

STRAHORN OPENS LAKEVIEW OFFICE

ACTIVITIES ON ROAD FROM LAKEVIEW TO BEND WILL BE DIRECTED FROM NEW OFFICE IN COUNTY SEAT OF LAKE

Robert E. Strahorn, head of the proposed Central Oregon railroads, has opened offices on the third floor of the Heryford block, and now has a man here to take charge of the offices. The offices are in the shape of engineering headquarters, from which the activities in this part of the country will hereafter be directed.

The work of completing the survey of the lines in Oregon was finished last Wednesday week, when the few miles remaining between Fort Rock and Bend were completed. This makes a total of 450 miles of line surveyed, all of which, Mr. Strahorn states, will be comparatively inexpensive to build. With the survey of the line completed Mr. Strahorn can go ahead to get the thing on paper with the assembling of figures and estimates.

On completing the survey of the Oregon lines the crews were then ordered to proceed to Pandango to take up the work of the survey there.

In speaking of the starting of the construction of the road at Klamath Falls Mr. Strahorn states that the reason he is beginning there is because of the financial inducements offered by that city and for the prospects of tonnage from every mile of the road as construction proceeds. WILSON'S POLICIES BLOWN UP.

Charles Evans Hughes did have explosives with him when his motor car was searched by a Canadian soldier, but they were under the candidate's hat. Mr. Hughes will set them off on his Western tour and some of Mr. Wilson's policies will be blown up.—New York Sun.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

These subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure, for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleans, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder, and almost tasteless.—Adv.

Sheds Erected at New London, Conn., for the Bremen

While no announcement has been made of the American port to be sought by the German merchant submarine Bremen, said to be on her way to the United States with a valuable cargo such as the Deutschland brought, it is now firmly believed she will dock at New London, Conn. The evidence consists of the fact that sheds have been erected there for her protection. This photograph shows where she will be. The German liner Willehad, which reached New London from Boston the other day, will remain alongside the wharf to protect the submarine.

Class of Kilbane Not Appreciated Says Ham

By HAMILTON (United Press Staff Correspondent) NEW YORK, Sept. 18.—Since Johnny Kilbane, the featherweight champion, had such an easy time in winning their Labor Day bout at Cedar Point, Ohio, Kilbane has an answer to the talk about his being a champion of the "cheese" class. The fact of the matter is that Kilbane is just about the cleverest and most versatile champion now fighting.

Undeniably he has proved the most effective. His record is surprisingly full of knockouts and clean-cut victories. It has been some years since Kilbane won his title from Abe Attell, who at that time was characterized as one of the cleverest boys who ever had laid claim to the title in the ranks which have been graced by some of the most famous mitt artists of the century. And Kilbane had a comparatively easy time outpointing the champion then recognized.

Since that time Kilbane has met every boxer in his class who has shown himself worthy of a chance at the title. And every one of them has gone down to a crushing defeat. Kilbane even has stepped out of his class and has tried the issue with some of the best lightweights, Joe Mandot being one of the most prominent. Some of the writers gave Mandot a bit of the best of the mulling, but a majority of them said it was a draw, and gave Kilbane great credit. It has been said of Kilbane that he has avoided decision bouts to protect his title much the same as Freddie Welsh has done. Well, even if he had, there is an excuse. It is hard in these days to find a place for a fight where a decision can be given, but Kilbane has fought several decision battles, and none ever has gone against him.

Ritchie Mitchell is considered one of the country's best lightweights, but Kilbane gave him a high class trimming when Mitchell was a featherweight. Not much has been heard of Eddie O'Keefe since he tried to brush back a troublesome lock of hair during a bout with Kilbane. Kilbane put his right hand across on O'Keefe's jaw and Eddie took a long sleep.

Once Kid Williams, the bantamweight champion, thought he could lick the featherweight champion, and he tried it. Williams took the worst beating he possibly could have assimilated and still stayed on his feet.

George Chaney began to come to the front and yell for a match with the champion. He got it. He also got the usual trimming from Kilbane. And, let us add by way of ap-

pendage, that it's going to be some time before a featherweight with sufficient class to down Kilbane makes his appearance. There have been few boxers with the ability of Kilbane. He can hit as well.

There are a great many fight followers in the country who believe the little featherweight is just the man to tip Freddie Welsh's crown off his head and place it back to a point where there will be some interest in the light-weight class.

HOOK WORM MAY BE ERADICATED

DOCTOR SENT BY UNITED STATES WAR DEPARTMENT MAY TAKE LAZINESS OUT OF PEOPLE OF SIAM

United Press Service. TOKYO, Sept. 18.—Dr. R. W. Mendelson of New York city is on his way from here to Siam today as a representative of the United States war department, to take the laziness out of the Siamese by killing off their over supply of hookworms.

