Two of U. S. Ships Were Returning Empty

WASHINGTON, D. C., March 20.—With the announcement of the ruthless destruction of three unarmed American merchant ships by submarines, it was unofficially admitted here that virtually a state of war exists between the United States and Germany. One step the president is contemplating is a call for an immediate session of congress to hear an address asking for authority to adopt aggressive measures against the submarine menace. Already American ships are being armed to defend themselves. The next move must be to send war ships with orders to seek out submarines and clear the trans-Atlantic lanes.

PUT CREAM IN NOSE AND STOP CATARRH

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, sneezing, mucous discharges or dryness; no struggling for breath at night. Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed up and miserable.—Adv.

FIRST SNOWBALLS AT SEAL BEACH

SEAL BEACH, Calif., March 20.—The first shipment of snowballs for the Seal Beach Chamber of Commerce dance has arrived from Chicago. They were immediately stored in the refrigerating plants, where they will retain their rotundity and solidity until March 27th, when they will be the "ammunition" in snow battles scheduled to take place in the dance hall. A peculiar feature of the snowballs is that they have been "treated" in such a manner that they are guaranteed to hurt nobody's clothing or feelings.

KNIFE ON CORNS CAUSES LOCKJAW

TELLS HOW TO LOOSEN A TENDER CORN SO IT LIFTS OUT WITHOUT PAIN

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezeone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a sticky substance, which dries the moment it is applied, and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.—Adv.

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR TO BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE. Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound", which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

A big new discovery in cigarette blending

The big thing about Chesterfields is their unique blend. The Chesterfield blend is an entirely new combination of tobaccos. This blend is the most important new development in cigarette making in 20 years.

As a result, Chesterfields produce a totally new kind of cigarette enjoyment—they satisfy! Just like a "bite" before bedtime satisfies when you're hungry.

But with all that, Chesterfields are MILD, too!

This new enjoyment (satisfy, yet mild) comes ONLY in Chesterfields because no cigarette makes can copy the Chesterfield blend.
