THE FLAG

Hats off!
Along the street there comes
A blare of bugles, a ruffle of drums,
A flash of color beneath the sky;
Hats off!
The flag is passing by!
Blue and crimson and white it shines,
Over the steel-tipped, ordered lines.
Hats off!
The colors before us fly:
But more than the flag is passing by.
Sea fights and land fights, grim and great,
Fought to make and save the state;
Weary marches and sinking ships;
Cheer of victory on dying lips.
Days of plenty and years of peace;
March of a strong land's swift increase;
Equal justice, right and law,
Stately honor and reverend awe;
Sign of a nation, great and strong
Toward her people from foreign wrong;
Pride and glory and honor—all
Live in the colors to stand or fall.
Hats off!
Along the street there comes
A blare of bugles, a ruffle of drums;
And loyal hearts are beating high.
Hats off!
The flag is passing by!

How Theodore Roosevelt Caused the War in Europe

When former President Roosevelt the enormous German army. went to Europe after he had served seven years in Washington, Kaiser Wilhelm invited him to a review of "If I had an army like that I could conquer the world," said the ex-president to the emperor. That is when the photographer snapped them as shown in this photograph. Gossip has it now that the remark of the American put into the Kaiser's head the idea which bore fruit in the greatest war of history.

WOMEN! IT'S MAGIC!
CORNS SHRIVEL AND
LIFT OUT—NO PAIN!

For a few cents you can get a small bottle of the magic drug freestone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freestone. Apply a few drops upon a tender, aching corn and instantly, yes immediately, all soreness disappears and shortly you will find the corn so loose that you lift it out, root and all, with the fingers.

Just think! Not one bit of pain before applying freestone or afterwards. It doesn't even irritate the surrounding cuticle. Hard corns, soft corns or corns between the toes, also hardened calluses on bottom of feet just seem to shrivel up and fall off without hurting a particle. It is almost magical. It is a compound made from ether, says a well known druggist here, and the genuine has a yellow label.—Adv.
