Balkan offensive by General Sarrail, which was undertaken purely for political purposes. The central powers, in the official reports, stigmatized Sarrail's operations as 'feigned.' Now a sudden Bulgarian offensive had put a quick end to the allies' activities. The Russian offensive is apparently slackening.

"At present Rumania is still undecided. She probably will not give up her well calculated, clever neutrality which has brought her an enormous gain in power, unless she thinks that a really decisive turn has been reached in the war. Meanwhile trade relations between Rumania and the central powers continue small."

POLICE MOTHERS GUARD THE GIRLS

WOMEN WITH AUTHORITY TO ARREST PATROL CONEY ISLAND BEACH TO PROTECT GIRLS ALONE THERE

United Press Service
 NEW YORK, Aug. 24.—There appeared upon the beach at Coney Island today the new force of "Police Mothers," a volunteer organization of women possessing police authority, whose members patrol the sands to keep harm from the thousands of girls who come alone to the big resort. The force is commanded by Mrs. Ellen Craig of the department of parks of the borough of Brooklyn.

While the police mothers co-operate with the regular police, their work is more personal and calculated to prevent trouble for the girls rather than to stop it after it has gotten started. The patrolled district is the entire beach, from Sea Gate to Brighton. The police mothers serve without pay.

SHASTA VIEW NOTES

C. W. Miller and family of Klamath Falls came Friday to take part in celebrating his father's birthday at O. E. Hunt's where Mr. and Mrs. Miller are staying with their daughter, Mrs. Hunt.

Born, to Mr. and Mrs. Ben Daniel, on August 17th, a 9-pound girl, Mrs. Daniels is with her mother, Mrs. Henry Voas at White Lake. Ben says the

attractions at the White City are so much greater at present than ranch life at Shasta View that he expects to spend a short time there with his family. We will be pleased to have them return.

We have seen several smiling faces since the hunting season opened. However, the smile was broader at the start than on the "home stretch."

Miss Lola Schaffer, our primary teacher, has returned to Shasta View and is spending the balance of her vacation on Huckleberry Mountain with the many people from this locality. The gentlemen with their families from this immediate vicinity are W. M. Chandler, Crosby Garrison, Floyd Brandenburg, Billy Sims, C. W. Bailey, C. M. Kirkpatrick and the Misses Pauline and Gertrude Jobs.

Get the Habit

DRINK HOT WATER BEFORE BREAKFAST EVERY MORNING

Hopes every man and woman here will adopt this splendid health habit.

Says a glass of hot water with a teaspoonful of limestone phosphate in it washes poisons from system, and makes one feel clean, sweet and fresh.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days head-achy, dull and unstrung; some days really incapacitated by illness.

If we all would practice the drinking of phosphated hot water before breakfast, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons in the bowels which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, sick headaches, rheumatism, lumbago, nervous days and sleepless nights have become real cranks about the morning-inside bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing sweetening and freshening effect upon the system.
