

U. S. May Set Clocks Ahead to Save Time

Plan is to Set Clocks Ahead an Hour Making People Arise Earlier for Work and Hence Have Hour More in Evening

NEW YORK, Jan. 26.—A plan to set the clocks of the United States ahead an hour May 1st, to save daylight until September 30th, will be considered by the Daylight Saving National convention, which begins here Monday.

"This plan," said Borough President Marcus M. Marks of New York, who introduced the idea in this country, "which was so successfully tried in Europe last year, would save the United States \$7,000,000 in electrical light and fuel alone."

"This plan has been heartily endorsed by leading commercial bodies in Chicago, Pittsburg, New York, Detroit, Rochester, Cleveland and elsewhere. The plan is simply that between May 1 and September 30, when daylight comes so early, we set the clocks of the country an hour ahead. That gets the country to work an hour earlier, and permits it to quit while it is still broad daylight, thus obviating the necessity for so much artificial light."

"To this national convention the chambers of commerce and boards of trade throughout the country, governors of all states, the mayors of over 150 cities, the governor general of Canada and other Canadian representatives, the American Bankers Association, the American Railway Association, the American Federation of Labor and various other commercial and financial, labor and scientific associations have been invited to send delegates, and responses already received indicate an exceedingly large attendance.

"Such leading men as Henry P. Davison of J. P. Morgan & Co.; Otto T. Bannard, president of the New York Trust company; Frederick D. Underwood, president of the Erie railroad; Frank Trumbull, president of the Chesapeake & Ohio railroad, and Arthur Lehman of Lehman Brothers, bankers, favor its adoption in the United States.

"I call attention to the great benefits which would accrue to the general health of the working people through the added hour for recreation which would be afforded. There is a bill before congress by Represent-

tative Borland for this daylight saving plan which we hope to have made a law."

BATCHERS MAKE DOLLARS GO FAR

BATCHLORS AT STATE UNIVERSITY DEMONSTRATE COLLEGE EDUCATION NOT PROHIBITIVE TO POOR MAN

Is the cost of a college education prohibitive to a poor man?

Certainly not, say the "batchers" at the University of Oregon. The living expenses of these "batchers," including food, rent, light, water, heat, laundry and accessories are said to run from \$8 to \$15, depending on what the individual can afford.

There are now twenty-four "batchers," men and women, at Oregon University. Recently they have perfected an organization, of which Allen Rotwell, a senior majoring in literature, is president. One object of the organization is to promote fellowship and exchange of mutually helpful ideas regarding the problems of living. Another object is to circulate throughout the state information regarding living conditions and the actual cost of living at the university.

"Any person who has good health and is willing to work can get an education at Oregon," said Curtis Beach of Portland, vice president of the organization.

A committee on student living, of which Professor J. F. Boyard is chairman, is now investigating costs, ways and means, and possibilities for students wishing to come to Oregon. The committee will soon have some accurate information for publication.

Parent Reported Fallen EL PASO, Tex., Jan. 26.—A column of Villistas is marching north from Durango to reinforce General Villa. It is reported that Villistas have taken Parral, routing the Carranza garrison.

RANCH MAINTAINS A PRIVATE ARMY

PRESIDENT CARRANZA OF MEXICO PERMITS AN AMERICAN RANCH TO HAVE PRIVATE ARMY FOR OWN DEFENSE

CIUDAD JUAREZ, Mexico, Jan. 26. For the protection of the 2,000,000 acre American owned Babicora ranch permission to maintain a private "federal" army has been granted by the facto government officials. Two hundred men were armed today to defend the properties against bandit forays.

In the month the private army has been in existence they have engaged marauding bands three times, and killed or captured and turned over to Carranza authorities twenty-eight bandits. Colonel Rosario Garcia and two followers bearing messages to Villa were bagged by the Babicora army and executed here by a firing squad a few weeks ago.

John Hayes, American manager of the ranch, estimates the losses in the last twenty-four months at 25,000 head of cattle, 1,000 horses and mules, 25,000 bushels of corn and beans burned, and an equal amount confiscated or stolen, and three Americans and twenty natives slain.

STRAHORN RAILROAD HONOR ROLL

The following are the subscriptions taken to date by the Women's 1,000 Railroad Club to buy terminal grounds in Klamath Falls for the Strahorn railroad:

- Mrs. Charles E. Worden 20.00
- Mrs. Josephine Shaw 5.00
- W. M. Duncan \$20.00
- A Friend 10.00
- J. M. Lewis 5.00

Buffalo Bill's Horse in Funeral March

The most conspicuous figure in the funeral procession of Buffalo Bill in Denver was his old horse, which he had ridden for some years. This photograph shows the horse being led through the streets of Denver, where an enormous crowd turned out to do him honor, by one of the old friends of the famous scout and showman.

GLASS OF SALTS CLEANS KIDNEYS

IF YOUR BACK HURTS OF BLADDER BOTHERS YOU, DRINK LOTS OF WATER

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

KNIFE ON CORNS CAUSES LOCKJAW

TELLS HOW TO LOOSEN A TENDER CORN SO IT LIFTS OUT WITHOUT PAIN

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky substance, which dries the moment it is applied, and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.—Pd. Adv.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it, and you are assured that you will look better and feel better in every way shortly.—Adv.
