**BE PRETTY! TURN GRAY HAIR DARK**

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, gray or streaked. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and strict.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

**CREAM FOR CATARRH OPENS UP NOSTRILS**  
Tells How To Get Quick Relief From Head-Colds. No Stomach!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffing, blowing, sneezing, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just free. Don't stay stuffed-up with a cold or nasty catarrh—relief comes so quickly.—Adv.

Willys-Knights	Four Touring . \$1225
	Four Coupe . . \$1425
	Four Sedan . . \$1625
	Four Limousine \$1825
	Eight Touring . \$1925

The Overland Big Four continues the famous 35 horsepower Overland which made this institution the second largest automobile concern in the world—in eight years.

It is the same comfortable, roomy, powerful, rugged car that for years has outsold all cars which now sell for more than \$400.

Its brand new body design makes it more attractive than ever.

The wheelbase is 112 inches and it has long 48 inch cantilever rear springs.

We believe it is the most comfortable, the easiest riding car to be had for the price—\$850.

It is as clearly as ever the excess value car of its class.

And the Overland Light Six is likewise the excess value car of its kind.

Most of the body and chassis parts of the Light Six are the same as those of the Big Four.

So the Six shares directly in the economies of the combined production of fours and sixes.

These cars exemplify with great clearness the excess values made possible through the economies effected by our huge production of the most comprehensive line of cars ever built by any one producer.

Ask us to show you the Big Four and the Light Six.

### Moving Pictures

The Famous Players-Paramount production, "The Daughter of MacGregor," represents a wide range of activity upon the part of Valentine Grant, who is being featured in the production, and Sidney Olcott, who directed it. During the course of this production the company has traveled from the Canadian border to Florida.

In Florida there were staged the scenes which take place in an American lumber camp and on the Canadian line there were enacted those portions of the picture which occur in Scotland. Olcott found an ideal Scotch settlement for this part of the picture up near the Canadian border and as the script called for a southern lumber camp he proceeded to go as far south as he could in order to get as big a contrast in the atmosphere as possible. At the Star theater Sunday.

I have the exclusive sale of many of the best farms and ranches in the Klamath Basin, Chicago. 23
