IF KIDNEYS ACT BAD TAKE SALTS

TAKE A GLASS OF SALTS IF YOUR BACK HURTS OR BLADDER TROUBLES YOU

No man or woman who eats meat regular can make a mistake by using

ing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become over worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

A MIGHTY good doctor says to me once: "When it comes to curin' folks, Nature is the real M. D.—I'm only her assistant." That's the way I feel about curin' tobacco.

Scat! I'm saving this for VELVET!

MOTHER NATURE Protects Your Tobacco IF You Smoke VELVET

She sees to it that Velvet's mellowness and aroma are not created by artificial methods, but by her very own. That is—

A complete natural curing for two years, during which time the tobacco remains, untouched, in its original wooden hogheads. At the end of two years it is made into Velvet and is as smooth as its name implies.

Men have tried—and will try—to beat this method by quick curing or artificial processes, but Mother Nature's way—the Velvet way—remains the very best.

It costs us more money to prepare Velvet in this way—it will cost you only 10 cents to *prepare* Velvet, at the first store you come to!
