MERMAIDS LAUGH AT A. A. U. RULES

DECLARE THEY WON'T WEAR SWIMMING COSTUMES THAT COVER ALL PARTS OF BODY FROM SHOULDER TO TOE.

By H. C. HAMILTON
(United Press Staff Correspondent)

NEW YORK, Dec. 22.—Giggles that have gone from one end of the United States—Pacific Coast to the other—were started recently when the Amateur Athletic Union, meeting in New York, decided to keep women swimmers from competing with the male of the species, and as a side issue decreed that there must be a change in the garb worn by the lady-fish.

The A. A. U. highbrows ordained it to this effect: "All women contestants in swimming events must wear bathing suits of a black texture that covers their bodies from shoulder to toe."

The giggle is still giggling, or it was at very recent reports. The mermaids absolutely refused to get excited over the advice and announced that henceforth, just the same as heretofore, they will follow their own inclinations and wear the popular one-piece kind of Annette Kellerman décolleté suits.

Several of these sprites declared, with a grin tucked in here and there, that to insist on women wearing stockings in swimming events is the funniest thing they ever heard suggested. "I'd like to take some these men, hang long stockings on them, and then make them swim races in rough water," one remarked.

The women are united in declaring that the stockings quickly become water-bags, retarding the swimmer, and making it almost impossible to race.

Another remarked: "No girl would be able to achieve good time in a suit such as the officials prescribe. The knee and foot must be free. Neither man nor woman in the water feels at home with any fabric clogging the feet and legs. If the costume is insisted upon, it will simply put an end to women racing. But I do not expect western officials to agree to such narrow-minded and unnecessary regulations."

One woman well-known as a swimmer wants to know why the A. A. U. officials didn't suggest that the women wear hats and shoes, too.

GEORGE C. BOLDT, JR.

George C. Boldt Jr., son of the late builder and manager of the Waldorf-Astoria and Bellevue-Stratford hotels in New York and Philadelphia, has become owner and manager of these great properties, and, it is believed, heir to the large fortune of \$25,000,000 or \$50,000,000 his father left. The young man has been carefully trained for his position. Though he is only 25 years of age, he has had a desk near his father's in the Waldorf-Astoria since he graduated from Cornell. He has been trained in every department of hotel work from the cellar to the manager's office.

BAKER SUPPORTS REDCROSS SEALS

NATION'S SECRETARY OF WAR WANTS HIS CHILDREN TO BECOME PARTNERS IN ANTI-TUBERCULOSIS FIGHT.

Newton D. Baker, secretary of war, is an enthusiast in the use of Red Cross Christmas Seals. A year ago, when he was still Mayor of Cleveland, he wrote to the Anti-Tuberculosis League of that city as follows:

"I enclose my check for \$1.75 for this year's Seals and also my order for Seals for 1916. No other one thing means so much to life, health and happiness of the people of Cleveland as the fight against tuberculosis. The League is offering a great privilege to the people of Cleveland in giving them this opportunity to join their forces in a great cause.

"Please send twenty-five Seals to each of my children. Address them Betty, Jack and Peggy Baker, respectively, at my house, 1851 Crawford Road. I want them each to put seals on each of their Christmas presents so that they will learn that they, too, are partners in the community burden and share the community opportunity.

"Yours very truly,
"NEYTON D. BAKER,
Mayor."

Have you bought your Red Cross Seals and shouldered thereby your share of the community burden and opportunity?

SEEKS LAW FOR WOMEN'S RIGHTS

FAMOUS JUVENILE JUDGE OF DENVER WANTS LAW ENTITLED "HORSES' RIGHT FOR WOMEN" AND MAY GET IT.

DENVER, Dec. 22.—Colorado women are completing plans today to force through the legislature next month Judge Ben Lindsey's bill providing maternity benefits, entitled, "Horses' Rights for Women." The bill, the first of its kind in this country, provides that a working woman expecting to become a mother may receive state aid for a period both before and after maternity.

