STOP CATARRH! OPEN NOSTRILS AND HEAD Nose Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant anti-septic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, sniffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrhs need. It's a delight.—Adv.

Argument on Adamson Law To Be Made Today

Whether Another National Crisis Must Be Faced by People Depends on Supreme Court's Decision.

WASHINGTON, Jan. 10.—Whether the people of the United States again will face a national railroad strike crisis depends on the Supreme Court's decision as to the law's constitutionality, argument of which is being made before that tribunal here today.

The government and industrial crisis of which this law is the outgrowth is looked upon by leaders as a concrete showdown between the powers of labor and those of capital. The measure was rushed through congress last summer by President Wilson to ward off a strike of 400,000 railroad workers that would have tied up transportation in this country and gave promise of leading to conditions verging on civil war. This strike menace has not yet been obviated.

At the top of the calendar of the United States Supreme Court today was the case—No. 797: Francis M. Wilson, United States Attorney for the western district of Missouri versus Alexander New and Henry C. Ferris, receivers of the Missouri, Oklahoma

and Gulf railroad. Solicitor General Davis acted for the government. Argument of the Adamson case was begun after the court handed down its opinions for the day. Monday being decision day in the court. There was little room for spectators in the tiny Supreme Court chamber. Attorneys were anxious for legal reasons as well as out of curiosity to hear pleas of the array of lawyers appearing in the case for railroads and the government.

In the first fight before the court, railroad executives had the advantage of a favorable decision in the court below, when Judge Hook, at Kansas City, declared the law, after a brief hearing, unconstitutional. That, however, was only preliminary. In today's battle the Supreme Court will decide for all whether congress had the power to legislate wages, providing that eight hours shall constitute a day's work for railroad men, and that for work after that they shall be paid overtime premiums.

What time will be taken by the court after today to decide the case no one knows.

Ladies are expected at this meeting.

Submarine Not Floated

EUREKA, Calif., Jan. 10.—Steel cables were hitched to the U. S. submarine H-3 today preparatory to another attempt to pull her off the beach. The submarine ran aground in a fog near here three weeks ago. High tides yesterday shoved her further upon the beach. A final effort to float her will be made Thursday.

Upper Berths

The upper berth is not, primarily, a place of rest. It's a gamble. Like poker, and marriage, and storage eggs. The main idea of the upper is first, to see if you can get in it and second, to stay there till morning without breaking your neck.

The chances are \$2 apiece and 100 to 1 that you lose. If you win you pay the porter a quarter. If you lose, you pay your own funeral expenses.

Life in an upper is just as calm as life in a bathtub on a flagpole in a cyclone.

If you insist on trying to sleep in one, put your clothes to bed and hang yourself on a hook.

The only right way though is to approach it as a purely sporting proposition. Take a lot of life insurance and a long breath and make a night of it.

SHOULDN'T MARRY UNTIL 100 YEARS

KANSAS CITY, Mo., Jan. 10.—Because woman forgets to have birthdays she is wiser than man, W. Earl Flynn, health evangelist, told his followers here.

"Any man who has a birthday after he is 40 is a fool," Flynn declared. Flynn, who is 83, said the time is not far distant when men would not think of getting married until they were 100 years old.

"If a man takes care of himself, he will be a boy when he passes the century mark," the Billy Sunday of health said. "He'll at that age be old enough to get married."

DRINK HOT WATER - BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure, for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleans, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder, and almost tasteless.—Adv.
