

SWEDEN AND THE WAR

By WM. PHILIP SIMMS

(United Press Staff Correspondent)

STOCKHOLM, Nov. 7.—(By Mail) Despite the fact that the Queen of Sweden is German and the Crown Princess, her daughter-in-law, is English it is said they never have clashed over the war.

The Queen of Sweden, formerly Princess of Baden, has the reputation of being one of the most intelligent women in Sweden. From the start of the war she has been a center of pro-German sentiment. But the Crown Princess, formerly Princess Margaret of Connaught, is said to be the most tactful of women, and the combination of intelligence and tact has prevented rupture between mother-in-law and son's wife—a relation notoriously hard to maintain.

Rich Widow Loses a Fortune in Jewels

MRS. E. H. HARRIMAN

Mrs. E. H. Harriman, richest widow in the world, has just lost jewels worth something like \$65,000, but she is not worrying. In fact Mrs. Harriman paid so little attention to the jewels that she had not seen them since last March, and does not know how or when they were stolen. She has about \$100,000,000 left any way, and most of it is in the valuable stock of the Southern and Union Pacific railroad companies.

the "ruling classes" would scarcely admit it.

"The population of Sweden, outside the big cities," a Swedish editor remarked, "knows more about the United States than they do about any other country. And most of them know Chicago, Minneapolis, New York and other American cities better than they do Stockholm. The reason for this is plain. Many Swedes have gone to the United States. They have met with success there. They like the country. So they write home glowing accounts of the great country, the cities and towns, and tell the folks at home how this and that is done in the States. All this has a direct influence. It may not be pressing and aggressive but it is constant. Sweden is sure to become a Republic some day. Not because it wants to copy any other nation, but because the whole tendency of democracy is in that direction and Sweden, heart and soul, is democratic. I don't mean we are going to have a revolution or anything like that. Nor do I mean that we are going to become a Republic next week. We will simply evolve into a Republic, do it by vote of the people, by consent of the majority."

"For, believe me, the majority has its say in Sweden, and perhaps that is why the Queen, exceedingly intelligent though she is, and all the court officials, nobles and 'ruling classes' have not had any great influence on placing Sweden on the side of Germany. Like the United States, most Swedes do not want war. And though there was danger at one time of Sweden coming in, I believe all danger past now."

JUMP FROM BED IN MORNING AND DRINK HOT WATER

Open sluices of system each morning and wash away the poisonous, stagnant matter, says authority.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank each morning before breakfast, keeps us looking and feeling fit.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost but little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.