"Thousands of women and girls work till within a few days of becoming mothers," Judge Lindsey said today, "and then return to work while still weak. Their health and often that of their children is permanently injured. My bill would simply provide that the state give them the same periods of rest that any wise and humane farmer gives a horse or a cow at such a time.

"At present we take better care of our cattle than we do of our mothers,

What Music Means to you

"Music, of all the arts, has the greatest influence over the emotions."

Napoleon.

"A love of the higher school of musical composition is one of the surest tests of a refined and elegant state of society."

Moore.

"Musical training is a more potent influence than any other, because rhythm and harmony find their way into the secret places of the soul."

"Music is a more lofty revelation than all wisdom and philosophy."

Beethoven.

WE WANT TO GIVE YOU A MUSICAL

We invite you to visit our store and let us prove to you that this advertisement is an understatement of the merit of the New Edison. Come at any time. There is absolutely no obligation to buy.

Marie Rappold and Albert Spalding

Photograph of a comparison between the brilliant performance of Marie Rappold and Albert Spalding in the Bach-Gounod Ave Maria and Edison's

Re-Creation of the same performance by the same artists. These two great artists are but two of the many artists who, by similar tests, have proved the infallibility of Edison's new art.

What The NEW EDISON means to you

This new invention of Edison's brings into your home the literal Re-Creation of the art of the world's great artists. The New Edison differs utterly from all talking machines, in that talking machines give only a partial reproduction of music, whereas the New Edison literally Re-Creates every voice and every kind of instrument.

Its absolute fidelity to the original has been proved hundreds of times in public by direct comparison between the living singers and instrumentalists on the one hand and Edison's new invention on the other.

Over 200,000 music lovers, and the music critics of more than 500 of America's leading newspapers,

have seen and heard these astounding tests and were positively unable to distinguish the original artist's voice or instrument from Edison's Re-Creation of it. In other words, they could not distinguish one from the other when they listened alternately to the living artists and to this wonderful Edison invention.

What will you have in your home?

You choose your piano, your furniture, your pictures and paintings with a view to getting the best you could afford.

The same discrimination will lead you inevitably to select the New Edison.

The New Edison has a greater superiority over all other kinds of

sound-reproducing instruments than any other article of merchandise possesses over other articles intended for a similar use.

The Edison is slightly more costly than an ordinary talking machine, but the difference in cost is insignificant when compared with the difference in quality.

Austrian Prince Weds Yankee Girl

Miss Catherine Britton of Washington is now the Princess Zu Hohenlohe-Schillingfurst, for on December 14th she married the prince, who was an attaché of the Austro-Hungarian embassy in Washington. It was rumored

in Washington that the Austrian government was not pleased with the intention of the prince to wed an American girl, but if that is the case it did not prevent him from following his own inclinations in that respect.

An Elaborate System

"You're managing to wake up earlier these mornings."
"Yes. I've just bought a parrot."
"Instead of an alarm clock?"
"I already had an alarm clock, but I got so I didn't pay any attention to it. Now I hang the parrot's cage in my room and put the alarm clock under it. When the alarm goes off it startles the parrot, and what that bird says would wake anybody up."—American Eey.

HIGH HEELS PUT CORNS ON TOES

TELLS WOMEN HOW TO DRY UP A CORN SO IT LIFTS OUT WITHOUT PAIN.

Modern high-heeled footwear buckles the toes and produces corns, and many of the thousands of hospital cases of infection and lockjaw are the result of woman's suicidal habit of trying to cut away these painful pests.

For little cost there can be obtained at any pharmacy a quarter of an ounce of a drug called freezone, which is sufficient to rid one's feet of every hard or soft corn or callus without the slightest danger or inconvenience.

A few drops applied directly upon the tender, aching corn stops the soreness and shortly the entire corn, root and all, lifts out. It is a sticky substance, which dries the moment it is applied, and thousands of men and women use it because the corn shrivels up and comes out without inflaming or even irritating the surrounding tissue or skin. Cut this out and try it if your corns bother you.—Paid Ad.
