Business Organization for Forest Conservation

WASHINGTON, D. C., Jan. 29.—An amazingly large number of America's business organizations have voted favorably on the forest conservation referendum of the Chamber of Commerce of the United States, sent out several weeks ago, asking the sentiment of American business on the proposed legislation allowing American natural resources to be so controlled as to prevent undue waste of the products of the forests and mines of the nation.

The American forestry association took particular interest in this problem, and Secretary Ridsdale December 27th sent out a circular letter to various constituent bodies of the national chamber, urging their approval of the measure. He has already received over twenty letters in reply, saying that the organizations addressed had already voted in favor of the proposal before his letter was received, and in many cases the action was unanimous.

DEER BLINDED; LIGHT PUT OUT

SOUTHERN PACIFIC ORDERS ENGINEERS TO SHUT OFF HEADLIGHTS WHEN DEER ARE ON TRACK TO NOT KILL THEM

SAN FRANCISCO, Jan. 29.—To save the lives of deer seen on the railroad tracks at night, the Southern Pacific company has issued orders to its engineers to extinguish, momentarily, the headlights of locomotives. The order was issued at the request of the state fish and game commission.

The deer, it was explained, frequently use the railroad tracks in their migration at this time of year from the higher to the lower altitudes. The glare of the locomotive headlight confuses the deer, and during the past month more than a dozen have been killed by trains. It was discovered that if the light was extinguished, if only for a second, the deer jumps to safety.

COMB SAGE TEA INTO GRAY HAIR

MARKS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage brewed into a very tea, with sulphur and alcohol added, will turn gray, streaked and aged hair beautifully dark and luxuriant. Mixing the sage tea and sulphur ointment at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 9 cents a bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, as all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application of two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not attended for the cure, mitigation or prevention of disease.—Adv.

NORTHERN CITIES MUST BEAR COST

DEMOCRATIC FLOOR LEADERS DECLARE "ROTHEDS OF PREPAREDNESS AGITATION" MUST PRODUCE MONEY

WASHINGTON, D. C., Jan. 29.—Most of the taxes with which to make the United States prepared for war will be collected in the North, Representative Claude Kitchen, Democratic floor leader, declared.

Because cities like New York are "hordes of preparedness agitation, and would benefit most from preparedness appropriations," they must bear the burden, said Kitchen.

COWBOYS FIGHT THE MEXICANS

Daschunds

The daschund is a long, narrow dog that spends all its time growing in one direction.

Its face is so far from its stomach it has to hire a guide so its meals won't get lost. And it has to start eating at 3 in the afternoon to get its food to its appetite by dinner time.

The daschund is the only dog known that can stand on the front porch and sit down in the kitchen.

One half of a daschund can be coming home while the other half is still going uptown.

The daschund sags badly in the middle because it has only a few legs. The only thing that makes a daschund jealous is a centipede.

PITTSBURGH, Jan. 27.—Fire Saturday destroyed half of a downtown business block with an estimated loss of \$2,000,000.

LUMBER NEEDED FOR MORE CARS

YELLOW PINE IS ESPECIALLY IN DEMAND NOW DUE TO STEADY DEMAND FOR MATERIAL FOR NEW FREIGHT CARS

CHICAGO, Jan. 29.—Activity in the general lumber market, due to the steady demand for large quantities of material for construction of new freight cars, continues strong in consequence of the placing of numerous contracts for rolling stock by railroads in all sections of the country. There also are in prospect several large freight car orders to be placed soon.

The American Car and Foundry company is in the market for approximately 2,500,000 feet of yellow pine lumber as the result of an order received from the Gulf Coast lines for 500 box cars. American lumbermen may be able to obtain part of a contract for about 2,000,000 feet of lumber which will be required by the Eastern Car company of New Chicago, N. S., for the construction of 2,500 four-wheel box cars ordered by the Russian government.

HOBOS GATHER FOR BIG MEET

ARRIVE IN BUFFALO ON BLINDS, IN FRONT, ON DECK AND UNDERNEATH, AND ALWAYS DESPITE TRAIN CREWS

BUFFALO, Jan. 29.—In "front" and on the "blinds," on "deck" and "underneath," and always in spite of the train crews, delegates to the annual convention of the International Welfare Association began arriving here today for the opening session, scheduled for tomorrow, but still somewhat uncertain, due to the heavy non-arrival list.

For the International Welfare Association is the title under which the hoboes gather to discuss their troubles. The call for the convention was issued in the Hobo News, published by James Eads How, the millionaire bo of St. Louis.

The News is resentful of the derision in which the boes are held, and so ended the call with the statement: "Once for all, the hobo is not a tramp, nor is he a bum or a yeggman. He is the migratory, the casual and the community's eternal shame, the often unemployed worker. Economically the lowest element in our whole social system, but for all that, a man who does the hard and really necessary work for the life and well being of his fellowmen."

To prove that the boes are tractable, a pencil will be substituted for a gavel at the session. Its light rattat will be all that will be needed to call the knights of the road to order, says How.

Woman in the "Leak"

Mrs. Ruth Thomason Visconti, one of the mysterious figures in the "leak," is here shown for the first time. The photograph was taken several years ago. Her name was brought into the inquiry of the house rules committee in Washington when Thomas W. Lawson on the witness stand read a letter from her. She said she had heard a Washington newspaper man received \$5,000 for acting as go-between. Joseph P. Tammany, secretary to President Wilson, she said, profited by the "leak," but he has entered a strong denial. Mrs. Visconti, subpoenaed by the committee, promised to be present when needed.

Library Notes

The club women of Klamath Falls may be pleased to know that the General Federation of Women's Clubs magazine can be found on the table of the city library. The editorials of the number are pertinent to the questions which will interest the progressive woman everywhere.

The December number, in an editorial, says "very many do not appreciate the facilities at their command in their public libraries and their state and traveling libraries.

Mrs. Stowe, whose 12-year-old daughter, Winifred, is said by Dr. O Shea of the University of Wisconsin to know more and can do more than the average college graduate, has some fine articles starting in the December issue. The articles are called "The Natural Education."

Suggestions for a Better Babies Campaign, Serving on the Budget Plan, Scientific Household Management, and many other topics of like interest are skillfully handled.

The January number of the magazine continues Mrs. Stower's articles, which tend to stimulate the imagination.

The value of system to the up-to-date business man is marked. System was shown in the hands of a popular moving picture man of affairs in one of the local theaters lately.
