

# Pictures Along Route in Strahorn's Office

PORTLAND, Feb. 13.—Four hundred miles of railroad survey, reproduced through the camera's eye and printed out on paper in accurate perspective, adorn the office of Robert E. Strahorn, projector and president of the Oregon, California & Eastern Railway, 222 1/2 the Portland Journal building, the first time in the history of American railway construction that a project of such magnitude has been attempted.

Mr. Strahorn commissioned Charles Miller of Klamath Falls to do the work. The considerable expense of the pictures was borne jointly by the commercial organizations of central Oregon, by Mr. Cheney and by Mr. Strahorn. Mr. Cheney spent a month with his automobile taking Mr. Miller over the entire 400 miles of survey from Bend to Lakeview, Klamath Falls, the Surprise Valley country, Northern California and Harney county.

The resulting series of panoramic

pictures might well be placed end to end to form an accurate bird's-eye view of the entire line. Some of the pictures cover at least twenty miles in sweep, taking in the nearer objects in detail, and showing the mountains, forests and plains in far perspective.

Under direction of Chief Engineer N. H. Bogue, E. A. Skelley, chief draughtsman, has marked off on the photographs the location of the actual surveys and has designated the important landmarks for identification.

The plans for financing the Oregon, California & Eastern are going forward rapidly. Conferences are being held by Mr. Strahorn almost daily with the members of the Portland railroad committee appointed by the Chamber of Commerce to help raise a part of the necessary money here.

The panoramas are being used to show the local committeemen who have not seen the country just how the line would make gardens of waste places, open up the vast forests to use and stimulate the settlement of lands now fertile and productive, but too far from transportation to be of great utility.

One of the pictures, taken near Bend, shows probably one of the most picturesque skylines on the North American continent. Mr. Strahorn so designates it.

The south end of Summer Lake Valley, fifty miles from a railroad, is shown as a beautiful plain, and Lakeview, with Goose Lake in the background, illustrates a region now 1,082 miles by rail distant from Portland, which would be made only 402 miles distant with the Strahorn lines finished.

The lower Klamath Valley, the Surprise Valley of California, New Pine Creek, Silver Lake, the Fort Rock Valley, Duck Valley, Nevada, the great Harney Valley, Hampton Valley, the forty miles of unbroken forest traversed by the survey between Bend and Klamath Falls, Christmas Lake Valley and the Millican Valley are only a few of the many panoramic views taken on the trip.

All have been appropriately captioned, and Mr. Strahorn is taking much pride in displaying them to callers at his offices in the Northwest Bank building.

**Morse's Never-failing Seeds**

Now is the Time to Plant  
Sweet Peas, Pansies and all Morse's other Grand Prize California Seeds

On Sale by all Leading Dealers  
If your dealer does not carry Morse's seeds, write for our catalogue. Free. Your order will be promptly attended to.

# German Ambassador and Wife Leave Tomorrow

Count von Bernstorff, long German ambassador to the United States, has been given his passports, and must leave. Mme. Bernstorff recently came to the United States to join her husband. She is of American birth, but is now a German subject. They are scheduled to sail today on a Scandinavian liner.

Count von Bernstorff, long German ambassador to the United States, has been given his passports, and must leave. Mme. Bernstorff recently came to the United States to join her husband. She is of American birth, but is now a German subject. They are scheduled to sail today on a Scandinavian liner.

attended the birthday services of Abraham Lincoln Sunday evening at Klamath Falls. The names of those that went: Mr. and Mrs. G. Hilyard, Mr. and Mrs. H. M. Miller, Miss Emma Murray, Miss Lulu Odin, Miss Hazel Arant, Miss Grace Cunningham, Miss Nora Miller, Miss Ethel Mack, Roy Kineman, Eslem Coop, Emmitt Shield, Ivan and Cal Icebnice, Eary Mack, Willie Pepper, Charley Sutton, Vernie Arant and Farral Hilyard.

Most all the men and boys are out for a rabbit drive today. They meet south of the Mills farm to start on their hunt.

Mr. and Mrs. Icebnice were visitors of Mr. and Mrs. Chas. Snook yesterday. Eddie Miller visited Olton Short last week.

There will be a meeting of the farmers Wednesday evening at 7:30 o'clock. All are expected to attend.

# News Print Paper and Foodstuffs Now Probed

WASHINGTON, D. C., Feb. 13.—The federal grand jury for New York is preparing to begin an inquiry into the alleged combination in restraint of trade in the news print paper industry, the department of justice here has announced.

Attorney Bainbridge Colby and Mark Hyman have been appointed to conduct the investigation.

The president has also directed the federal trade commission to immediately investigate the high cost of foodstuffs.

# BONANZA WILL BUILD ROADWAY

WHEN THE RAILROAD REACHES DAIRY, BONANZA WILL HAVE RIGHT OF WAY AND BE READY TO LAY STEEL ON THROUGH

When the railroad reaches Dairy we predict that trains will be running into Bonanza within three days, according to J. O. Hamaker of Bonanza, who was in the city yesterday.

Bonanza plans to grade and lay the ties from Bonanza to Dairy, and when the road reaches Dairy all that will remain to be done is to lay the steel into our town. The grade is not a difficult one," he said.

A railroad will transform Bonanza into a busy city. There is room for a sawmill on the river there, which has never been known to freeze over in the thirty-odd years I have been in the county, and a box factory is in sight, also."

**A CHEAP HOME**  
Four room house and good lot in Second Hot Springs Addition for \$650. Will take \$350 cash and give long time on balance. See Chilcote at once or lose a real bargain. 13

**HEAD STUFFED FROM CATARRH OR A COLD**  
Ely's Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting! Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Ad.

**FEW FOLKS HAVE GRAY HAIR NOW**

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre, and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Ad.

# CLIP THIS OUT MAY COME HANDY

**TELLS HOW TO TAKE SORENESS FROM A CORN AND LIFT IT RIGHT OUT**

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freestone can be obtained at little cost from the drug store, but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of this on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky, but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.—Adv.

# SAYS WE BECOME CRANKS ON HOT WATER DRINKING

**HOPES EVERY MAN AND WOMAN ADOPTS THIS SPLENDID MORNING HABIT**

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness?

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, neurotic-looking souls with pasty, muddy complexions we would see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out the stomach, liver, kidneys and bowels of the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing, sweetening and freshening effect upon the system.—Adv.

# What makes Fatimas comfortable?

**YOU'VE** probably noticed that rather "oily heaviness" so common to many of even the most expensive cigarettes. That's bound to exist, no matter how good the tobaccos, if the tobaccos are not blended just right to correct it.

Of course, such cigarettes can never be comfortable.

Fatimas, on the other hand, are comfortable. The milder tobaccos

in their Turkish blend are in such perfect balance with the richer, fuller-flavored leaves as to entirely offset all of that "oily heaviness" which makes so many other cigarettes uncomfortable.

With your first package of Fatimas you'll realize how genuinely comfortable a cigarette can be.
