## DESCRIBE PROPER RESPECT FOR FLAG

SERIES OF RULES IS PREPARED BY THE UNITED SPANISH WAR VETERANS WITH RESPECT TO TREATMENT OF "OLD GLORY"

Patriotic treatment of the American flag is suggested in a series of rules prepared by the United States Spanish War veterans of Portland, who recently offered a resolution to President Wilson, assuring him of their loyal support. The suggestions by the veterans follow:

The flag should not be hoisted before sunrise, nor allowed to remain up after sunset.

When the national colors are passing on parade or review, the spectators should, if walking, halt, and if sitting, rise and stand at attention and uncovered.

When the flag is flown at half staff, as a sign of mourning, it should be hoisted at full staff at the conclusion of the funeral.

At placing the flag at half staff it first should be hoisted to the top of the staff and then lowered to position, and preliminary to lowering to half staff it should be raised to the top.

On Memorial Day, May 30, the flag should fly at half staff from sunrise until noon, and full staff from noon until sunset.

Flags whipping themselves to pieces on buildings is a sight decried by the veterans and they also call attention to the sometimes flagrant use of the flag for advertising purposes.

It is also suggested that individuals, bands and orchestras should eliminate medleys in which the national airs are contained and should play such airs individually. Theater managers are asked not to allow acts to use the flag for purposes which cheapen it or use it for any but a patriotic demonstration.

## Klamath County News

**Return Home**  
MT. LAKE, March 21.—Mrs. T. N. Case and son, Kenneth, returned from Hollywood, Calif., Saturday, after several months visit there. Miss Hatch, Mrs. Case's sister came with them to spend the summer.

**To Teach at Mt. Lake**  
MT. LAKE, March 21.—Dick Hanson, who now teaches the Fairview school, will teach at Mt. Lake next year.

**Judge Griffith Doctor**  
MT. LAKE, March 21.—Everett and Clyde Griffith spent Sunday night and Monday in town with their father, Judge Griffith. They report Mr. Griffith as better, and his many friends of Mt. Lake wish him a speedy recovery.

**Merri Men Visit**  
MT. LAKE, March 21.—Mr. Swan of the Merrill section was a Mt. Lake visitor Sunday.

**Embroidery Club to Meet**  
MT. LAKE, March 21.—The Embroidery Club will meet with Mrs. Chas. Letts on Thursday.

**Preacher Sunday**  
MT. LAKE, March 21.—Elder Cheyne preached at the Mt. Lake church last Sunday. He leaves soon for Washington.

**Mt. Lake Personal**  
MT. LAKE, March 21.—Mrs. Low is visiting Mrs. Herb Phillips. C. N. Snow was in town Tuesday. L. A. West was a Klamath visitor Monday. Mr. Trelore and sister called on Mr. and Mrs. Snow Saturday.

Residence phone 228-B.

## Army Officers Now Busy at San Diego Aviation School

Colonel W. A. Glassford, commander of the United States army aviation school at North Island, near San Diego, Calif., and his executive officer, Colonel W. L. Kenly, have become very busy since United States broke with Germany. They have plans to turn out about 200 aviators a year, but in case of hostilities this number would have to be increased many fold. The scene shows army aeroplanes on the practice field at the school.

## RAILROADS AND MEN DISAGREE

COMPANIES CLAIM GOVERNMENT NOW HAS RIGHT TO PREVENT STRIKES IN THE FUTURE, AND THE MEN SAY "NOT SO."

NEW YORK, March 21.—The Adamson law decision established the right of the government to prevent strikes, a statement given out by the railroads contends.

The brotherhoods take an opposite view of this contention. The switchmen brotherhood recently awarded increased pay, will be taken care of at the expiration of their present contract, the railroad managers announce.

## POTATOE SURVEY IS BEGUN BY SCHOOL OF COMMERCE

UNIVERSITY OF OREGON, Eugene, March 21.—Allan C. Hopkins of the school of commerce, has been commissioned by the United States department of agriculture to conduct a survey of the potato industry in Oregon.

Mr. Hopkins has already begun work, and expects to occupy about three weeks in making the survey. He will collect information regarding the acreage, yield, price and exports of Oregon potatoes.

In making this investigation, which is to be the most complete of its kind yet undertaken in this state, Mr. Hopkins is soliciting the co-operation of the farmers' organizations, granges, shippers, market masters and all connected in any way with the production and marketing of potatoes.

## MEDAL UP FOR HIGH STUDENTS

PEACE ESSAYS ON "THE INFLUENCE OF THE UNITED STATES IN A PLAN FOR PERMANENT PEACE" TO BE WRITTEN

UNIVERSITY OF OREGON, Eugene, March 21.—High school students of the state of Oregon have an opportunity to compete in the gold medal essay contest to be held this spring under the direction of the American School Peace League, of which William H. Taft is president.

At the invitation of Mrs. Fannie Fern Andrews of Boston, secretary of the Peace League, the extension division of the University of Oregon, through the Oregon High School Debating League, will handle the details of the contest. These competitions are a feature of the work of the American School Peace League, and are given each year in the state where the National Education Association happens to hold its sessions. Under the rules of the contest, all high school pupils are eligible to compete.

The subject selected for this year is, "The Influence of the United States in a Plan for Permanent Peace." The Oregon High School Debating League will name the committee of judges, and will select from the best essays submitted, one by each school, the three most meritorious. The authors of these three will deliver their essays at Portland during the meeting of the National Education Association, July 7-14. In picking the winner at each school, authorities will take into consideration the oratorical ability of the writer, as well as the content of the paper. The essays must be finished by May 25.

