UNUSUAL WINTER CAUSES BIG LOSS

EASTERN OREGON, WASHINGTON AND IDAHO FARMERS FORCED TO RE-SEED MANY ACRES OF WHEAT LAND OWING TO SNOW

PENDLETON, Ore., April 2.—Unusual weather of the last winter has cost the wheat growers of the inland empire many thousands of dollars.

Seventy-five per cent of the farmers of eastern Oregon, eastern Washington and Idaho must re-seed their wheat fields owing to the lack of snow during the winter and the high wind of a week ago, which actually blew the seed from the ground.

With wheat selling at more than \$1.50 a bushel, the loss to the farmers who must plant their crops a second time is easily seen. In Umatilla county alone thousands of acres are being re-seeded now.

The ground in many places is baked and hard. Club varieties of wheat are said to have suffered most.

INDIVIDUALITY IN CLOTHES

Men with individuality like to have their clothes a little different from the ordinary fellow. The Kuppenheimer Company specializes on this point. Their clothes have style touches far in advance of most manufacturers. If you wish to stand out from the crowd and get away from the commonplace and ordinary, and yet not be conspicuously dressed, come to us for your Easter suit. When you make your "annual visit" to church you surely want a new suit. We have dozens of them your size waiting your inspection. If you are a little fussy and particular about your clothes, you are the man we are looking for. If we cannot please you we don't want you to buy. That is our fault, not yours. Kindly give us the opportunity of trying.

IRWIN AND HENRY ON STAND TODAY

HOBBS MURDER CASE STARTS THIS MORNING AND EXAMINATION OF WITNESSES PROCEEDING IN THE CIRCUIT COURT

The examination of witnesses in the Hobbs murder case for the death of Ed Way opened this morning in the circuit court, which is now having its second trial following the failure of the first jury to arrive at a verdict.

John Irwin, ex-district attorney, who was in office at the time of the death of Way, was on the stand this morning to tell of his conversation with the Hobbs' and evidence he found. E. B. Henry, county surveyor, who made a plat following the shooting, was also on the stand, largely repeating their testimony given on the first trial. These two witnesses were dispensed with before noon.

The case resumed this afternoon. District Attorney Duncan said that the trial would probably not last as long this time, as they expected to get down to facts.

STUDENTS JOIN ARMY; GET CREDIT

O. A. C. PROVIDES METHOD OF MAKING UP CLASS WORK LOST WHILE MEMBERS ARE FIGHTING FOR OUR NATION'S CAUSE

OREGON AGRICULTURAL COLLEGE, Corvallis, April 2.—No scolding obstacles will be allowed to prevent enlistment for military service at the Oregon Agricultural College. A faculty ruling has been made that will either give credit for work unfinished because of entering the service before the end of the present semester, or provide means of making up the uncompleted work.

Candidates for graduation in June, 1917, who withdraw from college for United States military service will receive full credit for the second semester's work in all subjects in which they are maintaining a passing grade.

All other students will either receive credit for the unfinished work of the semester or be given an "incomplete" in subjects necessary to required subjects.

When students with incompletes return to college they will be provided with special instruction to enable them to remove the incomplete grade.

Sixty-five Graduate in Montana

MISBOULA, Mont., April 2.—More than sixty-five students at the University of Montana will receive degrees at the commencement in June. This is a slight increase over the number of graduates last year, when forty-two received diplomas.

SCHOOL FAIR BODY ORGANIZED

LIST OF OFFICERS COMPLETED AND PERMANENT COMMITTEE CHAIRMAN APPOINTED—IT IS PLANNED TO HOLD ONE FAIR

The Klamath County School Fair Association completed its organization at a meeting held at the Klamath Commercial Clubroom Saturday afternoon with the election of officers and the appointment of permanent committee chairman for the various branches of work.

It is the association's plan to hold one general school fair in the "Basin" and perhaps auxiliary fairs in outlying parts of the county should it be impossible for those districts to exhibit at the general fair. This will be settled later by those interested.

The officers of the association chosen are: C. D. Chorpent, president; A. L. Marshall, vice-president; Miss Edna Wells, secretary; Will Esell, assistant secretary; M. B. Ford, treasurer, and J. C. Wright, assistant treasurer.

The permanent committee chairmen appointed were: Frank Stewart, ways and means committee; Miss Edna Wells, membership; R. K. Hanson, publicity; Miss Anna Hansen, library program, and Fred Peterson, athletic program.
