OUCH! PAIN, PAIN, RUB RHEUMATIC ACHING JOINTS

RUB STIFFNESS AWAY WITH SMALL TRIAL BOTTLE OF OLD, PENETRATING "ST. JACOB'S OIL"

Ab! Pain is gone! Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacob's Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacob's Oil" is a harmless backache, lumbago and sciatic cure which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous "stitches." In a moment you will forget that you ever had a weak back because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest, "St. Jacob's Oil" from your druggist, now and get this lasting relief.—Adv.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, and almost every morning to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes, all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

CITY OF BEND CONSIDERS ISSUING RAILROAD BONDS

CHAMBER OF COMMERCE TAKES ANOTHER WEEK AND WILL CONFER WITH LABOR COUNCIL, WHICH IS SAID TO FAVOR VOTE AND CAN SWING IT

Although scheduled to give a report tomorrow on the advisability of bonding the city for \$100,000 to insure construction of the Strahorn railroad from Bend, the special committee appointed to investigate the matter will be compelled to ask for another week's extension of time, C. S. Hudson, chairman of the committee, recently stated, says the Bend Bulletin. Investigation of new phases of the question will necessitate the delay, he said. The exact nature of the new points at issue, Mr. Hudson was not prepared to divulge.

In regard to a meeting with a committee of the Central Labor, Trades and Farm Council, in connection with the bond issue, Mr. Hudson stated that the Commercial club committee would be glad to discuss the question, as soon as the labor committee makes known its wish for a gathering.

In addition to discussion of the bond issue at the Commercial club recently it was expected that local road matters would be brought up.

Desiring to come into closer touch with the Commercial club work in regard to the proposed \$100,000 city bond issue for the Strahorn railway, a special committee representing the Central Labor Trades and Farm Council will meet with the Commercial club committee next week, before the final report is given at the Commercial club luncheon on Wednesday. This was decided on last night at the regular meeting of the council, when Harry Pearson, A. E. Edwards and H. Hall were named to confer with the boosters' committee and come to an understanding in regard to the relation of local labor with the proposed railroad.

Can Swing Election

While it is understood that labor in Bend is generally favorable to the voting of \$100,000 bonds to insure Strahorn construction, instructions are still to be given, and it is claimed that a solid union vote can swing the election either way. One of the chief points which the council's committee will ask to have settled, is in regard to the labor supply. They contend that labor for the construction of the road from Bend should be drawn from Bend and the vicinity, rather than bringing in crews of workmen from other parts of the state and the United States. They will ask that local men be given the preference.

Other questions of minor importance, it is understood, will be brought up when the labor committee and the Commercial club members who are investigating public opinion on the subject get together.

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers

made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture, improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Weyth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By moving the gray hair disappears; but what delights the ladies with Weyth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Weyth's Sage and Sulphur Compound is a delightful toilet requisite, so impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Adv.
