FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifying darkening the hair after a few applications, it also brings back the gloss and lustre, and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of dandruff. Adv.

JAPAN DOES NOT LIKE ALIEN LAW

HAS CROW TO PICK WITH UNITED STATES REGARDING GENTLEMEN'S AGREEMENT AFTER THE WAR IS OVER

By RALPH H. TURNER
(United Press Staff Correspondent)

TOKIO, Dec. 12.—Japanese approval is given here today to the statement made in America by Baron Sakatani that after the war Japan would attempt to bring about a settlement of her immigration problem with the United States.

While the Japanese never have voiced the desire to break the gentlemen's agreement, they feel that it is a most unsatisfactory arrangement. With the rise of Japan's power and her world commerce, the sentiment that the American ruling is discriminatory becomes stronger. The belief that a revival of the question is inevitable is expressed by the Tokio Asahi, regarded by some persons as the leading newspaper of the capital.

"Baron Sakatani only voiced the sentiment of the Japanese nation," says the Asahi in speaking of the baron's declaration in the United States. "Why should the Japanese embassy have found it necessary to deny his statement? That the Japanese-American problem must be solved was a most representative opinion for Baron Sakatani to give."

"The gentlemen's agreement was not a fundamental solution. It was only a temporizing method. Baron Sakatani expressed the wishes of the Japanese nation that the two countries come to a perfect understanding of each other, so the issues pending may be solved satisfactory to all concerned."

HOT WATER THE BEST LIVER AND BOWEL MEDICINE

SAYS GLASS OF HOT WATER BEFORE BREAKFAST WASHES POISONS FROM SYSTEM

Physicians the world over recommend the inside bath claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.—adv
