PRACTICALLY AGREES TO AN 8-HOUR-TARIFF

President Offers Another Proposal

WASHINGTON, D. C., Aug. 24.—Following the presentation to President Wilson this afternoon of their final demands, the railroad presidents appear to be a strike closer than ever to the settlement of the long continuing dispute. The order was telegramed yesterday afternoon to the leadership of the railroads and copied to the Washington office of the Railway Brotherhoods, under the direction of W. F. Stimson, the former Governor of Connecticut, and President of the Brotherhood of Locomotive Engineers.

The main points of the agreement are:
1. Time limits for the adjustment of all grievances.
2. A 40-hour week for all employees.
3. The granting of 10 days' paid leave for all employees.
4. The establishment of a 48-hour week for all employees.
5. The establishment of a 52-hour week for all employees.

The agreement was reached after several days of negotiations between the railroads and the union representatives. It is expected to be signed within the next few days.

Klamath Falls Loses; Bigbee Blamed by Fans

The Klamath Falls baseball team, the pride of the town and all baseball fans in the state, announced that they have been forced to give up the season due to lack of funds. The team, which was organized last spring, has been unable to raise enough money to cover the expenses of the season.

The team has been struggling to keep going, but with the financial difficulties they have faced, it has been impossible to continue. The team's best player, a local boy, has been forced to give up the game due to lack of funds. The team's manager, a local businessman, has been trying to raise money to keep the team going, but so far has been unsuccessful.

Railroad Presidents Who Heard Sharp Talk at the White House
