

Control of Congress Is at Stake This Election

Continued from Page 1

Given only the outstanding issues:

Democrats:
"Wilson kept us out of war."
A vote for republicans is a vote for war.

Wilson stands for peace with honor and prosperity.
The tariff for revenue policy has proved its entire workableness.

Republicans:
Weakness of the administration's Mexican policy.
Warning of the chaos which will come after the European war, if the democratic tariff is maintained and Europe dumps her goods here in the race for commercial supremacy.
"False prosperity" due to the European war.
The "surrender to force" indicated in passage of the Adamson eight-hour railway bill.
Broken promises by democracy as to protection of American citizens abroad; reduction of the cost of living; and as to economy and efficiency.

Of most importance, in the minds of the leaders of the two great parties, is the swing which the progressive vote of four years ago will take tomorrow.

Of the trife under 16,000,000 of popular votes cast in 1912, nearly 5,000,000 were for Roosevelt and Johnson, running on the "third ticket" under the progressive emblem. That five million of votes, delivered in one block, would be sufficient, it is conceded, to elect either Wilson or Hughes.

But leaders on both sides today pointed out that the defections of 1912 were from both parties and in the four years which have passed away many of that 5,000,000 have realigned themselves. The progressive split in June of this year, when Roosevelt sought to swing endorsement of the party he led in 1912 to Hughes, has brought claims from both republicans and democrats that the major part of the 5,000,000 votes will be with them tomorrow. Many prominent progressive leaders have endorsed Wilson; possibly a slightly larger number have endorsed Hughes. How the rank and file will vote is likely to determine the election.

The 5,000,000 of progressives is one "block" vote which has been sought after assiduously by both parties. There are two other blocks for which there has been consider-

able angling—the labor and the hyphenate vote.

Democracy expects the labor vote to be solidly lined up for Wilson and democratic policies—mainly because of President's Wilson's solution, through the Adamson law, of the threatened railroad strike. President Gompers, of the American Federation of Labor, is actively supporting the present administration. Democratic leaders also think their present slogan of prosperity will influence workmen to vote for Wilson and Marshall.

On the other hand, republican leaders are confident candidate Hughes' assault on the Adamson bill as a "surrender to force" and an abandonment of the collective principle of bargaining for which labor has so long fought, will make labor vote for the republican principles.

G. O. P. managers also think a powerful impression has been made in the "false prosperity" revelation which republican orators have so vigorously pounded home.

As to the "hyphen" vote, democratic leaders have sought to make campaign material out of the outspoken support by several "hyphenate" leaders of the republican candidates. Republican managers have steadfastly maintained complete ignorance of the attitude of the "hyphenates," and have flatly denied any agreement of any kind whatsoever with any faction or group of naturalized Americans.

One other feature of interest in the voting tomorrow will be the part which will be played by women voters.

In at least one state the women have an opportunity to decide the electoral vote of that state. In Illinois there are approximately 800,000 women registered and ready to vote for the first time on a presidential and vice-presidential candidate. In Montana a woman is running on the republican ticket for congress. In Washington and Oregon votes of feminine balloters may have a direct bearing on the way the states throw their electoral figures.

IF BACK HURTS BEGIN ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a table spoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive, and cannot injure; makes a delightful effervescent lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural rosy complexion and freedom from illnesses are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pale or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.
