NO GERMAN SHIPS HAVE BEEN SEIZED

BREACH OF REGULATIONS DOES NOT CHANGE STATUS

Precautionary Measures Have Been Taken to Prevent Destroying of Property—Evidence Found That German Crews Were Preparing to Sink Boats at Manila and Colon, Says Secretary Baker.

WASHINGTON, D. C., Feb. 7.—Because of evidence discovered that the crews of German vessels at Manila and Colon have been planning to sink the vessels the government has taken precautionary measures to prevent the danger, Secretary Baker announced today.

No German vessels have been seized, however, and he stated that the breach of diplomatic relations has not changed the relationship of these ships to the American government. "Nor have they forfeited their rights to American hospitality," said Baker. Steps have been taken only to prevent injury of property or obstruction of harbor waters.

"GREAT HAZAN" DUE THURSDAY

SPECIAL MUSIC WILL BE FURNISHED BY PEERLESS ORCHESTRA, AND BIG TIME ASSURED AT "RAILROAD" SHOW

Thursday of this week is to be a great day for Klamath Falls. The Great Hazan will be at the opera house. He will do some wonderful magic and will perform his great mind reading stunt. You must have your mind loaded with lovely thoughts or he might have to "slap" you. Just think, if he was to read your mind, and he was to say right out what is on it!

A goodly number of the village "end men" are to be on the stage for the hypnotic act—a scream from the start. You know that some folks, when they are under the influence, can do some funny things, so you must be sure and not miss this wonderful exhibition of one of the cleverest performers on the stage today. Be sure and have your mind pure or leave it at home. Hazan gives this show free to the workers of the Strahorn railroad. When you spend your money in this show you are promoting your own prosperity.

If we have a railroad start here this year and finish next, that's better than waiting till 1957 for present "twigs" to do something for us.

Locust! Don't be a tight wad. Your life is fleeting each day. Hazan will do some marvelous things in finding lost articles, telling you of friends long lost, and, in fact, anything you want to know.

Don't miss tomorrow night at the opera house. Under the auspices of the Women's 1,000 Strahorn Club. The Peerless orchestra of this city is to furnish special music for the entertainment, and a number of choice numbers have been selected for the occasion.

Mr. and Mrs. Cary V. Loosely of Wood River Valley arrived in the city Tuesday night from Portland, where they have been spending the winter, and are on their way home.

State Rests Case; Mrs. Hobbs Takes the Stand Late Today

Expected that Hobbs Murder Trial Will Take Until End of Week Mrs. Hobbs Goes on Stand for Defense

The state rested its case in the Hobbs murder trial in the circuit court here at 1:40 this afternoon, and the court declared a recess until 2 o'clock.

This morning witnesses Messner and Magness were recalled to give evidence concerning logging contracts and the removal of a railroad track. Magness told of threats made by Hobbs over difficulties had in cutting timber.

Immediately after recess Mrs. Hobbs took the stand for the defense. It is expected that it will be Saturday before the case comes to a conclusion.

Tuesday afternoon's session was bitterly fought, on the one hand by Drake and Manning on the other. Manning resisted efforts of the state to introduce evidence relating to showing a feeling against the deceased by the defendants, and upon cross examination Drake as stubbornly objected to the most of the opposing lawyer's queries. Judge Kuykendall was finally forced to instruct both that cross examination only on the points brought out in the direct examination would be allowed.

HOUSE PASSES BIG NAVAL BILL

STRESS OF EMERGENCY LEADS TO FAVORABLE ACCEPTANCE OF REPORT FOR \$350,000,000 FOR DEFENSE

WASHINGTON, D. C., Feb. 7.—Under stress of the emergency facing this country, the house yesterday afternoon almost unanimously adopted Chairman Padgett's naval committee report appropriating additional millions of dollars for naval preparedness. The house acted as a committee of the whole, assuring the passage of the bill.

The appropriations provide for \$1,250,000 for machine guns, \$1,000,000 for anti-aircraft guns, \$5,000,000 for batteries for merchant auxiliaries and \$7,000,000 for ammunition. These appropriations, besides the regular naval bill amount to \$350,000,000.

FIREMEN WILL HAVE CLUB ROOM

COUNCILS PROVISION WILL PROVIDE MEN WITH READING AND LOUNGING ROOM, AND KEEP THEM HOME, SAYS CHIEF

The action of the city council Monday night in allowing the sum of \$125 for the firemen's rooms at the city hall will give the fire boys a club and lounging room and an additional sleeping room in the future.

The rooms on the first floor of the building heretofore designated as the city engineer's, but which has not been in use, will be utilized as a lounging, reading and club room for the men.

Chief Keith Ambrose believes the providing of such a room will tend to keep the firemen at the hall much of the time, to be on hand for emergencies.

The additional sleeping room will permit the chief, who has been forced to sleep down stairs, to sleep upstairs with the other fireboys, thus keeping the men together.

FIRST OPPOSITION TO BREAK DEVELOPS

Senator Stone Recalls Resolution Passed by Senate in Support of Wilson's Action—Said He acted Solely Within Constitutional Rights—Senator Lodge Says Party Lines Are Wiped Out

WASHINGTON, D. C., Feb. 7.—Declaring that the United States has not been a neutral; that England has persistently violated America's rights; that the United States has borne those violations as though an ally of England, and that Germany has no reason to feel friendly toward America, Senator Works of California today voiced the first opposition in the senate to the severance of German relations by President Wilson.

Senator Works admitted that Germany has violated the rights of American citizens, but protested against any movement tending toward a war with Germany for such cause.

After Works had concluded, Senator Stone recalled the resolution endorsing the break with Germany passed by the senate. He declared that the President acted solely within his constitutional rights, and the resolution had been presented so that the world might know that the senate is supporting the president.

Senator Lodge, republican, who opposed the president's efforts to establish world peace tribunal, pledged his support to the president, and declared that all party lines have been removed.

Senator Smith, Michigan, declared that to repudiate the president's stand would be a national humiliation.

WASHINGTON, D. C., Feb. 7.—President Wilson is not yet determined that he shall call an extra session of congress. The present German crises or the completion of his legislative program may force an extra session.

LONDON—The British steamers Warley, Pickering and Floridan have been submerged, it was announced today.

WASHINGTON, D. C., Feb. 7.—The house judiciary committee has agreed upon a general espionage bill, which enacts heavy penalties for spying on ships, forts, reservations, divulging defense secrets and general conspiracies. It is to be reported to the house tomorrow.

Now is a time for the exercise of sane, sober judgment on the part of the American people. During a crisis like this, agitation and excitement should be deprecated and the people preserve as far as possible a cool, normal attitude. I am particularly hopeful that the American press avoid hysteria. It is no time for jingoism.
