

Two Minutes After the Great Span of the Quebec Bridge Collapsed

This photograph was taken two minutes after the great central span of the Quebec River over the St. Lawrence River collapsed and sank. The arrow indicates the point where the central span fell. Eleven men lost their lives. The span was being placed between the two approaches and was being hoisted on jacks when something gave way. The tugs in the river are shown hunting for survivors. The floating wreckage is part of the structure that went down. The steamer carries the engineers and many men prominent in the engineering world.

ROUND-UP OPENS AT PENDLETON

TODAY IT IS A CITY OF CLANKING SPURS, SIX-SHOOTERS AND HAND-MADE SMOKE—SPECIAL TRAINS BRING VISITORS

United Press Service
PENDLETON, Sept. 21.—Cowboys and girls who didn't get the prize money they won in the ill-starred "Stampede" in New York recently, appeared before 60,000 cheering Westerners here today to compete for \$5,000 in cash prizes, which they insisted on seeing before they would work.

When the big show started the wild and woolly West came into its own. More than 100 broncho busters, wild horse tamers and steer bulldoggers began a three-day championship contest. The annual Pendleton Round-Up opened bigger than ever. Special trains brought visitors from San Francisco, Portland, Spokane, Boise, La Grande, Walla Walla, and many other cities.

The biggest individual prize was offered in the cowboy relay race. Eleven teams are entered. Some of the fastest riders are girls—Bertha Blanchett, Ruth Parton, Vera McGinnis and Mabel DeLong. The Wier boys of Monument, N. M., are favorites. All of these were in the "Stampede" that flivvered in New York recently.

Pendleton is a city of chaps, som-breros, six-shooters, hand rolled cigars and clanking spurs today.

CHILCOTE SPECIALS

- Several good buys on Main street, with very attractive incomes.
- A big lot and 5-room plastered house for \$1,000 on easy terms.
- Three big lots on Johnson avenue for \$250 cash.
- Good corner on 11th, this side of canal, for \$800. Terms.
- A dandy "40" near Merrill, nearly all in alfalfa, for \$2,000.
- An 80-acre tract with some timber. It's cheap at \$1,500.
- City property to trade for farm lands or timber.
- See Chilcote.

Guided Youths Are Not Wanted at Stanford U.

United Press Service
PALO ALTO, Calif., Sept. 21.—Wealth is a handicap to the college student, and the poor boy has the advantage, according to Dr. Ray Lyman Wilbur, president of Leland Stanford University, in a statement today. As a consequence of this belief, Dr. Wilbur decreed that beginning this year autos may not be owned by students; that too frequent dances, the purchase of expensive flowers for co-eds and similar luxuries will be banned.

Dr. Wilbur is so convinced he is right about this that he has sent a circular letter to student's parents, saying students with too much money are not desired at the school, if they are inclined to spend their time in the pursuit of pleasure. The letter urges parents to refrain from too liberal allowances, and warns them that as the number of entrants this year is limited, those students who fail to show they are doing honest work will not be permitted to remain.

Stanford does not particularly seek poor boys and discourage the entrance of the wealthy, Dr. Wilbur explains, but experience has shown that the poor boy has, on the whole, made a better record, both as students and afterwards. His appeal, Dr. Wilbur says, is an endeavor to save the wealthy lad from his own particular dangers.

"It takes time to run an automobile, and it often leads to life off the campus, to extravagance and much foolishness," says the letter, adding: "There is plenty to do in the way of variety right at the university, with its swimming pools, athletic fields, gymnasiums, beautiful walks and the like. There is no need to go to San Francisco more than once or twice a semester, and this trip can be conveniently and cheaply made by train. There is no need to supply money for orchids, for dance parties or for taxi hire."

"The student who cannot be content to lead the clean, simple, industrious life expected on the Stanford campus should go elsewhere. If you do not feel our idea of student self government is right, and if you do not feel that it expresses the right atti-

WAR DELAYS NEW AIR MAIL ROUTE

United Press Service
WASHINGTON, D. C., Sept. 21.—Uncle Sam's aeroplane mail route into Alaska, contracted for some time ago, cannot start because the European war is gobbling up all the aeroplanes as fast as they are made.

Second Assistant Postmaster General Praeger, who is in charge of the new air route between Seward and Iditarod, Alaska, is in high hope that the route will be in operation by next spring, he said today.

The air line will take the place of the old Malamute trail and instead of listening for the postman's whistle, as most persons do, the Alaskan folk will strain their ears for the whirr of a 200-horsepower motor high up in the air.

Earl L. Byers, an Alaskan capitalist made a bid for the aeroplane service contract that was acceptable to the government, and he's trying hard to get the aeras.

SHASTA VIEW NOTES

The farmers have been very busy of late getting grain in readiness for the threshers, and as the shrill whistles disturb our peaceful slumbers in the early morning, and we hear the buzz of the several machines on all sides, we realize that the time is not far distant when we will know the final results of our efforts the past year.

F. W. McManus and family have returned from Klamath Falls to their ranch at Shasta View.

G. M. Strowbridge and wife, Charlie Hendryx and C. C. Miller accompanied Miss Stel Strowbridge to Klamath Falls Friday, the latter leaving Saturday for Fort Klamath to spend a few weeks. Messrs. Strowbridge and Hendryx remained to work on the Harris thresher, the former having charge of the engine. Mr. Miller visited his son, C. W. Miller, and returned home with Mrs. Strowbridge Saturday.

W. M. Chandler is confined to his home on account of a sprained ankle. We are pleased to welcome Mr. and Mrs. Geo. B. Icenbice, who have re-

cently moved to their homestead in our neighborhood.

Mrs. Edna Simms and children have returned from the huckleberry patch, but Mr. Simms will remain for a time, as berries are now at their best.

Mr. B. Brown and son, Cyrus, and their families, of Langell Valley spent Sunday at H. E. Wilson's.

Mr. and Mrs. G. W. Myres spent Monday night at J. L. Baileys. Mr. Myres is putting in his fall rye, and came to this section for seed.

It doesn't take us as long to repair shoes as it takes some men to buy them. In any event, you won't have to wait long, and we'll see that you are comfortable. Ours is the best repair shop in the city.—Bradley Supply Co. 21-11

IF BACKACHY OR KIDNEYS BOTHER

EAT LESS MEAT, ALSO TAKE GLASS OF SALTS BEFORE EATING BREAKFAST

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be

a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.
Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.
Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

DRINK HOT WATER BEFORE BREAKFAST EVERY MORNING

Hopes every man and woman here will adopt this splendid health habit.

Says a glass of hot water with a teaspoonful of limestone phosphate in it washes poisons from system, and makes one feel clean, sweet and fresh.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days head-achy, dull and unstrung; some days really incapacitated by illness.

If we all would practice the drinking of phosphated hot water before breakfast, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons in the bowels which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, sick headaches, rheumatism, lumbago, nervous days and sleepless nights have become real cranks about the morning-inside bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing sweetening and freshening effect upon the system.

Keeps Your Stove Shining Bright
Gives a brilliant glossy shine that does not rub off or dust off—that remains to the iron—that lasts four times as long as any other.
Black Silk Stove Polish
Is in a class by itself. It's more carefully made and made from better materials.
Try it on your parlor stove, your kitchen stove, or your gas range. If you don't find it the best polish you ever used, your hardware or grocery dealer is authorized to refund your money.