The government of Siam asked him to do it. After investigating the cause of so much laziness in Siam, the government decided it was the hookworm that caused it, and asked the war department to send a doctor to get the country right with industry and energy.

Dr. Mendelson was one of the American physicians sent to Serbia to fight the typhus epidemic early in 1915. After the fall of Belgrade he made the retreat across Serbia with the regiment to which he was attached.

Tipperary Gives Way to New Song

United Press Service. LONDON, Sept. 18.—(By mail).—"Tipperary" has given way to the best defeat to a new song with a raggy hit whose theme is that the bullets will always get the other fellow.

"Tipperary" is through; worn out by repetition. The new piece goes with a bang with the troops and threatens to become as popular as "Tipperary" ever was. Here are the words: The bells of hell go ting-a-ling-a-ling. For you, but not for me. For me the angels sing-a-ling-a-ling. They've got the goods for me. Or death, where is thy sting-a-ling-a-ling?

O, grave, thy victoree? The bells of hell go ting-a-ling-a-ling. For you, but not for me.

CLOCK TURNED BACK AN HOUR

WINNIPEG WILL STOP CLOCKS FOR AN HOUR TONIGHT, AFTER HAVING STOLEN AN HOUR OF DAYLIGHT ALL SUMMER

United Press Service. WINNIPEG, Man., Sept. 18.—Winnipeg, having saved a lot of daylight all summer by jumping its clocks ahead an hour, will stop the clocks for an hour tonight midnight, and get back on standard central time once more.

That means the folks here will keep an extra hour in the morning, making up for the hour they lost last spring.

There is considerable difference of opinion here as to whether the plan really accomplished very much.

WANTS AN EFFECTIVE SYSTEM OF RURAL CREDITS.

We propose to promote by every practicable means our agricultural interests, and we include in this program an effective system of rural credits. We favor the wise conservation of our natural resources. We desire not only that they shall be safeguarded, but that they shall be adequately developed and used to the utmost public advantage.—From Mr. Hughes' speech of acceptance.

Los Angeles Mayor Quits

CHAS. E. SEBASTIAN

This photograph of Charles E. Sebastian, former mayor of Los Angeles, was taken a short time after he resigned his office. A Los Angeles newspaper had published charges against him and gave letters purporting to have been written by him. He began suit for libel against the newspaper after he quit office.

SHASTA VIEW NOTES

Mrs. L. S. Miller leaves this week for Stockton, Calif., where she will spend a few weeks with her daughter, Mrs. W. R. Kennedy.

Rev. Cowley and wife of Merrill lunched at J. L. Bailey's Friday, en route to Bonanza, where Mr. Cowley gave a stereopticon lecture that evening, "The American Navy on Its Trip Around the World." Sunday evening the subject of his lecture at the same place was "An Evening with Sankey."

The Helping Hand Society met at the home of Mrs. A. H. Hale Wednesday.

Mrs. David Jones arrived Friday from Appalacha, Va., to join her husband, who came here about a year ago for his health. This climate seems to be just about right for him, and some time ago he purchased the Burris ranch, where they expect to make their home.

Miss Schaffer and the Misses Jobs have returned from the huckleberry patch, and report the best picking of the season when they left.

Mr. and Mrs. C. C. Miller visited at Mr. Bailey's a few days last week.

Rev. Hall of Bonanza preached at the Shasta View school house Sunday, Rev. Cowley taking his place at Bonanza that day.

The school board held a meeting last Saturday night, for the purpose of opening bids on a barn to be built for the accommodation of horses used by pupils from a distance. We consider quite an improvement. Frank Stroubridge was the lowest bidder.

Our school opened Monday with Harry L. Martin and Lola Schaffer as teachers. We have added the Ninth grade, and with our principal so well recommended, our primary teacher's ability so well proved last year, our school standardized, and the community in general so willing to aid our children in every way along educational lines, we consider our school one of the first in the county, and feel that we are justified in being proud of it.

Prima Donna Is 32 United Press Service. NEWARK, N. J., Sept. 18.—Maggie Chine's secret is out. She is 32, "not one day older." She indignantly told a justice so when he queried her. The Irish prima donna was in court charged with violation of the traffic laws.

Can't Loan to Belgium United Press Service. WASHINGTON, D. C., Sept. 18.—Ambassador Bernstorff of Germany told the state department today that Germany, while occupying Belgium, will consider void any American loan to Belgium, with Belgian railroads as security, unless the loans are made with the consent of Germany.

QUIT MEAT WHEN KIDNEYS BOTHER

No man or woman who eats meat regular can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become over worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.
