MEN WANTED AT ALGOMA BOX FACTORY, SAWMILL AND LOGGING Apply at Algoma Lumber Co.

Everyone Should Drink Hot Water in the Morning Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headaches, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach liver kidney and bowels drink before breakfast each day a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment, and above all, keep it up! Do not stop and hot water set on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver and bowels.—Adv.

SAY PRISONERS LIVE IN LUXURY

ITALIAN PAPERS MAKE PROTEST TO TREATMENT ACCORDED AUSTRIANS HELD AS PRISONERS OF WAR.

(By United Press) ROME, Oct. 14.—(By Mail)—"This is the life." This is the joyful song of Italy's Austrian prisoners. At any rate, today's Italian newspapers are saying so emphatically. "Treat our captives less like our guests" the journals urge on the authorities. As a result, the government shortly will begin the systematic working of its prisoners.

The more than 100,000 Austrians, who are imprisoned in Italy's camps, live on the fat of the land, it is charged. Generally they are passing lives of sunny idleness, living in what is really luxury for wartime. Recently the newspapers discovered that Austrian officers under Italian escort were visiting gay resorts almost weekly. Then and not until then did the editors cry "halt!" They had borne with the enemies who had burned the Italian flag in their Gorizia internment camp. They had even kept silent when the colors, opposite the camp, were removed because they were an "eyesore" to the Austrians.

BEST BOOT MADE AGAINST TUFTS

PRINCETON DROP-KICKER MADE BEST KICK OF GOOD GRIDIRON CAREER AGAINST TUFTS THIS FALL.

BY HAMILTON (United Press Staff Correspondent) NEW YORK, Nov. 1.—Dave Tibbott, who drop-kicked a victory over the Tufts goal in the recent meeting between Princeton and Tufts, turned in the best kick of his somewhat brilliant kicking career that afternoon.

Tibbott has been a member of the Princeton team as a substitute backfield man since last season and has been used with great regularity as a drop kicker when critical periods showed up.

In the Tufts game he had made several ineffectual attempts to put over a field goal, but had failed from distances which appeared comparatively easy, with just two minutes left before time would be called. Tibbott again was called on, and delivered with a perfect drive, from the forty-six yard line sending the ball at least three feet above the crossbar. It was the longest goal he ever made.

The kick was just two yards more of a boot than one of his registered a year ago in the contest with Dartmouth.

Last year Tibbott showed up mightily well as a kicker. Besides turning in the goal in the Dartmouth game Tibbott booted two goals in the game with Syracuse which won the game, one from the forty-three yard line and one from thirty yard line. He also dropped one from the thirty-three yard line in the struggle with Rutgers.

In the Princeton-Harvard game he drop-kicked two goals, one from the thirty yard line, the second from the twenty-five. Tibbott is strictly a drop-kicker, not a single goal from placement being credited to him.

She said she shot in self defense.

COMMERCIAL CLUB LETTER

The following circular letter is being mailed by Klamath Commercial Club to voters of this county in the interest of the initiative measure for county maintenance of the club:

The Klamath Commercial Club will at the coming election ask one-quarter mill or twenty-five cents on a thousand dollars assessed valuation on the general county tax levy toward the support of this organization. This money which, with the present valuation, will amount to about \$3,700 if voted is to be expended under the supervision of the county commissioners toward the commercial and industrial development of Klamath county. This method of support is being adopted in other sections of the county as being the only fair way of dividing expenses from which benefits are derived by all.

A large part of the profits from investments in this county is well known to be made by outside speculators who buy up property and hold it untouched until, by the development and progress of residents, it is a handsome increase. There can be no doubt but that any expense by which development accomplished and values increased should be shared by all and not borne by a loyal few. Nor is there any question but that the factors necessary for a community's best interest can best be secured by a strong central working organization acting unitedly and, expressly for that purpose. The only issue in question is whether the record of the Klamath Commercial Club in the past has proved it capable of undertaking the work to be done along this line, and can point to accomplishments that have increased the welfare of Klamath county citizens.

The life of this club has been short, we admit—something over one year; but we are here to assert that it has been a busy one. Realizing that the greatest drawback to the progress of the country was lack of railway facilities, a vigorous systematic campaign was at once inaugurated for securing a northern railway outlet, furnishing the district with through line accommodations. The months of endeavor along this line have at last resulted in the Oregon, California & Eastern railway, now to be constructed by Robert E. Strahorn with which all are familiar. We believe that no one thing could be accomplished that would assure greater returns to Klamath county than the construction of this road.

A sugar beet factory, contingent upon the success of experimental crops now in the fields throughout the county, is promised Klamath the coming year, through the persevering efforts of this club.

A movement to open to settlement the Klamath Indian reservation and place its 1,800 square miles upon the tax rolls of the county has resulted in a visit of Indian Commissioner Cato Sells, who has announced that the Williamson and Sprague rivers will be reopened to logging operations and that several other unfortunate conditions of this territory are to be relieved. While this is not the result attempted, it has proved a benefit and the original purpose will be worked out from every angle until finally successful.

Several exhibits have been prepared and maintained at San Francisco and other fairs during the past year, literature published and distributed and an office maintained where all inquiries were reliably answered and strangers welcomed and looked after.

When state and federal appropriations for road improvements and other purposes are available for distribution only sections that adopt persevering and concerted action ever receive recognition. Although politically at a disadvantage, this body is working hard for a just share of several federal road appropriations soon to be distributed.

both financial and moral, of Klamath county citizens. We ask that you vote this measure at the polls in November and work with us in our efforts for a greater and better Klamath. Criticism of our work and suggestions for our activities are earnestly solicited at all times. Yours for progress, KLAMATH COMMERCIAL CLUB

HE KEPT US OUT OF THE SUFFRAGE

NATIONAL WOMEN'S PARTY ISSUES CAMPAIGN CRY IN ANSWER TO OLD STATEMENT "HE KEPT US OUT OF WAR"

CHICAGO, Nov. 1.—"Vote against Wilson! He kept us out of suffrage." This is the final call which will be sent out to the women voters of the nation by the national women's party. It is their reply to the well worn battle cry of the democrats: "He kept us out of war."

The women's party last appeal to the voting women of the West to stand by the unenfranchised Eastern women, and help them gain their just political freedom, will go forth over the land in a spectacular fashion. On Sunday night, November 5th, at a monster mass meeting in the Blackstone theater here, telephonic communication will be established with every other suffrage state. Topeka, Denver, Phoenix, Cheyenne, Salt Lake City, Reno, San Francisco, Helena, Boise, Portland and Seattle, all will be on the line.

The state chairman of the women's party in all the suffrage states will be connected by long distance telephone with Inez Mitholland Boissovain, the speaker at the Blackstone meeting, and she, talking over thousands of miles of wire, will deliver the last appeal before election day to all enfranchised women.

"Vote against Wilson! He kept us out of suffrage."

MURDERED BOY MAY BE ALIVE

DEFENSE INTIMATES IT WILL PRODUCE AT PRELIMINARY HEARING BOY SUPPOSED TO BE BARRETT'S VICTIM.

United Press Service LOS ANGELES, Nov. 1.—The defense of Benton Barrett, charged with murder of his wife and stepson, today intimated that it will produce the stepson at the preliminary hearing tomorrow.

Officers have been sent into northern California in an effort to locate the youth and bring him back. There are many reports that Mrs. Barrett and her son have been seen in northern California since the murder is supposed to have taken place.

COMB SAGE TEA INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage brewed into a easy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the sage tea and sulphur-ecipe at home, though, is troublesome. The easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 4 cents a bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application of two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.
