STATE IN HANDS OF A RECEIVER RADICAL PRESIDENT OF ARGENTINE APPOINTS INTERVIEWER FOR PROVINCE IN ARGENTINE TO FORCE ACTION

BUENOS AIRES, Jan. 11.—The Argentine state of Enere Rios today is in the hands of a receiver, whose duty is not to wind up the province's affairs, but to straighten them out.

Adding Days to the Years That's what a watch will do for you, Mr. Farmer. It will keep you from wasting time—enable you to make the most of each day. You can't guess at the time without wasting it—and if you don't have a watch you've simply got to guess at the time when you are in the field. You'll find a watch a much more valuable piece of property than the actual intrinsic worth it represents. A good, thoroughly reliable, guaranteed watch in a handsome, dust-proof case—a watch which will give you the best of service at every season of the year, and at all kinds of work—costs only a small sum at Upp's. Come in the first time you are in town—make a special point of it—and look at our watches. You'll not be urged to buy. Frank M. Upp Jeweler 423 Main Street Official S. P. Watch Inspector

The Entre Rios receiver, or intervener, is Dr. Joaquin S. de Anchorena. The provincial governor is Dr. Niguel Laurencena. Dr. Laurencena is a radical, like National President Irigoyen. The Entre Rios legislature is due to elect two senators to send to the federal upper house in Buenos Aires. In joint ballot the legislature is radical by a majority of two votes. Therefore the two senators presumably will be radicals. The conservative members of the legislature do not want this to happen. Consequently they stay away from the sessions, and Governor Laurencena cannot get a quorum. After repeated attempts to overcome this difficulty the governor appealed to the president. The president placed the situation in the hands of Dr. de Anchorena, as receiver, or intervener. Federal intervention in the province is not unusual in Argentina. When president Irigoyen went into office as a radical there were many predictions that he would radicalize all the conservative states by means of intervention. This was the way in which it was prophesied President Irigoyen would do it, but there has been only one case so far.

Radium Supply Trebled DENVER, Jan. 11.—The ores of Southwestern Colorado will double or treble the world's supply of radium, according to a statement issued today by the expert at the State School of Mines at Golden. The report declares that the ore accessible in Southern Colorado and in the La Sal mountains in Utah contains nearly 200 grains of radium, or nearly three times the world's present output. The carnotite fields of Utah and Colorado already have produced about one half the world's supply of radium.

Rumanians Turned Back BERLIN, Jan. 11.—The German forces have repulsed heavy night attacks on the Macedonian front. Strong Russian attacks on the Riga front also have been turned back. It was officially announced today that the British cruiser Shannon was sunk in a mine explosion last November.