Special attention given to property of non-residents. Chillicothe, 628 Main street. 20

## FIGHT RABIES IN SHASTA COUNTY

U. S. BIOLOGICAL SURVEY HELPING THE RANCHERS TO RID THE COUNTY OF THE DISEASED ANIMALS

REDDING, Calif., March 21.—War has been declared on the coyotes of Shasta county and the United States biological survey has taken a hand as an ally of the Shasta county ranchers.

The Shasta Chamber of Commerce has been notified that a representative of the survey will be sent to Shasta county to work out the details of a campaign against coyotes. Of late rabies has been prevalent among these animals, and the danger not only to stock, but to men as well, has been great.

## Examine 4000 Cops

Dr. Eugene Lyman Fisk, medical director of the Life Extension Institute, which has former President Taft for chairman of its board of directors, has undertaken the task of examining 4,000 members of the Benevolent Association of the Philadelphia police force under a contract with the Ethna Life Insurance company, which has issued a "group policy" amounting to about \$5,000,000 on these men. Physicians under Dr. Fisk's directions are now examining the policemen, who are to be advised individually of the laws of hygiene and food. The company has decided it good business policy to have these policy holders live as long as possible. Dr. Fisk will show them the laws of health which may add years to their lives.

**Taft Arrives at Richmond**  
RICHMOND, Va., March 21.—Former President William Howard Taft arrived here today for the first speech in his "Paul Revere" tour of the South and West, to arouse the spirit of patriotism and preparedness in those sections. Dr. Taft will go from here to Greensboro, N. C. He will work his way south and west to Oklahoma City, where he closes his tour, the last of this month, returning east April 1st.

## Your Family Physician

LET US BE YOUR FAMILY DRUGGISTS

## Underwood's Pharmacy

KLAMATH FALLS OREGON  
WHERE PARTICULAR PEOPLE BUY THEIR DRUGS

May have his thought and care controlled by the carelessness of a druggist who fills his prescriptions or by the use of drugs that are not full strength. Prescription work at our store is done by competent registered pharmacists who use scientific methods. A complete stock of pure, fresh prescription drugs is always on hand.

## U. S. WILL NOT HELP STOP WAR

MEXICAN PLAN SUGGESTED BY CARRANZA TURNED DOWN. CARRANZA HAS NOT EXPLAINED HIS POSITION

WASHINGTON, D. C., March 21.—The president's note to President Carranza of Mexico, rejecting the proposal to the United States to attempt to bring peace in Europe, was given out yesterday for publication.

The note says that America cannot co-operate, but does not want Mexico to feel "any inability to act at the present state of affairs to militate against their attainment of high ideals."

The note refuses to place an embargo on arms to all belligerents, as suggested by Mexico, saying that the allies' control of the sea is all that prevents Germany from buying munitions in America as the allies do.

The note refers to the German-Mexican-Japanese plot, in which Carranza was said to be in sympathy with, and states that Carranza has not disavowed the accusation.

## STATE AUTHORIZES SISKIYOU WORK

FAMOUS GRADE TO BE FURTHER IMPROVED AND INNER HALF OF ROAD TO BE PAVED WITH \$50,000 APPROPRIATION

Fifty-nine thousand dollars is available for further construction work upon the Siskiyou grade, and the state highway commission in a meeting at Portland authorized early prosecution of the work on the Siskiyou highway, says the Ashland Tidings. Work will be started as soon as weather conditions permit, which will not be for at least a month yet.

At present the highway is graded from the foot of the mountain, seven miles east of Ashland, to the California line, and the road in California is graded on through to Yreka. From Barron's ranch to Steinman an eight foot cement pavement has been laid, and this will probably be extended to the summit.

Last fall the outer half of the road was paved with crushed rock and topped off with fine rock from the summit toward Ashland, and several miles finished before bad weather ended the work for the winter. The inner half of this road will be paved. With almost \$60,000 available, good progress should be made this year.

**FURNISHED HOME**  
Good four room house, well furnished; big lot; good location. It's a real bargain at \$1,100. Some terms. You'll have to hurry if you want it. Chillicothe, 628 Main street. 20

## Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Soaps and inside bath, before breakfast help us look and feel clean, sweet, fresh.

Sparkling and vivacious—bright, alert—a good, clear skin and a natural, rosy, healthy complexion assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath what a gratifying change would take place. Instead of the thousands of sallow, anemic looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "sallow faces" and pessimists, we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it to wash the stomach, liver, kidneys and bowels of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, indigestion, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the druggist, which will cost but a trifle, but is sufficient to demonstrate the quick and reasonable awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.

## Under New Management

We announce to the public that we have taken over the O. K. Livery, and will guarantee the best of service to all old and new patrons.

**O. K. Livery & Feed Stable**  
MORLEY BROS., Proprietors

## WOOD

Just phone 187 and ask for Pop. You. He is the man who can solve your wood problem for you.

**Klamath Fuel Co.**

## With the World Before Him

Every man has his chance. Penalties serve as capital for men with determination and—Thrift. Man must deny himself at one end of life—at youth, or in age. It is for him to choose between systematic saving now, or the hardships attending improvidence later. \$1 starts an account now.

**FIRST STATE & SAVINGS BANK**  
KLAMATH FALLS, OREGON

## DANCE March 31 Gray's Hall

**Betsy Ray Miles**  
Betsy Ray Miles, aged 4 years, was examined by the Life Extension Institute, which has former President Taft for chairman of its board of directors, and she was found to be a perfect child. She was rated AA, which means 100 per cent.  
Betsy is 3 feet 3 inches tall, weighs 33 pounds, has a chest measurement of 20 inches and a waist measurement of 16 1/2 inches. She has a good disposition and an even temper, due to good health. She weighed eight pounds at birth. Her father is Homer Miles and her mother Helen Ray Miles, both well known on the stage.
