

# Germans Must Furnish Power for Offensive

General Alexieff, chief of the Russian general staff, known in Petrograd for his aversion to newspaper correspondents, has given to a United Press staff correspondent, the only representative of an American press association or newspaper at the czar's headquarters, the following important interview regarding the possibilities of a great German offensive in the east.

By WILLIAM PHILIP SIMS  
(United Press Staff Correspondent)

**IMPERIAL HEADQUARTERS OF RUSSIAN ARMY, Sept. 9.**—Germany must send 400,000 men to the aid of the demoralized Austrians if she hopes to stiffen their resistance, General Michael Alexieff, chief of staff of Emperor Nicholas II's armies, told the United Press today.

"Furthermore, German troops must provide the driving power if von Hindenburg attempts the greater eastern offensive talked about in Berlin. The Austro-Germans cannot count upon the Turks for substantial aid," said the man who directs the movements of Russia's millions of troops. The Turks can send no more than 40,000 men to support their Teutonic allies.

General Alexieff received me in a small, plainly furnished office adjoining the headquarters of Emperor Nicholas. A flat-top desk, a few chairs and maps were the only furnishings. The general sat behind the desk like an American business man. He resembles much the pictures of Rudyard Kipling. His hair is beginning to turn white over the temples. The long ends of his white moustache turn up slightly above the fighting jaw. His eyes are deeply set, small, gray and piercing. He wears silver rimmed spectacles. In conversing he habitually pencils lines, as if drawing rivers and roads, sketching in arrows showing the direction of attacks.

I asked him if he credited the report of an Austro-German-Turkish combined offensive against Russia.

"Despite the encircling ring of the allies and the continual pressure they are exerting on all sides, I would hesitate to say that such an offensive is

impossible," he replied. "The biggest mistake a general can make is to underestimate the enemy. Should such an offensive develop, it will be for us to beat it. This I am most confident the Russian army can do."

"On July 16th the Germans started a counter offensive on the Lips. It failed. Future offensives stand to meet the same fate."

"I will not say that the Austrian armies on our front have been crushed. They are, however, badly demoralized. The Germans have filled in the gaps with twenty divisions, thus effecting a stiffening, but the Austrians are still badly disorganized. From the Turks, not more than two divisions are available for the Russian front, so if the combined offensive comes, the Germans must carry the principal burden."

"The Russians have shown what they can do when properly equipped. They are now entering the third winter of the war stronger than ever. Their defeats at the start of hostilities were due to lack of ammunition. We have the munitions now. The drive on the southern front, which began in May and is still going on, is proof of this. The Austrians are so badly shattered that they will require 400,000 Germans to cement them together."

General Alexieff praised the work done by the allies on the western front.

"But what about peace?" I asked on leaving.

A look of grimness overspread his face.

"Peace probably is some distance off," he replied. "Neither side has attained the object for which it is fighting. There can be no thought of peace now. War must follow its inevitable, historic course."

# LORIMER SEEKS SEAT IN HOUSE

**BANKER ONCE OUSTED FROM SENATE BECAUSE OF FRAUD IN METHODS OF ELECTION, NOW WANTS NOMINATION**

United Press Service  
CHICAGO, Sept. 13.—Ousted from the United States senate for the way he obtained his election, former Senator William ("Billy") Lorimer was a "come-back" candidate for the congressional nomination on the republican ticket in the state primaries here today. The appearance of the ousted senator's name on the ballot was the signal for the renewal of the political war on Lorimer. He is opposed for the nomination by three other candidates.

Lorimer recently was acquitted of the charge of conspiracy to wreck the LaSalle Street Trust and Savings Bank. He has promised to pay all depositors who lost money in his bank's crash.

Candidates for all state offices were to be nominated by all parties today. Every one of the present office holders is a candidate for re-election.

Candidates for governor are James Traynor, Chicago; W. R. Brinton, Dixon; Edward F. Dunne, incumbent; Frank O. Lowden, Oregon; Frank L. Smith, Dwight; John A. Wheeler, Springfield, all republicans, and Seymour Stedman, socialist.

# WATERWAYS IN CASE OF STRIKE

**SYSTEM OF INLAND WATERWAYS PROPOSED FOR USE OF NAVY AND TO MOVE COMMODITIES IN CASE OF RAILROAD STRIKE**

United Press Service  
PHILADELPHIA, Sept. 13.—The plan for a system of inland waterways to insure the transportation of freight and passengers in the eastern part of the United States in case of a general railroad strike will be considered by the annual convention of the Atlantic Deep Waterways convention that opened here yesterday.

An inland waterways system connecting all navigable rivers, lakes and canals, delegates pointed out, would serve the dual purpose of rendezvous for the navy in time of war and of a means of transportation during labor troubles.

Although Congressman J. Hampton Moore president, confined his remarks to plans for the Atlantic Coast, other speakers later will urge similar plans for the Gulf and Pacific Coast states.

About a thousand delegates from Atlantic Coast towns and cities are here. The convention will last four days, during which, it is expected, addresses will be delivered by United States senators and congressmen of the rivers and harbors committee and the commerce committee. Navy Secretary Daniels is to speak before the convention September 16th, at the League Island navy yard.

# MEAT CAUSE OF KIDNEY TROUBLE

**TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS OR BLADDER BOTHERS**

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia water drink.—Adv.
