Fools the Cop
United Press Service.
CHICAGO, Dec. 1.—Robert Basho is a bold, bad man. He told the police so himself, and sent them out in the cold last night, searching for bodies of men he said he had murdered. Finally the coppers woke up, and Basho's sanity will be tested to-day.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure, for it is more important to keep clean and pure on the inside than on the outside, because his skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleans, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder, and almost tasteless.—Adv.

THE LOST AMERICAN LEGION

Noted following is the third and last series of stories on the "Lost American Legion of Canada—Editor."

By J. W. PEGLER

(United Press Staff Correspondent)

SOMEWHERE ON THE ENGLISH COAST, Nov. 11.—(By Mail.)—

Wearing the king's khaki and ready to die for Britain, a legion of American troops in Canada's army, still wonder just why they "joined up."

"Why do Americans enlist?" was the question put to individuals of the legion by the United Press correspondent.

"Boiled down" to two words, their answer is, "Just because."

Captain F. H. Burr of Columbus, Ohio, for all his ready fire of talk, developed as an automobile salesman in Los Angeles, is unable to say exactly what impulse made him take the step.

He served two years in Cuba with the Seventeenth United States infantry. Burr was discovered unpacking his trunk by candle light shortly after the legions arrival in a temporary camp. Gleaming through the dancing half-light were the stars and stripes, tucked inside the tilted trunk lid.

"The exact motive will always be a mystery to me," he said, pausing in his domestic labors. "There are lots of suggestions—hatred of Germany, admiration for France, the desire to avenge Belgium, and the love of adventure. They don't exactly fit the case. Then there's the six-best-seller idea, domestic tragedies and scramble love affairs. If any man in the outfit is suffering from a cracked heart he is guarding his secret mightily well. Mix all these elements together and add the big impulse and you'll have the answer. But don't ask me about that impulse."

"The question our men are asking is not, 'Why am I here?' but 'When do we go to France?'" Ninety-five per cent have fought in the American army from China to Cuba and the remainder served with college cadet corps or state militia.

A sergeant saluted and addressed the captain.

"I'd like to have an evening's leave sir," he said.

"How much pay did you draw to-day?"

"Five dollars—I mean a pound, sir."

"Sergeant, why did you enlist?" Burr asked, abruptly.

The soldier grinned and replied: "Excuse my French, but I'm damned if I know."

He departed with an evening's leave to spend the pound in a soldier's way.

"That's A. L. Hollenback of Sparta, Wis., three years in Porto Rico with the Third Wisconsin," Burr went on.

"He and an Indian pal named Basell, from Pleasant Point, Maine, spend their leisure during the day searching for big woods. These cultivated forests don't fascinate them at all."

Major E. I. Harrington, also of Columbus, was vague about what caused him to join, but as sagely to get to the front as an English Tommy after nine months of training camp.

Harrington won his football and baseball letters at Ohio State University.
